ACCORD TO THE PUBLIC—The prevalence of Diphtheria in Canada at present is a just cause for you to feel uneasy about your children. Have you any medicine at your homes? It may be too late when you call in your physician. What do the physicians say about my medicine? Those who have seen its effects recommend it highly, and have openly expressed the opinion, that if this medicine be applied, in the first stages of Diphtheria, there would be no serious fatal effects of the disease. Sore Throat, Canker Mouth, and Catarrh, it has never failed; and as to Catarrh, I challenge any other medicine in America to compete with it, either as to the quickness or to the permanency of the cure. Those people who are afflicted with Catarrh can receive a satisfying proof of the curative power of my medicine by referring to these papers, and to the testimonials given by patients from time to time. Yours &c, &c, M. M. SANGSTER, 135 Wellington St. North, Hamilton. Sold by Harrison Bros., Hamilton.
