Campaign.

Dear Boys and Girls,-The entries for the Garden Competition close on (official)—Our troops on the 18th June 10th, but it will be well to send in conjunction with the river flotilla, in your names and addresses as early

Some intending competitors may three prizes can be awarded, and no prize can be given in (c) and (d) for less than five entries.

Girls and boys between the ages of eight and sixteen inclusive are asked

The following prizes are offered

1st Prize \$5.00 2nd Prize\$3.00 3rd Prize\$2.00 And three prizes of \$1.00 each. Five varities of seed to be chosen from the following: Alyssum, Balsam,

Cornflower, Marigold, Nasturtium, Sunflower. Eschscholtzia, Poppy. Candytuft, Chrysanthemum,

An equal number of prizes of the same value is offered for the best grown from three varities of seed selected from the following: Radish, Parsley, Dwarf Peas

Beet. Lettuce. One prize of \$2.00 is offered to competitors of any age for the most successful attempt to cover an unsightly fence or building with climbing plants, of which any variety may be chosen. The following are suggested:-

Morning Glory, Scarlet Runners, Beans, Climbing Nasturtiums or Hops, if roots can be obtained.

A prize of \$15.00 also open to competitors of any age, is offered for the best window-box. Plants may be either flowers or fearns.

Conditions:

(1) All intending competitors will kindly send in their names and addresses before June 10th, to A M. A., P. O. Box 476, saying in which group they wish to enter. Children may compete for one or more of the four groups;

adults for (c) and (d). (2) The gardens to be inspected and prizes awarded early in September. Window-boxes will be in-

spected at intervals. (3) Adivce may be obtained from adults but all work in connection with (a) and (b) must be done by children. Gardens may be large

Address all enquiries for advice to A. M. A., P. O. Box 476. Below are a few suggestions for

children who have hitherto done gardening: Have you a plot clear of rubbish. The appearance of your garden will be greatly improved by giving the

fence a coat of lime. Find where the sunniest spot in your yard is-that is the place where the sun shines longest, and stars digging on a dry day. It is most important to dig deep and turn over the earth well, breaking up all lumps. Remove as many stones as possible. The finer the earth is, the better for the little seeds. Your ground will need some fertilizer. The best, if you can

procure it, is rotted stable manure. This should be thoroughly worked in. Later on, when the weeds come, you will find it easier to reach all parts of your garden if the beds are not too large. Boards around each bed will

keep the earth in position. You will find directions for planting the various seeds printed on the packages. Nasturtium seeds will grow more quickly if they are soaked for a day or two before being sown. Beginners, as a rule sow the seed too thickly. Remember the plants must have room to grow.

The Rich Can Afford to Pay, the Poor Don't Need To.

There is no greater bugaboo in the orld to the middle class than the doctor's bill. The rich man can afford to pay, the poor man doesn't need to, there is plenty of free treatment for him but the middle class man, the professional man, the clerical worker, the bookkeeper, the clerk whose wage has not leaped with the leaping cost of living must pay
