### St. John's Technical School!

The Fall Term will be held from the first week in October until the week before Christmas.

It is proposed to hold classes in the following subjects unless the applications are insufficient to warrant the formation of a class in any particular subject:

- Elementary Mathematics (Arithmetic, Algebra & Geometry).
- Elementary Mechanics and Hydrostatics.
- Elementary Magnetism and Electricity.
- Heat and Steam.
- Geometrical, Mechanical & Architectural Drawing.
- Elementary Chemistry.
- Economic Geology.
- Agricultural Science.
- Elementary Science and Practice of Plumbing.
- Manual Instruction in Wood.

From January 1915 to May 1915 special classes will be arranged to prepare Marine Engineers for the Board of Trade Tickets.

Except in a few cases the classes will be held in the evening. To facilitate the arrangements, names of those desiring to take any of the above courses should be sent in as soon as possible. For further particulars apply personally or by letter to  
**D. JAMES DAVIES,**  
177 LeMarchant Road,  
St. John's.  
jun20,22, jly1,4

### Dividends in Comfort!

The demand for many years amongst fishermen, farmers, loggers and miners has been for a rubber boot that would withstand the effects of the heaviest wear. A boot to fill this demand is the "Patent Process" boot, made by the Wales Goodyear Rubber Co. We have no hesitation in saying that this is the strongest boot that has ever been put upon the market, and the reason we are so sure is, that it is better than the best goods ever before sold under the Bear Brand. Price is right, in accordance with quality, and money spent on these boots will return you dividends in comfort and health. When buying Patent Process Boots  
**LOOK FOR THE BEAR—TIS ON EVERY PAIR.**
