

.../2

4. Submitted with this memorandum is a "mock-up" of the proposed booklet. This is printed upon paper 5 1/4" by 7 3/4", one of the stock sizes established by Treasury Board. Further investigation into costs and the technique of production may enable the booklet to be reduced slightly in width.

5. The proposal of amalgamating these two publications in the format submitted is, therefore, recommended for your concurrence.
