CARVING CUTTERS

When you buy our tools, that is what you get. As the oldest manufacturers of carving tools in the market, we are in a better position to fill your orders as you want them, than any others. Besides, no tools are too difficult for us to make, and we give small orders the same care and attention that we do the larger ones. We make a specialty of carving, rounding, shaper and sticker tools.

## THIS MACHINE MAKES THE MONEY

¶ It makes a perfect imitation of any open grain because it uses the wood itself to print from. One operator and a couple of boys can do more work with it than 12 men with any other so called machine on the market. That's why it's a money maker.

¶ It imitates perfectly plain or quartered oak, mahogany, walnut, elm, ash or any other wood with an open grain.
