

THE TREND OF TRADE

Business doesn't saunter as it did. Elsewhere it is galloping and a decidedly accelerated gait is noticeable right here in Manitoba. Advertising is improving; store methods are more up-to-date; buying keener.

Are you keeping pace or rubbing along in the same old way? Have you realized the profit in buying at a Specialty House?

You don't buy drugs from a hardware firm. But do you buy your Men's Furnishings from a Men's Furnishings firm? A look at the samples—Sorting and Fall—our travellers have out now, will show you it means money. Then we are at your door, just on the spot.
