THE MONCTON POLLING BOOTHS.

The following despatch was received shortly before going to press this morning from Moncton.

"Great indignation caused here yesterday by news that Killam-McQueen party have located two of the Moncton polling places in bar-rooms run by their own supporters. The two others in rooms directly opposite, at Partition barroom. The changes were made at the last moment at the request of the Moncton committee meeting for Killam and McQueen. This move is likely to change a lot of independent votes."

The Opposition Meetings.

The meetings in favor of Powell and Stevens in different parts of the County have been enthusiastic and successful. On Friday evening a good meeting was held at Midgie. Mr. Powell spoke of the general issues of the day; the financial condition of affairs at Fredericton and the stumpage. He had the attention of the audience to the close. Mr. Frank B. Black spoke of the workings of the stock farm. How it was costing \$3000 per year for maintenance, while the proceeds amounted to but \$700. He also spoke of the Northumberland deal. There was no need of reducing the stumpage on crown lands. The N. B. Trading Co., whose 1 mile were adjoining the crownlands received \$15.00 to \$17.5 per thousand. His address was a telling one and was loudly applauded.

The meeting at Baie Verte was also a success and great confidence was felt in the return of the opposition candidates.
