BASEBALL

WATFORD 4—PETROLEA 3

Watford stayed on top of a 4-3 score in Petrolia on Monday evening and thus added another ballot to count in the grand recount at the close of the Lambton County League schedule. Another week and the first half of the series will be completed, and Watford will go into the second lap with still more energy than the first. The best drawing card so far, for the locals, however, lies in the fact that Watford is the only team that has defeated Forest, not only away from home but on their own ground. Already the local fans are eagerly looking forward to our next visit to Forest on Wednesday, July 5th, when the locals are quite confident they can again trim the present leaders of the county.

LOCALS WALLOP BRIGDEN 18-4
Brigden died hard on the local field at the hands of Watford team on Wednesday evening by the long 18-4 score. The visitors hopes faded from the first.

Watford's chances are still in the ascendant, with one more game with Petrolia in Watford next Wednesday, to complete the first half of the schedule. This will be one of the feature games of the season. Petrolia is apparently coming back to old-time vigor and will no doubt give the locals just as interesting a period as they handed to Forest last night. Come in next Wednesday and enjoy a good game!

Petrolia Holds Forest to 15-15 Tie

For Eleven Innings
Petrolia threw a surprise into the Forest camp on Wednesday night when they gave Forest as much as they received and each team battled royally under continual ties until the game was called in the eleventh inning on account of darkness, when the score stood 15 all.

Sermons by Wireless Telephone.

The day may soon come when the itinerant minister will be a thing of the past, says Popular Mechanics Magazine. The Herron Avenue Presbyterian church of Pittsburgh, which had been without a pastor for some time and compelled to rely on substitutes, decided on the installation of a wireless telephone receiving outfit in the pulpit. The outfit was a compact arrangement of loop antenna, amplifier and condenser, and it was the means whereby the interested congregation listened to a service from the Calvary Episcopal church of the same city. Although the speaker differed in creed from his auditors, attentive ears received his sermons as transmitted by the wireless.

Far From Independent.
"You are a fortunate man," said the automobile tourist.

"How's that?" asked the farmer.
"You are monarch of all you survey."
"I guess you are wrong, stranger. I still owe nine installments on that tractor; you see, my hired man won't pay any attention to what I say and there's a mortgage on the old home place."—Birmingham Age-Herald.

Ruinous.
Madge—Gossip doesn't pay.
Marjorie—I'm beginning to agree with you, my dear. The last secret I heard cost me more than \$2 for extra telephone tolls.—St. Louis Globe-Democrat.

Room for Baseball.
"Bill," said the managing editor.
"Yessir?"
"Shoo those movie queens off the baseball page into the fashion plate section."—Louisville Courier-Journal.
