

Massey Estate Makes Splendid Gift.

Donates \$100,000 to Saskatchewan College Fund.

Regina, Sask., March 7.—Yesterday morning at the Metropolitan Methodist Church, Rev. S. J. Chegwinn announced that the Massey estate will give \$100,000 towards the Methodist College which is to be established in Regina.

Upon the announcement being made the whole congregation rose and joined in the singing of the Doxology.

With the \$115,000 already subscribed by members of the Metropolitan Church, and an equal amount guaranteed by the Saskatchewan Conference, the Massey gift makes the amount assured for the project \$330,000.

[We have been informed on very good authority that the Mr. Massey referred to above left \$5,000 to the Methodist College of this city.—Ed. Tel.]

Fell Overboard.

Three young men, Cunningham, Turner and McKinley, came down to the Queen's wharf from Angel's in a boat Saturday evening last to see the sealing steamers depart. When near the landing at the wharf a row arose amongst them. McKinley managed to get ashore in the melee. Turner wanted another chap on the wharf to get aboard, but to this Cunningham would not agree. Turner then shoved off the boat. As the thing was done suddenly Cunningham who was standing in the bow lost his balance by reason of the shock and went head first overboard. Turner grabbed him by the leg and after a hard struggle managed to get him into the boat. Cunningham then asked to be landed and his request being complied with he walked up Water Street to his home attracting much attention.

McMurdo's Store News

MONDAY, March 14, '10.

We shall be moving into our new store on Rawlin's Cross this week. For modernness, convenience and elegance there is no store in town to match it. We expect to increase our business considerably in that part of the town from the opening of this store.

Quality is the strong point of Acme Baking Powder. This is what puts it in the front rank of Baking Powders. It contains pure Cream of Tartar, and makes pastry "fit for a king." Price, 8c. 15c. and 30c. tin.

To be had at both our stores: The Scobell Co.'s, remedies; Salvia (hair tonic), 50c.; Pig Pills, 25c.; Nox Cold, 25c.—adv.

Kite Has Rough Trip.

The s.s. Kite, Capt. W. Carroll, had a rough passage on the way to Channel, after leaving St. John's Friday, March 5th. The steamer had to lay to all night off Cape Ballard while a fierce gale raged from the N.W. During the night a heavy sea swept the deck, and breaking down the coal pounds nearly all the coal was swept overboard. The flying jibboom was also broken off. Next morning Capt. Carroll ran for Placentia Bay, and reached North Harbor where repairs were made and the jibboom was secured in place. Next day Capt. Carroll left for the west and had a good run to Channel, where 30 tons of coal were got from the s.s. Portia.

Again Caught Shebeening.

Timothy Hayden, of Harbor Grace, has again been caught shebeening, and being brought before Magistrate Oke, Saturday, was fined \$200 or 6 months in the Penitentiary. For the hearing of this case Const. Morrissey recently arrived here with several witnesses from Bell Island. This man is possibly one of the most noted shebeeners in the country, for at present there is a fine of \$150 recorded against him for a conviction obtained by the police about two weeks ago, but against which conviction he had appealed to the Supreme Court. This is the fourth time he has been fined himself; his wife has once or twice been fined for a similar offence, and his son has been fined for selling whiskey in flasks in the streets of H.R. Grace.

Stealing Firewood.

People who arrived by the local train Saturday from Topsail say there are some parties there who are stealing firewood from different people. Quite a quantity has already been taken from Mr. Harding's yard, and Friday morning early a man was heard there, but quickly made tracks. If he makes his appearance again a dose of small shot will prevent his running away.

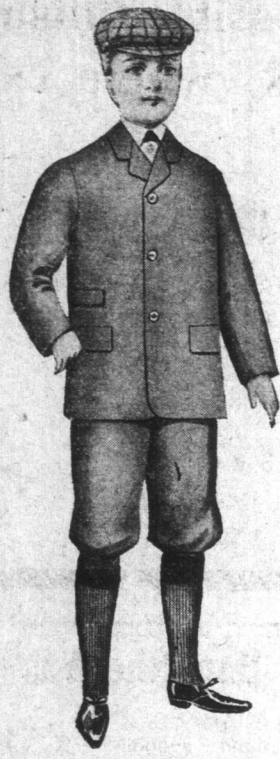

LECTURE TO-NIGHT.—Mayor Gibbs will deliver a lecture on "The City" at the British Hall to-night at 8.30.

CLOTHES FOR THE BOYS!

The comprehensive variety—the thoroughly reliable qualities—the excellent values offered, are reasons why you should See Our Large assortment of Boys' School or Working Suits.

\$1.60 to \$3.50.

Boys' Tunic Suits,

\$2.20 to \$3.30.

Boys' Velvet Suits,

\$2.00 to \$2.80.

Our Montreal Letter.

The Eucharistic Congress—One Hundred Prelates will Attend—The School Commission Favor a Separate School Board for the Irish Parishes—The City's Health—Law Breakers Punished—Enjoying Real Spring Weather—Are Newfoundlanders Still "Too Green to Burn"—The Hockey Championship.

(From Our Own Correspondent.)

A Great Gathering of Prelates. Cardinal Gibbons has written Archbishop Bruchesi accepting his invitation to the Eucharistic Congress to be held here next September. Cardinal Logue has also written, saying that he will attend if at all possible. In all about 100 prelates of the church are expected.

Sir Thomas Shaughnessy will entertain the Cardinal Legates, and it is understood that with the Duke of Norfolk the English contingent will be housed at the Place Vieux Hotel. Many private citizens have offered to entertain one or more Bishops. The many priests who will be present will be looked after by the different religious establishments in the city.

To-day Archbishop Bruchesi is issuing his personal invitations at the same time that Mgr. Heylen, Bishop of Namur, Belgium, president of the Congress the world over, issues his official invitations.

Favor A Separate Board.

The Royal Commission appointed by the Quebec Government to enquire into the school system of the City of Montreal will report in favor of a Separate Board for the English speaking Catholics. At present some of the parishes are badly in need of Boys' Schools, and it is only with a change like that proposed by the Commission would there be any hope of having such schools. Rev. Father John E. Donnelly, P.P., St. Anthony's, the leading clergyman among the Irish pastors, speaking to your correspondent in reference to school matters said that things could not be much worse than they are at present. And certainly he's right. The boys of St. Anthony's Parish attend about ten different schools in the city, for the simple reason that there is no school in the parish for them to attend. Father Donnelly speaking at a reception tendered him at the Belmont School, Guy Street, a few

days ago, expressed a wish that he would like to have his boys attend the Belmont School. By next September the Catholic School Board may place that school at his disposal. At present the English speaking boys are in the majority in the school, and this may induce the School Board to let the pastor of St. Anthony's have the school for his parish. His Grace Archbishop Bruchesi favors a Separate Board for the English parishes.

Sickness Decreasing.

During the past week there were only four deaths from typhoid, this being the smallest number in upwards of three months. Coming as it does so shortly after the installation of sterilization systems, both by the Montreal Water & Power Co. and by the civic waterworks, it is a gratifying indication of the value of such plants. As Dr. Labegee points out, there is now practically no typhoid in the city, apart from the general run of cases which almost necessarily are to be found in all large centres.

The Medical Health Officer, in referring to the fact of the connection between the recent sterilization of typhoid, stated that he hoped the citizens generally and the newspapers in particular, would take up the cudgels in favor of the permanent improvement of city water by means of the installation of a filtration plant, an end, for the realization of which, he personally had been long contending.

Law Breakers Fined.

Merchants who disobeyed the law

Headache

"My father has been a sufferer from sick headache for the last twenty-five years and never found any relief until he began taking your Cascarets. Since he has begun taking your Cascarets he has never had the headache. They have entirely cured him. Cascarets do what you recommend them to do. I will give you the privilege of using his name."—E. M. Dickson, 1120 Resner St., W. Indianapolis, Ind. 925

Pleasant, Palatable, Potent, Taste Good. Do Good. Never Sicken, Weaken or Grip. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back. 219

keeping their stores open after hours, were sentenced by Mr. Recorder Weir to a fine in each case of \$2 plus the costs. Over fifty cases came before the Court, many of the actions having been instituted last fall, when it was still a question whether the by-law was ultra vires or not and those decisions follow that of the Privy Council confirming the by-law. The police say that the by-law is fairly well observed now, although some retailers claim that they are exempt. To this Mr. Poirier, president of the Early Closing Association, replies that no exception exists, and it will be the duty of the association to bring to court those who violate the law.

Spring Weather.

At present Montrealeers are enjoying real spring weather, an unexpected thing as well as a surprising affair. To see the mud being scraped off the streets the first week in March is quite an unusual thing here. This winter we had the smallest amount of snow for many years. We may yet get a couple of heavy snowfalls even in April.

Fake Advertisements.

Fake advertisements appear occasionally in the city press. Lately the Montreal post office authorities rounded up one and made the way of the transgressor hard. Assistant Postmaster Gaboury of the Montreal office, speaking of the affair, said:—

"I saw this advertisement of Mr. Roxroy when it appeared," he said, "and did not like the looks of it. The man promised to read your past and future, etc., for a modest sum, and to tell you the inmost secrets of your soul for so much more, and that kind of stuff. Well when letters in answer began to come into the office here, which they did at once, I issued orders holding the letters and P. O. money orders, while I wrote to the Post Office Department at Ottawa, asking instructions."

"Mr. R. M. Coulter, Deputy Postmaster General, promptly wired back saying that I had done right, and telling me to hold all such letters to this firm pending further instructions. And a couple of days later I got a general circular, which was sent to all the post offices in Canada, which said that the letters addressed to this firm must be sent to the Dead Letter Office, where they would be stamped, 'Suspected to be fraudulent,' and sent back to the senders, along with the money or orders therein enclosed. The P. O. orders must also be stopped, and senders instructed to come and get their money back. The circular went on to say that the carrying on

of such a business as that of the Roxroy Studios was an indictable offence under section 443 of the Criminal Code.

"You may judge of the extent to which people will allow themselves to be fooled," continued Mr. Gaboury, "when I say that we held up no less than 1,000 letters addressed to this man yesterday. In the last four years we have closed up no less than 100 concerns like this in Montreal. We have an officer whose duty it is to look after all such establishments, and get after all that appear to be using His Majesty's mails for fraudulent purposes. There was one woman, I remember, a 'palimiste,' she called herself, that we must have chased out of twenty-five different strongholds."

Mr. Gaboury paused and laughed. "I was talking with a patent medicine man once," he said, "and he told me that while the United States were excellent grounds for him and his kind, and Canada superb, the Fools' Paradise was Newfoundland."

The patent medicine man found Newfoundland "the Fools' Paradise." And Newfoundlanders are still "too green to burn." Notwithstanding the many lessons learnt, their great hostility to strangers, even in preference to their own, while they extend to glad hand of welcome they in turn receive the dagger of the assassin in the shape of insults. I hope Newfoundlanders will remember patent medicine vendors for the future, and the next one appears show him that Newfoundland can resent such an insult and will no longer be called a "Fools' Paradise" for such persons.

The Hockey Championship. The senior hockey championship was practically decided Saturday evening, March 5th, when Ottawa and Wanderers met in battle array at Dey's rink, Ottawa, and Wanderers came off victorious by a score of 3 goals to 1. This is the second win for the Wanderers over Ottawa.

Newfoundland Mails on Time.

On three occasions during the winter did the Newfoundland mail arrive with the same regularity as in the summer, that is, a mail was delivered on Saturdays. This speaks well for the P. O. in keeping Newfoundlanders abroad in close touch with happenings in the Island Home.

Laval Students Honor Civic Rulers. Students of Laval did honor to three of their professors who are at the present time occupying positions of honor in the civic administration: Mayor Guerin, Controller Lachapelle and Ald. Dubeau. His Honor Judge

Lafontaine was the host of the evening, and a cordial reception was accorded the distinguished guests.

Dr. Guerin delivered an address thanking the students for the reception which they had accorded him while Dr. Lachapelle announced that he would offer a special gold medal or proficiency in the study of hygiene.

Among those present were Canon Dauth, vice-rector of the University; Hon. Judge Mathieu, Dean of the Law Faculty; the Hon. A. Desjardins, Dr. St. Jacques, professor of surgery; Dr. Benoit, Dr. A. Ethier, Dr. Cleroux, Dr. Delorme, Dr. Rivet, Dr. Larose, Dr. Asselin and many others.

Punishments for Barkeepers. One of the features of Ald. Resther's proposed amendments to the Liquor License Law is to impose a fine of \$1,000 for the first infraction, and to make a second offence cause forfeiture of the license.

Ald. Resther is willing to let the hours remain as at present, but would have the Government or city appoint inspectors to see that the law is enforced. He further wants the licenses cut down from 460, the present number, to 350. Those granted licenses should be made to pay more, to make up for the decrease in funds with the reduction in the number of licenses granted.

Opening of Navigation. It is expected from present indications that navigation will open the end of the present month. The frost this winter was not severe and the river is not very solid. The present mild weather will serve to break up the ice, and in a few days the first shove from Lake St. Louis will take place. Your correspondent viewed the river from the tower of the City Hall and several channels were seen in the ice, which would indicate that even a tug boat could break up the ice at present.

MINARD'S LINIMENT CURES COLDS, ETC.

How Tollman Was Shot

Joseph Tollman, of Trinity East, who had his hand blown off the other day, was 7 miles in the woods when the accident befel him. He with his brother William were on the way home at the time, and each of them had a load of fence rails on their slides. As they proceeded one of the slides struck a stump, the horns on it hitched into the stump and striking the gun caused it to explode. The whole load of heavy shot entered Joseph's right arm below the elbow. His brother William got him home, bleeding profusely as he was, as best he (Wm.) could. The wounds inflicted were terrible to behold and on arrival home Drs. White and Fitzgerald were quickly at the man's side. They had to amputate the arm about 4 inches below the elbow. The man who is 48 years old is in poor circumstances has a wife and three children whose ages range from 3 to 6 years, and for several years has been an invalid. Here is a case which should receive the attention of the charitably disposed people of the city.

S. S. Portia Here.

The S. S. Portia, Capt. Fitzpatrick, arrived from the westward at 4 p.m. Saturday. Having here at 10 a.m. on the 4th inst., she had a good run to Trepassy, but the next day, Saturday, she met a N.W. gale with heavy sea, and she was unable for the time being to round Cape St. Mary's. It became moderate Sunday morning, and fine weather continued until Wednesday when the ship arrived at Port aux Basques.

On the return she encountered a heavy N.W. gale with thick snow on Thursday night which continued until noon on Friday. She had fine weather the rest of the trip and brought a small freight and two passengers.

Rosalind From New York and Halifax.

The s.s. Rosalind, Capt. Smith, arrived here from New York via Halifax at 1.30 p.m. yesterday. The ship was 49 hours from Halifax. She left New York on the 8th at 1 p.m., encountering fine weather on the trip to Halifax, where she arrived at 7 p.m. on the 10th. From New York to Halifax the weather was fine and summer like. She left Halifax Friday at noon, and also had fine weather and a good run to St. John's. She brought a full cargo including a lot of cabbage and dories on deck. Her saloon passengers were: From New York—Mrs. C. Macpherson, W. J. Redstone, M. J. Dyer, Mrs. J. Kavanagh, Mrs. L. Kavanagh, Mrs. A. Sullivan, Master K. Sullivan. From Halifax—J. C. Pippy, J. C. Coull, H. V. Turnvall, D. A. Lithian, J. H. Taylor, Hon. S. Milley and seven second class.

Hawshaw, N.B., Sept. 1st, 1905.
