

IMPERIAL GRANUM

THE SALVATOR FOR INVALIDS AND THE AGED

REGISTERED JUNE 5, 1877.

THIS has become one of the most popular and best appreciated articles of diet for the last comers into the household. They thrive on it, get fat, make muscle, and have plenty of lung capacity, though they generally smile rather than bawl, especially when IMPERIAL GRANUM is placed in their sight. IT IS REALLY A CAPITAL FOOD, one that can be commended as furnishing the best principles for infant diet. It is called for not only for babes, but IT HAS A VERY LARGE SALE AS A FOOD FOR INVALIDS, and we learn from its proprietors that the sales are not only increasing constantly, but those who use it SEEM BETTER PLEASED THAN EVER with its results. — *New York Pharmaceutical Record.*
