#### THE PHILATELIC ADVOCATE

A. H. Adams,  
Secretary.

This special edition is intended for D. P. A. Members and subscribers only, but for the benefit of strangers, into whose hands it may fall, we will say that the regular issues of this paper contain from 8 to 12 pages and cover. The subscription price is 25c. per year. Every issue is on time. The regular July issue was mailed July 3.

When we first heard that a large joint stock company was forming in Toronto for the purpose of starting a weekly stamp paper to revolutionize the world our linen duster seemed to drag on the floor two feet behind us but since we hear that they have discontinued for the hot summer months that same coat has become so small for us. We don't think that a paper that discontinues publication on the first warm day is fit to be Official Organ. Vote for the Advocate. Heat or cold does not affect us. We issue once every month and sometimes twice.

☞ If you cannot attend the convention fill out the enclosed proxy and send by return mail to any of the undersigned, as they will be at the convention. Don't delay but send at once.
