

HUNDREDS OF LIVES IMPERILLED BY MANIAC'S INFERNAL MACHINE

Los Angeles Police Were Held at Bay for Over an Hour.

Los Angeles, Nov. 19. — Armed with an infernal machine containing enough dynamite to destroy an entire city block, a bottle of nitro-glycerin and a 45-calibre revolver, a masked maniac took possession of the central police station today, and held it for more than an hour, while hundreds of occupants of the buildings and those for blocks around the place, in panic, sought safety in distance.

When Detective James J. Hosick knocked the man unconscious with a leather "billy," after slipping up behind him, the fuse of the infernal machine was automatically ignited, but the box, with the fuse sharply spluttering, and hurled it into the street. Sticks of high power dynamite scattered over the pavement, while hundreds of spectators stood apparently paralyzed with fright. Through a freak of chance, there was no explosion, and Brown continued kicking the sticks of dynamite and jumping on the fuse until he had broken the connection, and extinguished the fire.

Adjourned Courts. The man, who gave his name as Albert Henry Davis, stated, on entering, that the highest official of the Southern Pacific Railway had sent for, so that he might blow him into eternity. "This is no joke," said Davis, "and

if you don't believe me, try to take this away from me. My hand is fastened in this box, and if I pull it out—bang—we all die."

A hole had been cut in the box and the occupants of the room saw for the first time that the man's left hand was hidden in the box.

Realizing that the situation was serious, police officials pretended to call up the desired official by phone.

In the meantime, Chief Sebastian ordered the street roped off for a block either way, and steps to have the prisoners in the city jail removed. Upstairs in the building two justice courts were in session, and both court-rooms were crowded.

Cleared the Courts. A detective passed the word to a bailiff in Judge Chambers' court, where a Japanese was having a preliminary examination on a murder charge before a crowd of his countrymen. The bailiff whispered to the judge.

"Court's adjourned until 2 p.m. Clear the courtroom," ordered the judge, promptly, and there was a rush for the stairway. A similar scene was enacted in Justice Frederickson's court.

There were not enough patrol wagons to remove the prisoners from the jail to the Doyle Heights Prison and two street cars were sent for.

At the receiving hospital Davis said tonight he "guessed" the fuse was too long, which was the reason there was no explosion. He said he was born in Germany, was 34 years old, and had lived in this country 15 years. He admitted that Davis was not his right name, and finally he declined to talk about his past.

HOCHELAGA ELECTS SECRETARY OF STATE

Hon. Mr. Coderre Carries Bye-Election With a Majority of 2,206.

Montreal, Nov. 19. — Hon. Louis Coderre, the recently appointed secretary of state of the Borden Government, was returned by his constituency today with the majority of 2,206 over his opponent, Leopold Doyon, the choice of the Nationalist-Labor combines.

Doyon failed by 90 votes to poll the necessary minimum.

Of the total vote polled in the constituency of Hochelaga, Mr. Coderre received 4,444, while Mr. Doyon received 2,248.

The standing in each of the four divisions of the constituency follows:

St. Gabriel—Coderre 1,940, Doyon 668.
St. Cunegonde — Coderre 469, Doyon 331.

St. Henry—Coderre 1,220, Doyon 912.
Westmount — Coderre 1,493, Doyon 55.

When last Mr. Coderre stood for election in Hochelaga he was opposed by L. A. Rivest, and at that time was returned with a majority of 1,262 over his liberal opponent.

Coderre's statement. "The result shows, beyond a doubt, that French-Canadians are ready to stand shoulder to shoulder with Canadians of other extraction in defence of the rights of Canada and the empire. It shows that they realize that all Canadians must work in concord and harmony in order to develop to the full the wonderful possibilities of this great country. It shows that French-Canadians feel that all their most cherished rights are wrapped up in the maintenance of the British Empire in its present condition; for the day that the British flag falls in battle will be the one on which the rights of Canadians—and French-Canadians—will be most imperilled."

In these words Mr. Louis Coderre expressed himself concerning the result of today's polling. He addressed several gatherings early in the evening.

Heavy Weight On the Stomach

Stuart's Dyspepsia Tablets Remove it and All Other Forms of Indigestion Quickly.

That awful feeling as though there were a heavy weight on your stomach—as though you had swallowed an enormous lump of lead—is caused by the failure of your stomach to thoroughly digest your foods. You may have eaten too fast, or too much. Your stomach may be overworked, and tired out. It is too weak to produce enough of the digestive juices necessary to take proper care of the food. Gases form and cause all sorts

of agony. The stomach demands more pepsin, hydrochloric acid and other digestive agents which it is unable to secrete.

Medicines are not only worthless in cases of this kind, but are actually injurious to the whole system. It is sheer lunacy to pour a lot of vile stuff into the stomach—drugs that have no digestive power whatever.

Stuart's Dyspepsia Tablets contain ingredients that not only bring quick relief to indigestion sufferers, but actually digest the food for the stomach. One of these little magic tablets taken after each meal will regulate the stomach, revitalize the secretory glands, strengthen the muscular walls—in fact, tone up the entire digestive system.

No home should be without Stuart's Dyspepsia Tablets constantly on hand. They step all forms of indigestion, such as sour stomach, belchings, heartburn, dizziness, nervousness, constipation, etc. After a brief course of treatment your appetite improves. You enjoy your food more. You awaken every morning with a happy disposition. Life looks brighter. Your brain becomes clearer and your eyes sparkle with their old-time snap and twinkle. You are practically a new person.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents a box.

OPPOSE ANTI-TRUST LAW

Labor Men Differ Only on Best Means to Combat Sherman Act.

Rochester, Nov. 19. — An all-day discussion of the Sherman anti-trust law, as interpreted in the Danbury Hatters' case today prevented consideration by the American Federation of Labor convention of the report by the committee on education on the resolution favoring the adoption of industrial unionism.

Discussion of the Sherman law was ended at 5 o'clock, and the question of taking steps to encourage its amendment was referred back to the committee on the president's report, which will make a recommendation later in the week. By a special order of business, discussion of industrial unionism was not to follow the Sherman law discussion and will be taken up tomorrow morning.

All day speakers arraigned the Sherman law as a menace to the right of workers to associate for purposes of common interest. On this point there was agreement, but a difference of opinion arose as to the best means to combat the law. Whatever means is employed, it was the convention's sentiment that the law must, in the words of President Gompers, be amended or ended.
