At the convention of the Ontario Fruit Growers' Association, very favorable opinions were expressed as to the splendid results received from the use of "Niagara Brand Lime and Sulphur." The Niagara Sprayer Co., who make this material have an advertisement on another page that is worth reading. They have a staff of experts on spraying that are always willing to furnish free information to those desiring it.

Fruit growers in Canada will be pleased to learn that one of the largest manufac-

turers of Spray Pumps in the United States has opened a Canadian branch. This move has become necessary owing to the great increase in the demand for "Gould Pumps" in Canada. The reputation of this company in the United States as makers of high-grade pumps, is unquestioned and doubtless their name will soon be a household word among Canadian fruit growers, as it now is among the leading United States growers. Their Canadian address is Goulds Pump Co., Coristine Bldg., Montreal. See their advt. on another page.

As a general-purpose fence there is nothing obtainable that will fill the bill so well, and its lasting quality, because of its extra strength, makes it
