Rip Van Winkle Bonia

AWARES FROM HIS SOFT JOB SLEEP TO FIND THE VOTERS OF PLACENTIA BAY TOO WISE TO THE EVILS OF COAKERISM.

Bonia "Honourable" for a few weeks ies juggler, William F. Coaker, has coming to this district to hoodwink pit of abject despair and misery. That the fishermen all along the coast are alive at all to-day, considering what they have gone through, is a wonder. No one knows the suffering they have families, aged parents, wives, chil-

ple have had to suffer also, because of Coaker's tinkering and juggling with the fisheries. Bonia evidently slept and snored soundly whilst all this was going on, but not so our devoted champion friend William Walsh and his two good colleagues Michael Sullivan and Ned Sinnott. New Bonia over our eyes, and trap us into giving Coaker another free hand to lay hereby required to take notice waste the homes of every fisherman thank you, he expects us all to do this because he is Finance Minister. mind. As if 'tis alright for him to secure a bigger job no matter how persecuted the fishermen's families are by privation, ruination, starvation and the gouging, grinding miseries that the ruined fishery business caused us. What odds is it to us what glittering honors Bonia has or what tinsel surrounds his name; let him crave all he likes for the pomp and lion's den of Coakerism, but when he PUBLIC NOTICE is hereby cocks his head, and says, "Boys, I am given to the Electors of the Elec- Finance Minister now, I have a grand toral Division aforesaid, that in title, I am Honourable Captain Thos.

Rather does it Water Street, in the district of have a contrary effect, because it the St. John's Eastern Division riles the fishermen who have been on the 23rd day of the month of fleeced by Coakerism to see the like April from 10 a.m. until 2 of the of Bonia strutting around in his clock in the afternoon, for the Coaker peacock garb with a bagfull purpose of nominating persons of the taxpayers' money in his pocket, to represent them in the General in the way of a big fat salary whilst Assembly of Newfoundland; and the fishermen because of Coaker's that in case a poll be demanded misrule have not saved enough the and allowed in the manner of law past three years to fill the eye of a prescribed, such poll will be op- needle. However, Bonia won't be ratened on the 3rd day of the month tling any more Government dollars of May, in the year 1923, from from his bravado Finance Minister job the hours of eight in the morn- when the voters here tell him in plain ing until eight of the clock in the unvarnished language on polling day afternoon, in such of the polling that they want no Finance Ministers districts fixed by the Proclama- made to the order of William F. The worst Given under my hand at St. "shuneen" that ever came to this district had somebody put in a good word in his favour, some charitable remark that helped his cause in some way, but as for Bonia it is nothing but the utmost scorn. How can the people be blamed for thinking otherwise of a man over 70 years of age or thereabout, having spent his earlier life amongst the fishermen and knowing or ought to know something of their hardships, now coming along and endeavouring to chase the wolf of Coakerism into our very doors? But enough of him, he is ridiculed too much all over the Bay for me to attempt to add any more to the people's anger, and so I will leave him to his well deserved fate.
