HINTS TO MOTHERS.—If you wish to cultivate a gossiping, meddling censorious spirit in your children, be sure when they come home from a church, a visit, or any other place where you do not accompany them, to ply them with questions concerning what everybody said and did—and if you find anything in this to censure, always do it in their hearing. You may rest assured, if you pursue a course of this kind, they will not return to you unladen with intelligence; and rather than it will be uninteresting, they will by degrees, learn to embellish in such a manner as shall not fail to call forth remarks, ner as shall not fail to call forth remarks. ner as shall not fail to call forth remarks, and expressions of wonder from you. You will, by this course, render the spirit of curiosity—which is so early visible in children, and which if rightly directed may be made the instrument of enriching and enlarging their minds—a vehicle of mischief, which shall serve only to narrow them.

The Best and Cheapest Machines in the world, at New York City Prices.

The undersigned having the General Agency for the sale of the Genuine Singer Sewing Machines, take great pleasure in informing the public of Canada that they have opened offices in Toronto, at No. 34, King Street East, and in the city of Humilton, on the corner of King and Hughson streets, where they will keep on hand, at all times, a full assortment of the Genuine Singer Sewing Machines, and will selt the same, at the same prices, as at the manufactory in New York, thus bringing the machines, which have proved themselves, after a test of lifteen years, to be the best, and most reliable machines in every respect, that has ever been made within the reach of all. The Genuine Singer Machines are colebrated for being more simple to operate, less liable to get out of order, do better and a greater range of work, break less needles, and more durable than any other.

The celibrity of the Genuine Singer Machines, and the reputation which they have acquired over all others, for superiority, has led certain manufacturers of Sewing Machines, in Canada, to make a logus initation of the Singer No. 2 Machines, and which are pulmed off upon the public for Singer Machines, but in value, when compared with the Gonuine Singer Imperial, No. 2 Machines, stand in about the same position as bogus coin does to genuine gold.

Look out for imposters, and dealers in bogus machines, who will not only tell you the bogus are quite epual to the Genuine, but superior, and that it is your duty to buy Home Manufacturers. But if you want a Machine that will prove truly reliable, and really worth what you may for it, buy the Genuine Singer, and you will not be disappointed.

The Genuine Singer, Letter A Machine is the best Machine made for family use.

The Genuine Singer, Imporial No. 2, is the best Machine made for tailoring.

The Genuine Singer, No. 3, is the best Machine made for harness makers and carriage trimmors.

JOHN PARK begs to call the attention of the trade to the Whiskies manufactured at the above establishment, which for strength, parity, and flavo- are unequalled by anything made in this country. They are well known and in great demand throughout the whole of Canada, being shipped in large quantities to Liverpool, and London, England, where they are much approved.

Grocers, Wine Merchants and Dealers generally, should lose no time in giving them a trial. There are many instances of storckeepers doubling the result in a very short time by introducing these celebrated whiskies.

The trade can only be supplied through me at the depot, where all orders will be promptly attended to.
