

## MONEY MAKERS

The Manufacturers Life Insurance Company, in a new form of policy it now issues, gives you a better investment than Government Bonds and a higher rate of interest than you can obtain from banks, as well as giving Life Insurance to your dependent ones.

This policy allows you to borrow, at any time after the second year, an amount equal to the most of the money paid in, or, in the case of misfortune, gives you extended protection for your family for a number of years without further cost. It is absolutely incontestable from the day it is issued and has no obnoxious conditions of any kind.

## Sets of "Rodgers" Carvers

are an ever acceptable wedding gift. "Rodgers" carvers are noted, like all Rodgers cutlery, for their perfection of finish as well as superiority of steel.
