## The Evening Chit-Chat

By RUTH CAMERON

appointment by telling you my most innocuous reason at once.

To-night's topic can't possibly interest you.

It is just a few do's-and-don'ts of the millinery world.

They were most eagerly contributed by my milliner to distract my attention while I waited for the hat that was to have been done three hours before.

Positively painful isn't it, Miss Cameron, to see some of the outlandish things that people who have fairly good taste in other matters will put on their heads?

"Tell you some of the things one should avoid in getting a hat? Well let me see."

"And these are the don'ts" she evolved.

First of all don't put blue roses and green poppies and yellow geraniums and all the rest of the flowers that never were on land or sea, on a hat. There is nothing in worse taste than a flower done in some color it could not possibly be.

In buying a hat get it to harmonize with the clothes you are going to wear it with, not only in color but in general style. For instance, don't get a lace hat to wear with a suit. That's about a par with diamonds

in the morning or a train and low neck on the street.

"Of course you never should put flowers or plumes on a utility hat. Plumes aren't good taste for a walking or business hat anyway, and neither plumes or flowers look at all attractive after the first damp day. Always trim your utility hat with either feathers or ribbon. You can get much smarter effects with them and effects that will last much longer.

"You wouldn't think it would be necessary to tell people not to put flowers or feathers on a panama, but it is. Why I've seen lots of people who were dressed in fairly good taste otherwise walking around with that particular blunder on their heads.

"I mustn't forget to say something about the auto-bonnet craze. If a girl wants to mark herself 'cheap' in letters big enough to be seen as far off as she is, the best way is to go about the streets with one of those things on. I don't see why it isn't just as out as it would be to wear a riding habit to your business or on a shopping tour and I don't believe any one would do that.

"And while I am talking about hats I must surely put in a word for the proper care of them. The summer hat needs its daily brush every bit as much as the winter one, but it doesn't seem to get it somehow. Of course straw doesn't show the dust as well as does but dust is there just the same and once the hat gets wet, the straw if it is light, is apt to be badly discolored. So whatever kind of hat you have don't forget that daily brush.

And now Mr. Masculine Reader if any of you did read this far, don't you wish you had heeded my warning?

## The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

## RIOTS FOLLOW THE PRIZE FIGHT.

Mobs of White Men Search for Negroes Throughout New York.

New York, July 5.—Riots between negroes and white men, attacks upon the former by the latter, and in many instances upon the whites by the blacks, occurred in all parts of the country yesterday as a result of Johnson's victory over Jeffries at Reno, Nevada. Scores of negroes were injured seriously and four negroes were killed outright. One killing occurred in Houston, Texas. The negro's throat was slashed by a white man on a trolley car on which both were riding, and the negro bled almost to death before he could be taken to hospital, where he died later. He had jeeringly proclaimed Johnson's victory. The three others

were slain at Uvalde, Ga., in a gang fight at a construction camp.

In this city fights between white and blacks were frequent throughout the night. Gangs of men and boys formed apparently for the sole purpose of beating up whatever negroes they could get their hands upon, and in many instances the negroes retaliated in part. Riot calls came into the West Thirty-seventh police station constantly throughout the evening. The centres of the local trouble were the districts known as Hell's Kitchen and San Juan Hill and in Harlem. Fifty-third street, a negro section, was another source of all most constant trouble.

### Stopped Cars.

In St. Joseph, Mo., feeling ran so high that a mob attacked a white man who had taken the part of a negro against it, and the white victim was saved only by the intervention of the police. In Pittsburgh the blacks stopped street cars and evicted the white passengers, usurping their places. Four were sent to the hospital there.

From Washington, Philadelphia, New Orleans, Atlanta, Cincinnati, Louisville, St. Louis, St. Joseph, Macon, Little Rock and Pueblo also came reports of conflicts between whites and blacks.

In Little Rock the conductor of a railroad train was shot by rioters, who fought all over his train. Probably the worst fight was that at Uvalde. The conduct of the negroes in the construction camp near there so enraged the whites that an armed force marched against the camp to "clean it out." The invaders were met with volley after volley of pistol and rifle shots from the negroes, but none of the whites were injured. Their return fire, however, killed three negroes and wounded five others. The rest fled into the woods

where they are being hunted now by the whites.

Schenectady, N.Y., July 5.—A white man guiding a wheelbarrow containing a colored man through the downtown streets early last night precipitated a riot here. It was in payment of a bet as to the result of the Jeffries-Johnson fight. Feeling ran high for several hours, and before it subsided ten negroes had been badly handled. Fully half a score sought refuge at police headquarters. In one case the fugitive was pursued to the very door. Police scurried hither and thither, but succeeded in arresting but few of the rioters. The most serious injury resulting from the disturbances was sustained by J. J. Hurley, a saloon keeper. He was slashed across the face by an unknown negro.

### Militia Was Ordered Out.

Norfolk, Va., July 5.—Many negroes are in the hospitals with broken heads and bruised bodies as the result of conflicts with three hundred sailors, who, following news of the fight at Reno, marched through the streets last night hunting for negroes. They beat one negro almost to death against the post office building. Practically every cell at police headquarters and the second precinct station is filled with negroes, sailors, and young white citizens. Mr. Kiser, the chief of police, requested Major L. W. T. Waller, at the Navy Yard, to send assistance, and a detachment of marines and sailors, heavily armed, was hurried to the city. The situation was under control before morning.

Chattanooga, Tenn., July 5.—Clashes between blacks and whites were numerous last night, following the result of the Johnson and Jeffries fight. A negro was knocked down by a militia man and the police had to stop the riot following. Arrests followed, and the militiamen began forming for an attack on the negroes. This was broken up by the police. Half an hour later, on the same street, J. T. Bullen, private of the 3rd Mississippi Infantry, was seriously cut by a negro, who was saved from a mob by the police.

Columbus, Ohio, July 5.—Rioting, in which noses were broken and heads were cracked, marked a parade through the streets organized by hilarious negroes late last night. The trouble was caused chiefly by drunken whites, who sought to break up the parade of the blacks.

Washington, July 5.—In a fight between two negroes and white men over the championship battle at Reno, Thomas Mundle, an enlisted man of the United States Marine Corps, had his throat cut and is at the Casualty Hospital in a serious condition. Another white man, who was found unconscious late at night in Pennsylvania avenue, after a free for all fight, was taken to the hospital, where it was discovered he had sustained concussion of the brain. Several other participants in street fights were reported severely injured.

Hand-painted scarfs, ribbons and dress stuffs, as well as parasols, are decidedly smart.

## Feels Better than he has for Years.

DR. BOVEL'S HERB TABLETS AS A CURE FOR DYSPEPSIA.

A Toronto clergyman writes as follows: 4 Rose Av., Toronto.

Gentlemen:—Have been taking Dr. Bovel's Herb Tablets for about two months for dyspepsia, an oppressive feeling round the region of the heart, also dizzy spells which entirely disappeared. I now feel better than I have for years and can honestly recommend them to anyone needing a medicine to tone up the system and purify the blood, pleasant to take and mildly purgative. Wishing you every success. I remain Yours truly,

REV. D. CONVERY.

The really serious cases of indigestion and dyspepsia almost always have their location in the bowels and can only be reached by making the liver and kidneys active. No medicine regulates the liver, kidneys and bowels so nicely and so promptly as do Dr. Bovel's Herb Tablets.
