Here and There

Navigation of the St. Lawrence
river is expected to open early in
the month of April. According to pre-
liminary schedules issued by the va-
rious steamship companies operating
between Canadian Atlantic ports and
Europe, 192 ships will visit the
port of Quebec in 1924.

The Canadian Pacific Railway has
inaugurated as a special feature the
serving of afternoon tea regularly
on all dining, cafe and buffet cars
throughout the system. The taste-
ful little menu which the company
provides includes tea, coffee, choco-
late, toast, muffins, cake, ice cream
and preserves at reasonable prices.

The Spiller Company, a great
British concern with \$150,000,000
capital, has completed arrangements
for the establishment of facilities in
Canada which will entail an outlay
of \$6,000,000 to finish the plant of
the Alberta Flour Mills in Calgary,
with another \$2,000,000 to build an
elevator at Vancouver.

The second of the two large paper
machines recently installed by the
Belgo-Canadian Paper Company at
Shawinigan Falls, Que., has com-
menced operations. The machine,
which is the product of the Domi-
nion Engineering Company, is now
producing newsprint. It will be
tuned up and is expected to produce
a commercial grade of newsprint at
or above its daily capacity of 75
tons in the near future.

Speaking at Toronto recently, E.
W. Beatty, President of the Cana-
dian Pacific Railway, declared that
"what Canada is suffering from is
lack of men, lack of capital and lack
of those forward policies which will
enable the country to realize within
a reasonable time its own manifest
destiny." He added that he did not
believe in "exaggerated whisping
or in any statements which are cal-
culated to destroy the belief of Can-
adians in their own country."

Captain S. Robinson, C.B.E.,
R.N.R., commanding the Canadian
Pacific liner "Empress of Canada,"
was invested with the C.B.E. by Sir
Harry Armstrong, British Consul-
General at New York, when his ship
arrived there on January 25th, prior
to setting out on her great world
cruise. Captain Robinson also re-
ceived the freedom of the city of
New York. These honors were in
recognition of his gallant work
when commanding the Canadian
Pacific liner "Empress of Aus-
tralia" at Yokohama, at the time of the
Japanese disaster.

According to Canadian Pacific of-
ficials, immigrants from Europe
who spend a few hours in Montreal
on their way west are rediscovering
America—or rather Canada—at a
great rate. Some days ago there
were eighty Scandinavians drum-
ming their heels in the big waiting-
rooms at Windsor Station, bored to
tears. Then one of them suddenly
discovered that the Province of Que-
bec, unlike Sweden, is not "dry." The
rush of the Danes on Alfred's Eng-
land was as nothing compared to
that with which the delighted Scan-
dinavian gentlemen emptied that
waiting-room. So excellent did they
find the beer that they did not show
up again till train-time, when they
announced unanimously, though
with slight difficulty, that "Canada
bans one fine country."

To be stranded in a strange city
with no worldly assets but a suit of
dress-clothes and yet to come out of
the adventure victorious is to
achieve something. Joe and Bill
arrived in Montreal a few nights ago,
their baggage consisting of the
clothes they wore, two dress suits,
an adequate quantity of the need-
ful and an enthusiastic determina-
tion to see Life with a capital L.
When they woke on the morning
after, they found that someone had
relieved them of everything they
possessed except the dress suits
they had slept in, and which they
had worn for the previous night's
affray.

In this predicament they appealed
to the authorities at the Canadian
Pacific Windsor Station, for work
whereby to earn enough to take
them out of the wicked city. Sympa-
thetic officials put them on the
snow-shovelling gang. And here
these two stout fellows, in their
dress suits, Joe with his feet wrap-
ped in sackings to keep them warm,
labored heartily for four days, earn-
ing the price of their tickets back to
the little old home town. So once
more fiction and the movies are
beaten.

**Assembly Passes Act for
that Purpose**

Trenton, N. J., Feb. 26—The New
Jersey assembly by a vote of 32 to
15 yesterday passed the de Lorenzo
assembly bill providing for medical
examination of all males who apply
for marriage licenses and for the
postponement of the marriage of
those afflicted with certain diseases.
Opposed by members from Hudson
county, who declared the measure an
attempt to legislate morality into the
people and who asserted that the
amendment proposed, the bill was
strongly defended by Miss Fort of
Essex county, who stated that many
of the large women's organizations
of the state favored its adoption.

Nova Scotia Coal
Suitable For Coke

The Dominion Fuel Board is now
preparing a report on the coking of
Nova Scotia soft coal at the coking
plant recently established by a
firm in Hamilton. Extensive tests
have been made of the adaptability
of Maritime soft coal to coking treat-
ment with a view to ascertaining its
suitability as a substitute for an-
thracite. These tests proved that
the Nova Scotia bituminous coal
lent itself admirably to the coking
process.

It is believed that the results of
the Hamilton tests will be an in-
centive to the establishment of
plants in Toronto, Montreal and
Ottawa.

Three Banks To Merge
Is The Latest Rumor

Montreal, Feb. 18—There are well
defined rumors of another bank mer-
ger in which the names of three of
the strong, moderate-sized banks are
mentioned. It is realized that the
small group of the largest banks are
competing very keenly for business
and that with their great organiza-
tions and facilities, the others have
to face certain difficulties. Such a
merger as that now being discussed
would put another bank in the
group of bigger institutions.

There is considerable speculation
as to how the Government would
view such a merger in the present
circumstances.

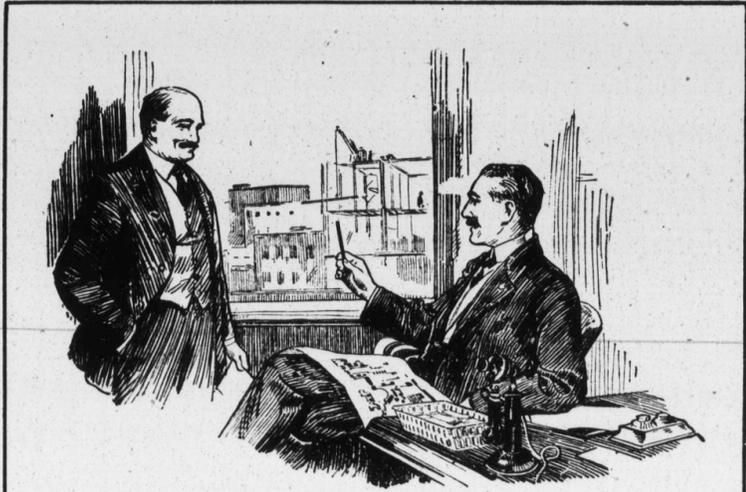

**"I'm as
sick as a
dog"**

is a common expression that makes
up in force what it lacks in elegance.
When or where or why it originated
excites no interest in the victim.
Head aches—eyes water—throat
smarts—sneeze—cough—sore all
over.

Johnson's
ANODYNE
Liniment

taken internally soon works a won-
derful change. For more than 100
years the internal use of this
doctor's prescription has quickly
mastered Grippe Colds, Bronchial
Colds, Sore Throat, Chills, Cramps,
etc., while for external use on Cuts,
Burns, Bruises, Sprains, Strains,
etc., it has no superior. For more
than a century it has been praised
and respected by the general pub-
lic and the medical profession as
well. Sold and commended by good
dealers everywhere. 25 and 50c.

**"Health Is After All
Your Biggest Asset"**

EXCESSIVE mental strain—worries and
anxieties consequent on the ups and
downs of business—

The difficulties in estimating what the
future holds in store—

These are some of the causes which have
hastened the end for many prominent men
during recent years:

Employer and employee alike have been
subjected to greater strain of brain and
nerves than ever before.

Too often the value of guarding the health
has been overlooked and the results are a
warning to the survivors to remember that
health after all is our biggest asset.

It is comparatively easy to restore the
exhausted nerves by the use of Dr. Chase's
Nerve Food provided treatment is begun in
reasonable time.

When digestion breaks down—when you
cannot rest or sleep—when you find yourself
nervous and irritable you may be sure it is
time to ease up and begin the use of this
restorative treatment.

The brain and nerve cells are not getting
proper nutrition. Nor will they so long as
too much nervous energy is wasted in worry
and anxiety and too little left to control the
organs of digestion.

There is no magical way in which the
depleted nerve cells can be restored.

They must be patiently nourished back to
health and strength.

This restorative process is best brought
about by the use of Dr. Chase's Nerve Food.
This has been proven in so many thousands
of cases that evidence is to be found in
almost every community. Ask your friends
and be master of your health by using Dr.
Chase's Nerve Food.

You will notice that while the price of
Dr. Chase's Nerve Food has been increased to
60c, the box now contains 60 pills instead
of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills
are 35c. for 35 pills, instead of 25c. for 25
pills.

Canadian Rockies Lure Noted Artists

Noted artists, famous moving picture directors and
expert scenic photographers, like thousands of
tourists, have succumbed to the lure of the innumerable
beauties of Banff and the Canadian Pacific Rockies.
Artists in increasing numbers each year spend the sum-
mer on the trail in the mountains transferring these
beauties to canvas. For seventeen years Carl Rungius,
celebrated painter of wild animals in their native haunts,
has been a regular visitor to Banff. Now he lives there
most of the year and has built his own bungalow and
studio. In 1921 Rungius won the \$1,000 Altman prize,
but, being foreign born, was disqualified, whereupon the
National Academy of Design bought the painting for
\$1,000 and it now hangs in the Corcoran Art Gallery,
Washington.

Belmore Browne, artist, author, explorer and conqueror
of Mt. McKinley, 20,300 feet, lives in his own bungalow-
studio in Banff the year round except when exhibiting
in New York. He and Rungius both study the mountain
goats, sheep, deer and bear in their wilderness homes
and paint them and their majestic scenic backgrounds.
Richard M. Kimbel, landscape painter, has spent two
summers in Banff and is painting at Lake O'Hara, near

Lake Louise, and last year W. Langdon Kihn lived a
month on the Stoney Indian reservation making pastel
portraits of the big chiefs, little papooses, squaws and
guides. Leonard M. Davis, who paints wonderful
landscapes in Alaska and the Canadian Rockies with a
palette knife, has joined the Banff art colony and expects
to make his winter home in near-by Calgary.

The lure of Canada's Switzerland drew John Singer
Sergeant, R. A., to beautiful Lake O'Hara, in the heart
of the Great Divide, and with his easel planted in the
white and pink heather of an Alpine meadow 6,600 feet
above sea level the world renowned painter devoted ten
days to painting this exquisite jade-green lake and the
towering mountains in which it is cupped. Charles W.
Simpson, R. C. A., of Montreal; Oliver Dennett Grover,
of Chicago; Philip R. Goodwin, Edward Potthast and
Albert Groll of New York and many other painters of
note have found inspiration in this scenic wonderland.
As for those humbler artists, the tourists with cameras,
they are to be seen snapping everywhere in the
bungalow camps, by the lakeside and along the trails
making beautiful pictures which inspire their envious
friends to visit Banff and do likewise.
