

Leckie Boots

— are particularly suitable for British Columbia weather conditions—rain or shine — for the smooth pavements

of a city or the rugged underfoot conditions of the great outdoors.

They are built absolutely upon honor. The trade mark stamped upon every pair is the "Leckie Guarantee" to you of a full measure of dependability.

Insist upon them.

ASK YOUR DEALER

Are You Getting the Best from Your Dairy Cattle?

Electricity

in your barn will increase your profits by saving time and money and giving you the reputation for first-class produce.

Power on the Farm

and a small water pump will enable you to keep your stable spic and span, your milk cool, and your cattle healthy.

There are many other ways to use electric current to advantage.
