

Adjournment Debate

What we are expecting from the Department of Forestry is— It is important that the agreement takes into account the needs of the environment, sustainable development, quality supplies for our businesses, and decent salaries for our forestry workers. That is what the Minister of Forestry has been working for and I hope my hon. colleague will support such a worthy approach, not only for a political party, but also for a

very important sector of our economy, namely our Canadian society.

The Acting Speaker (Mr. Paproski): The motion to adjourn the House is now deemed to have been adopted. Accordingly, this House stands adjourned until tomorrow at 10 a.m., pursuant to Standing Order 24(1).

The House adjourned at 6.20 p.m.
