BONSECOURS MARKET.

DEMAND FOR GRAIN SLOW-VEGETABLES PAIRLY ACTIVE.

Notwithstanding the fine weather, the gathering of buyers at Bonsecours market this morning was small, and business generally quiet. The offerings of grain were a little larger, for which the demand was slow. but prices were steady. The attendance of gardeners was large, and the supply of seasonable vegetables more than ample for the re-

Radishes were abundant and lower at 20c per dozen bunches; lettuce at 30c per dozen in a large way. Asparagus was a drug on the market, and prices show a decline of \$2 to \$2.25 per dozen since this day week, which is due principally to the arrivals from the West. The best bids holders could obtain were \$1.50 to \$1.75per dozen, which prices some accepted in order to clean ou, while others refused them and would not take anything less than \$2. A few small lots of oauliflowers were offered, which met with a ready sale at \$3 per dozen, as they were the first on the market this season. Rhubarb was plentiful, and sold at 20c to 40c per dozen bunches. There was no change in poultry, game and dairy pro-

past that the Chicago provision market showed any strength, which was due principally to the receipt of hogs being away below estimates, and prices were higher. THE PRODUCE MARKETS.

The cheese market continues much the same. Receipts of new fodder cheese are increasing and as the demand for them so far has been confined to the local trade, the tone is rather heavy. At Belleville some 800 odd were offered and sold at 71c to 78c. On spot values nom-

inally range from 71c to 74c.

There is no improvement in the butter market. Receipts of Western dairy are noted and they have come to a poor market, as 11c is buyers' idea of their value. Creamery continues slow and inclined to heaviness at 14c to 14c.

The tone of the egg market was easier to-day, and prices were ic per dozen lower. The demand was fair, especially for culls, at 8c to 9c, while choice sold at 91c

to 93c per dozen. In maple syrup the feeling was firmer, and sales were made at 5c to 51c per lb., in wood, and 55c to 60c per tin. Sugar sold at 71c to Sc per 1b.

Choice hand-picked beans were unchanged at 85c to 90c in car lots, and 95c to\$1.05 in small quantities.

Potatoes in carload lots are offering at 25c per bag, and in a small way sales were made at 30c to 35c.

INGERSOLL, Ont., May 12.—The first meeting of the Ingersoll cheese market was held here to day. Large attendance. A resolution was adopted to continue the call system, and no cheese to be sold except on the Board on market day with out the permission of a majority of the members present. After organization, election of efficers, etc., 1,650 boxes of cheese were boarded and all sold except one lot at prices ranging from 65c to 7

Belleville, May 12 .- At our board to-day 21 factories offered 600 white and 165 colored. The following are the sales:—Hodgson Bros., 100 colored at 71c, 120 white at 75c; A. A. Ayer & Co., 40 white at 75c; Thos. Watkins, 120 white at 7%c.

Madoc, Ont., May 12 .-- Cheese Board organized to-night for the season. Fifteen factories boarded 480 boxes; 40 colored sold at 7½c; 440 white, sold to Hodgson, at 75c. Buyers represented: Hodgson, Watkins, McCargar, and Bird.

Live Stock Markets.

LIVERPOOL, May 11.—Owing to hot weather the demand for cattle was slow and trade bad, in consequence of which the market was weak, and prices show a decline of 1c to 1c per lb, since this day week, best States being quoted at 10c and Argentines at 9c. On the other hand, the market for sheep was strong on account of small supplies, and values advanced le to 2e per lb., to 13e for best. At Loudon best was quoted at 124c. A private cable from Liverpool quoted choice Canadian and States cattle at 91c to 10c, and stated that heavy States steers were unsaleable at 94c.
Messrs. John Olde & Son, live stock

salesmen, of London, Eng., write Wm. Cunningham, live stock agent of the Board of Trade, as follows:—The number of cattle offered for sale to-day at Dept.ord was 2357, viz., 1,467 from the States and 890 from South America. The demand was firm, but the quantity was too large for a Thursday to allow selers to stand out for an advance. Good States cattle made 54d to 54d, and South American 31d to 41d, exceptionally 41d. The sheep trade was very slow in consequence of the large number slow in consequence of the large number for sale lately, but prices were steady, best qualities showing even a slight improvement. For sale were 1,210 sheep from the States and 5,315 from South America, a total of 6,525. The latter made 4½d to 5d for clipped sheep, and 5d to 5½d for wool sincep; some United States tambs up to 6½ States lambs up to 6d.

MONTREAL, May 12.—There has been no improvement in the live stock markets abroad; in fact, cable advices to-day were weak and lower, which was very discouraging news to shippers who have shipments on the way, as at to-day's prices they would stand to lose lots of money, and the prospects for any change in the situation in the near future are blue. The demand for export cattle here to day and at Toronto on Friday last was good, and all the stock suitable for shipment was picked up at 3%c to 4c per Ib. The receipts of Northwest cattle since May and have been about 3,000 head. The ocean freight market continues unsettled and rates are very irregular with all kinds of reports in circulation. The demand tor freight is,

cattle in the country.

At the East End Aoattoir market this morning the off rings of live stock were 600 cattle, 500 calves, 200 spring lambs, 50 sheep, 25 young pigs, and 10 hogs. Notwithstanding the larger receipts of cattle and the decided change in the temperature of the weather since a week ago, the tone of the market to-day was steady and values showed no material change. The feature of the trade was the improved demand from exporters and the bulk of the stock suitable for shipment was picked up at 3%c to 4c per lb. There was a large attendance of common, 2e to 24c per lb. live weight. The receipts of calves continue liberal, September.

In the Liverpool provision market heavy bacon declined 6d and lard 3d.
Pork closed 47s 6d; lard, 24s 3d; bacon, 23s to 25s 6d, and tallew, 17s 9d.
Cash quotations on provisions closed at Chicago to day:—Mess pork, \$7.65 to \$7.70; lard, \$4 57½ to \$4.60; short ribs sides, \$4.10 to \$4.15; dry salted shoulders, \$4.50 to \$4 each as to size and quality. Old to \$4.62½; short clear sides, \$4.25 to \$4 each as to size and quality. Old sheep sold at \$3.50 to \$6 each. Young pigs brought \$1 to \$1,50 each, and hogs 4c

there was also a good supply of cattle, and prices were low. Good grain fed yearall the choice steers and heifers met with lings, with wool on, were quoted at from a ready sale for export account at 4c per lb. The demand from local dealers for Spring lands were in large supply, there butchers stock was fair, and car load lots being over 70 over on the market. No changed hands at 3c to 3hc per lb. A few more are wanted for some days. Good small lots of sheep sold at 4c per lb. There sheep sold to day at 3c per lb. Milch were 250 live hogs offered, for which the cows and springers were selling well. demand was good and values were firmer. There were about 20 head in, selling

TORONTO, May 12.—There was a heavy run of stuff at the Western Cattle Yards to-day, and the market was a bad one for everything but hogs. There were 87 carloads of stuff on the boards, which included 102 sheep and lambs; 1,950 hogs, 20 milch cows and springers, and 127 calves. In export cattle, trade was to extra steers, \$2.85 to \$8.90; cows and the Old Country. Quantities of American cattle are being thrown upon the market there and are practically unsaleable. A little liveliness has been caused on the Toronto market by the depend of for cattle to go to France at the many packing and shipping lots, \$4.32½; choice mixed, \$3.25 to \$3.30; choice assorted, \$3.45 to \$3.55; make \$3.35 to \$3.50; pigs, \$2.70 to \$3.50; rather dull and prices were hard to push on the Toronto market by the demand for cattle to go to France and Belgium. Prices paid at the Western cattle yards to-day were not high, ruling at from 34c to 4c per pound for car loads of good cattle. In lattle yards to the state of the butchers' cattle there is hardly any de-mand, too much stuff is coming in and a great deal is of no extra choice quality. Prices ruled to-day at from 21c to 3c per lb. for good cattle up to 34c per pound for extra choice. These figures show a decline of about 1c per lb. since last week. In bulls, local dealers were not operating as a result of the prices which are being paid by the Frenchmen for stockers there is really no demand, quomarket was overstocked, and as a result g
