

ADVERTISEMENTS.

SEEDS AND PLANTS FOR SCHOOL CHILDREN.

Within the past five years the Superintendent of Public Schools as also Sunday-schools in different parts of the country, have introduced the practice of giving *each scholar*, at some time in April or May, either a packet of Flower or Vegetable Seeds, or a Flowering Plant, the object being to interest them in the practical work of Horticulture. Last year we furnished many hundreds of Collections of Seeds and Plants for this purpose, and this season, certain of an increased demand, we offer the collections at greatly reduced prices.

It is distinctly understood, however, that at these rates the selection of the varieties composing the Collections must be left entirely to us.

By Mail at these prices:	100	100 Packets of Flower Seeds, in 25 best kinds, for	\$3 00
		100 " " Vegetable " " " " " " " " " " " "	3 50
By Express, buyer to pay charges:	500	100 Plants, consisting of Roses, Double, Single, and Scented Geraniums, Double and Single Fuchsias, Heliotropes, Verbenas, etc. of all shades; for	5 00
		for \$22, or 1,000 Plants for	40 00

☞ Collections cannot be halved or divided.

With every order will be included our *Manual of*

"EVERYTHING FOR THE GARDEN"

for 1888. The handsomest ever issued, full of illustrations and cultural directions, and containing, besides, 3 beautiful colored plates. The value of the Manual alone is 25 cents.
