

## CHURCHES ON HOT SUNDAY.

City Pulpits Occupied by Divines From Other Places.

Rev. C. Stewart, of Winnipeg, In MacNab St Church.

Minister From Scotland In St. John—Other Services.

Rev. Charles Stewart, M. A., of St. Paul's Presbyterian Church, Winnipeg, occupied the pulpit in MacNab Street Presbyterian Church last evening, and preached an excellent sermon from Matthew xxv. 43: "He trusted in God; let Him deliver him now," to the united congregations of St. Paul's and MacNab Street Churches. He said the text was the challenge of an unbelieving world to-day, but Christianity is defended by a mighty bulwark of truth and will stand unshaken when it is put to a concrete test. What the challenge is to-day it has always been. Many demand that God should come in a more spectacular manner to relieve His people. God can deliver from whatever evil will, but He does not do it in the spectacular way.

In conclusion he said that there were men who had died with a stoical indifference. No man ever died as the Son of God did, and every Christian should strive to be like Him.

During the offertory Miss M. McCoy very beautifully sang "The Publican."

AT KNOWN CHURCH.

Rev. W. L. Williams, of Chalmers' Church, Elora, conducted the services at Knox Church yesterday. At the evening service he chose his text from II. Cor.inthians, ix. 15: "Thanks be unto God, for the unsearchable gift." The Apostle in writing to the Corinthians was impressed with the necessity of exhorting them to Christian charity.

The life Christ lived, the influence He brought to bear on men's lives and His work of redemption was the "unsearchable gift." As we read Christ's life and follow Him in the mighty acts He did we must necessarily conclude that He stands absolutely unique, and the only way His uniqueness can be explained is by His divinity and incarnation. The world to-day is richer because the great master minds have opened up the great hidden treasures of nature. We value the great philosophers, who have brought to light much spiritual truth and stimulated the spirit of research, but we respect most those like Moses, who have opened up to man the truth of God. Jesus Christ stands supreme in revealing to men the thought of the spiritual world and the possibilities that lie therein. He brought to the world for the first time the idea of the fatherhood of God. His forgiveness and the peace He gives. Christ brought life into the world at a time of weariness and despair. When there seemed to be no sun in the world and people felt almost overwhelmed Jesus Christ brought hope and gladness. He who feels that this is the "unsearchable gift," and has received it into his heart, is a man whom the world must honor and admire. After having received it he feels it his duty to impart it to his fellowman, and like Christ, to bring brightness, hope and joy where it did not exist before.

JAMES STREET BAPTIST CHURCH.

A large number of the members and adherents of James Street Baptist Church attended the services yesterday to hear the sermons by Rev. E. Hooper, M. A. In the morning Mr. Hooper spoke of the writings of John and his gospel. He said John spoke of Jesus as the son of God and also as the word. John said all who believe in him have life. He speaks of the life as eternal so that the difference between this life and the other may be understood. His gospel says simply and briefly how Jesus died for the sins of all and rose again, according to the scriptures. The testimony of John was a remarkable one because it was so hard to bring out. God is like a rock in the sea and unless persons who are being lost can reach it they are hopelessly lost; therefore every Christian should realize the part they should take in turning a drifting soul to the rock which is Jesus Christ. The end of this life is death, but if born in Jesus Christ the reward is life eternal. Some sinners are allowed to drift and drift without a word of warning from the Christians with whom they come in contact day by day.

A SCOTTISH PREACHER.

On account of the warm weather yesterday the attendance last night at St. John Presbyterian Church was not very large, but those who did attend heard a very interesting and impressive sermon by Mr. James Smith, of Tillamook, Scotland. In the evening he selected for his text, "Jesus said, if any man thirst let him come unto Me and I will give him living water, and he shall thirst no more." Mr. Smith said that Jesus uttered those words on the last day of a great anniversary. People had gathered from all over ready to depart. A large number of them cried out that they were not satisfied, and Jesus stepped out into the midst of them and uttered the words which to the meek and to much and which should mean a great deal to all. Such an utterance from any other person but Jesus would not have been taken notice of, and the person who made such a statement would have been looked upon as of unsound mind. To the people who were assembled and were about to depart such an utterance from Jesus meant a great deal, for although they had been seeking rest for their souls they had been unable to find it. When Jesus saw the people crying out he had compassion on them. A person may have sympathy for a brother in distress, but Jesus sympathy went farther. He alone can fully take away anything that causes trouble to the suffering ones. In closing he advised all who were without Christ to seek the salvation He offers and those who are thirsty may obtain of the living waters.

VESEL ASHORE.

Four Masted Schooner Aground on Pasque Isle.

Pasque Isle, Mass., Aug. 9.—The four-masted schooner Maud B. Krum, Philadelphia, for an eastern port, with coal, grounded early to-day near what is known as the graveyard on this island. The weather was very thick, and the crew of seven men had some difficulty in reaching the shore.

At daylight the big waves were rolling in at the mouth of Vineyard Sound and battering heavily against the strand.

## TO HOLD UP THE FUNERAL.

Hamilton Relative Asked Toronto Authorities to Act.

Chief of Police Regan, of Buffalo, on Saturday night sent a telegram to Chief Grassett, of Toronto, asking him to delay the burial of Mrs. W. H. Hodson, wife of Dr. W. H. Hodson, of Buffalo, who died in Buffalo last Friday and whose body was sent to Toronto for interment. An investigation of the woman's death was begun by the Buffalo police at the request of Mrs. Milton Louden, of this city, a cousin of the dead woman, who thought there were circumstances that needed some explanation.

The Toronto police at once looked into the matter. The inquiry revealed nothing that would warrant the authorities in delaying the interment and the Buffalo police were so notified. It appears that Dr. Hodson wanted to get the remains of his wife to Toronto as soon as possible and that his haste aroused absolutely unfounded suspicions.

The investigation in Toronto, however, showed beyond doubt, that death was due to heart failure, six prominent physicians having examined the deceased, all agreeing on the cause of death.

A Buffalo despatch says: Mr. and Mrs. Milton Louden, Charlton avenue, Hamilton, Ont., the latter a cousin of Mrs. Hodson, when they came to Buffalo on Saturday and learned that the body of Mrs. Hodson had been taken to Toronto for burial, asked the police to investigate. Deceased was a daughter of the late Dr. J. E. Dyer, of Toronto. Dr. Hodson was a former resident of Hamilton.

Trinity.

Fine Outing at Oaklands on Saturday Afternoon.

The first picnic of Trinity Lutheran congregation was a success. The John R. was filled with happy children and their parents when it left the wharf at 1.30 p. m. on Saturday, and safely landed its human cargo at Oaklands twenty minutes later. The remainder of the afternoon was a holiday to the 150 members of the congregation and friends as they sped up and down the hills and over the parklike fields. Games and contests of all descriptions were indulged in, from the races of the primary department to those of their fathers and mothers. The ball game between the "married" and the "single" was exciting to the score of 21 to 12 in favor of the former. Three tables laden with good things to eat, and a number in picnic style ate their delicacies on the hillside and under the shade trees. Sociability reigned all the afternoon and the members of the congregation took the opportunity to become thoroughly acquainted with each other.

The 7.30 boat brought back a tired but happy crowd of English Lutherans and their friends, and no one missed a grand time except those who were prevented from attending.

A MIX-UP.

Call From Strathroy Took Fire Department Out.

Rather peculiar were the circumstances that caused the fire department to answer an alarm at 208 Locke street south last night, at 8.20.

The telephone operator received a call from Strathroy, Ont., stating that a man there wanted to speak to someone named Viner, at 208 Locke street south. Thinking the operator at Strathroy said fire at 208 Locke street south the Hamilton operator asked "Fire at 208 Locke street."

"Yes," said Strathroy.

The operator here at once rang in the alarm and that is how the mistake was made.

UP IN THE AIR.

Mr. Willard's Successful Flights at Long Island.

Mineola, L. I., Aug. 9.—His sixteenth successful flight with the Curtiss aeroplane was made to-day by C. Foster Willard. Flying close to the ground Mr. Willard essayed to make a circle about a mile and a half in circumference, but was not able to complete the circle owing to the presence of unexpected elevations of the ground and of trees or cornfields. He made five long curved flights, however, at high speed. In one of the flights he had an interesting race with an automobile. Going at the rate of forty miles an hour, the motor car straight across the circle, while Mr. Willard in the aeroplane followed the arc of the circle. The aeroplane reached the landing place first.

GIRL MURDERED.

Her Body Found Half Buried in Cemetery in Rochester.

Rochester, N. Y., Aug. 9.—The body of Anna Schumacher, 17 years old, was found half buried in a secluded spot in Holy Sepulchre Cemetery this morning. The girl had been murdered. She left home on Saturday afternoon to decorate the grave of a relative. Since then the family and police had been searching for her.

## TIMES PATTERNS.

NEAT WORK APRON.

No. 8546.—A large work apron that comes well over the waist, is indispensable to the busy housewife. This one of white linen, is not only a protection to the dress, but is neat and attractive as well. The waist is in jumper effect and broadens out over the shoulders in a most becoming way. This skirt is cut circular fitted in at the waist by darts. Gingham, percale and lawn are all used for the making. The pattern is cut in 3 sizes, small, medium and large. The medium size requires 4 1/2 yards of 36-inch material.

A pattern of this illustration will be mailed to any address upon receipt of 10 cents in stamps or silver.

Address, "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

ATE DAD'S PILLS

So North Tonawanda Young Man Had to Walk All Night Long.

More Than a Dozen Pellets in Bottom of His Raspberries.

North Tonawanda, Aug. 9.—Christian Riedy, 21 years old, fell to the floor unconscious last night at the supper table after eating a dish of red raspberries and cream. A minute before he had been telling a funny story. The young man was placed on a lounge and the members of the family worked over him for more than half an hour before calling a doctor.

When Dr. Fiegles came he was unable to account for the young man's condition. Finally, he sent for a stomach pump and after more than an hour's work had the young man sitting up and looking around.

Meanwhile, Christian Riedy, sen., was looking all over the house for his coden pills. The father suffers from diabetes and a few days ago his physician gave him more than a dozen of these coden pills. About the time his son was recovering, the maid came in from the kitchen for the fourth time to help look for those pills.

"Why, they were in this sauce," she said, picking up the piece of china from the dining-room table.

"That's the sauce I ate my raspberries from," young Riedy managed to say, quite feebly and very sleepily.

"There you are," said Riedy, sen. "There you are, sir." The boy ate a dozen of those pills in his berries.

It was easy work for the doctor after hearing that. He led the young man down to the police station and put him in charge of the police, telling the sergeant that the policemen must keep the young man walking around all night.

And all night long, with eyes closing and summing with sleep, head befogged with the effects of the poison, uncertain in his steps, young Riedy walked and walked and walked, now in charge of this policeman, now under the protecting wing of that policeman, none of whom understood very clearly why he had to keep a very sleepy young man walking around all night.

At 7 o'clock this morning, Dr. Fiegles took charge of the young man, who had recovered enough to think clearly. The walk and the doses of atropine and caffeine which had been forced into him had saved his life.

"How do you feel?" his father asked when Christian was returned about the time the family was sitting down to breakfast.

"Woody. I am all right now, but I feel awful queer," he said.

ESSAY PRIZES.

Two Firsts in Steamboat Competition Come to Hamilton.

Some time ago the Hamilton Steamboat Company offered a number of prizes for the best essays on "My Steamship Trip to Toronto." The competitions were divided into three classes, with three prizes in each class, and were open to both Hamilton and Toronto. Hamilton won two firsts and a second. The winners are:

TRADE WITH MEXICO.

(Special Despatch to the Times.) Ottawa, Ont., Aug. 9.—Trade Commission Daily reports from Mexico that the first direct parcel post between Canada and Mexico will be carried on October first. He reports a growth of Canada's trade with Mexico during the first eight months of this year, though the trade with most countries decreased and altogether Mexico's trade fell off by thirty-two millions during that time.

## KILLS WIFE WITH CLEAVER.

Woman Evidently Was Slain While She Was Asleep.

Boss Truckman Hacks His Wife to Death While Drunk.

In Their Home at Laurel Hill, Long Island City.

New York, Aug. 9.—James Ahearn, 51 years old, a boss truckman, hacked to death his wife, Mary Ahearn, 44 years old, early yesterday morning in their home, 110 Washington avenue, Laurel Hill, on the outskirts of Long Island City.

Ahearn had been drinking. He and his wife were quarrelling almost up to midnight over Ahearn's drinking habits. At about 2.30 o'clock their daughter woke up and went to the door of the room occupied by her parents. It was slightly ajar. She called for her mother and getting only an unintelligible mumble from her father, she entered the room. Ahearn, who was lying on the floor, took a light into the room and Mrs. Ahearn was a large woman and from the attitude of her body it was evident that she was killed while asleep, for her arms were still crossed on her breast. Her face and head were hacked beyond recognition. There were six wounds, any one of which would have caused death. Ahearn remained a passive spectator of the examination of the body. He feigned utter ignorance of the occurrence and refused to talk further.

Later the house was searched for the weapon with which the murder was committed and late in the afternoon a big cistern in the yard had been pumped empty a butcher's cleaver with a blade nine inches long was found in it. There was blood on the blade. Ahearn was taken to the Fourth street police station and locked up.

A Fierce Fight

St. Paul, Minn., Aug. 9.—Reports from Chanhassen, Minn., 15 miles from Minneapolis, say that twelve Austrian laborers engaged in a fight with knives yesterday, and that Samuel Dica was fatally injured and Peter Ngegovan was terribly cut. So fierce was the melee that the telegraph operator at Chanhassen sent out a report that five men were killed. The fight started over an alleged insult to a woman cook.

PIPE IN BED

Almost Cost the Life of John Canary, the Smoker.

The pipe of peace nearly cost John Canary, his life yesterday afternoon. He was lying on the bed at his home, 299 York street, smoking, when he fell asleep with his pipe in his mouth. The pipe fell out and the hot ashes set fire to the bedding. Before he was awakened, or the fire was discovered, his clothing caught fire and he was badly burnt about the body and face. His sister was attracted by his screams and rushing to the bedroom saw what had happened. She at once hastened for a pail of water and extinguished the fire.

Dr. Balfe was called and ordered the man's removal to St. Joseph's Hospital, where he was received suffering greatly. This morning the hospital authorities say the injured man is doing nicely.

THREW LAMP.

Cause of Fire as Told to the Department.

Fire was caused at 31 New street last night at 9.50 by some one throwing a lamp in an altercation. Fortunately Mrs. Ollman dodged the lamp, which crashed to the floor, setting the place on fire. Damage was done to the extent of \$300.

The fire spread to 78, where it did about \$50 damage.

At 12.06 Saturday noon the fire department was called to a fire at 78 and 80 Oak avenue. It started in No. 80, caused by the explosion of a coal oil stove, that was left burning while Mrs. Payne, the occupant, went out to do some shopping. On the arrival of the firemen there was quite a blaze, which destroyed a quantity of furniture.

MISSIONARY DAY.

East Northfield, Mass., Aug. 9.—Missionary day was observed at the Northfield general conference to-day, and all the meetings except the camp conference were addressed by missionaries of prominence. A sunrise prayer meeting for missions was attended by a large number of the delegates.

CASITORIA.

The first balloon ascent was made in 1783.

## Latest British Sport Clippings

London, Aug. 7.—The doings of the three over-seas crack sprinters, now in Britain, continues to create great interest among students of form—particularly since Bobby Kerr, of Canada, appears to have found his best form. The well-built Hamilton man turned out for his native country in the Ireland vs. Scotland match at Dublin on Saturday and won two of the eight events secured by Ireland, to the three wins by Scotland. Kerr clocked 10 1-3 in the century and 22 1-5 secs. in the furlong, the latter being a new Irish record. The track at Ball's Bridge is turf, consequently Kerr's performance must be voted good.

R. E. Walker, of South Africa, and N. J. Cartmell, of U. S. A., were showing their paces at the Ayr Football club sports, but neither reached the final. The course was not a good one, particularly for the furlong race, consequently this must be considered when "weighing up" the form. Walker did 10 secs. in his heat of the century, but was beaten quite two yards in the second round, run in the same time. Cartmell, who had one yard start, won his heat in 10 secs. and made a good effort against the ultimate winner (Wyber, 10 yards start) in the semi-final, run in 9 4-5 secs. Thin wind may have fluctuated and possibly helped Cartmell more than Walker, but the running of the two appeared about on a par. The American certainly shaped best in the 220 yards handicap, for while Cartmell was narrowly beaten in his, the time (23 secs.) around two sharp turns, being excellent for a big strider like the old Pennsylvania athlete. The men met again on the second day of the meeting, when Walker showed really splendid form by conceding Cartmell a yard start and a beating (by inches) in the invitation 100 yards, the time being 10 secs., and also got third from scratch in the furlong, run in 22 secs. Walker and Cartmell will probably compete in the 120 yards scratch race at Birmingham tomorrow, and should Kerr also join in, it will create even more interest than the 100 yards championship, as Cartmell will be served by the extra 20 yards.

P. C. NICHOL.

Special Officer Passed Away After a Long Illness.

George F. Nichol, who for some months past has been lying at the point of death, passed away in the City Hospital yesterday afternoon at 1.30, aged 51 years. Mr. Nichol was appointed special policeman for the market by the Police Commissioners at the time Judge Teetzel was Mayor, and he held the position for ten years. Since he resigned the work has been attended to by the regular men. Deceased for some time had been suffering from a complication of diseases, and for the past eleven weeks had been at the City Hospital. Mr. Nichol was well known, especially in connection with the S. P. C. A., of which he was inspector. He was a member of St. John's Lodge, A. F. & A. M., and of Court Orient, I. O. F., and of First Methodist Church. He leaves a widow, two sons, Archie, of this city, and Ernest, of Toronto; four daughters, Mrs. E. Penny, Mrs. C. Smith, Mrs. Arthur Peters, and Miss Minnie, all of this city; four brothers, Robert and James, of this city, and William and Henry, of Toronto, and five sisters, Mrs. George Cook, Mrs. John Thompson, Mrs. John Smith, of Toronto, and Mrs. Russell, of Detroit. The funeral will take place tomorrow at 3 o'clock, from his late residence, 64 Wellington street north, to Hamilton Cemetery.

The Restaurant Keepers Sold Ice Cream in Plenty Yesterday.

There are more ice cream appeals to come before a higher tribunal than the Police Court. Interest has been growing rapidly in these cases, and restaurant keepers have been watching them with a keen eye ever since A. M. Lewis started a vigorous protest against the fines imposed on his client by Magistrate Jelf. Two weeks ago Henry Smerence, who claims to be a bona fide restaurant-keeper, was fined a second time for selling ice cream on the Lord's Day. His solicitors, Messrs. Nesbitt, Gaud & Dickson, have entered an appeal on his behalf against the conviction. A week ago four other restaurant keepers, who were fined \$5 by the Magistrate for the same offence, and Mr. George S. Kerr, K. C., is contemplating an appeal. Although the fine is a small one, Mr. Kerr thinks it should be set aside, as it was unjustly imposed.

It was quite noticeable in the city yesterday that the restaurant-keepers were taking advantage of the appeal won by Mr. Lewis. Through the wide open doors one could see customers being served openly with ice cream. Apparently the proprietors have lost all fear of the Lord's Day Act being applied to them, and have taken shelter under the fact that they are restaurant-keepers and free from the law on that point.

Fifty thousand tons of soot are taken from the chimneys of London each year.

NEW FRUIT CO.

Grantham Man Arrested—Strange Case of Deportation.

(Special Despatch to the Times.) St. Catharines, Ont., Aug. 9.—The Ontario & Western Co-operative Fruit Co., Ltd., was organized at this city on Saturday afternoon, with A. M. Harris, Louth, President; H. L. Hearn, Louth, Secretary-Treasurer, and W. H. Hough, St. Catharines, J. Marlowe, Grimsby, and J. B. Berry, the organizers, as directors. The purpose of the company is to handle Ontario fruit in the Northwest markets, and to eliminate middlemen.

Henry Moore, of Grantham, has been summoned to appear before Police Magistrate Campbell, on a charge of stealing. It is alleged that Moore took from the residence of W. H. Durham, in Grimsby, a quantity of household furniture, including bedding, gas stove, clock and cutlery. High Constable Boyle, into whose hands the matter was placed, it is said, found the articles in a house occupied by Moore, in Port Dalhousie, the accused having recently married a Miss Williams, of that village.

A peculiar case has been handed over to R. E. Boyle, local agent for the Children's Aid Society. Two children named Mallory, whose mother lives in Rochester, N. Y., and who wishes to retain the children, have been deported by the United States Immigration officers, and will be given into the care of their grandmother, who resides in this city. Superintendent J. G. Kelso, of the Children's Aid Society, has asked Mr. Boyle to take
