515 Roslyn Ave.,  
Westmount,  
Jan 18<sup>th</sup> 1932.

Sir Arthur Currie,  
Principal of McGill University,  
Montreal.

Dear Sir,

The Ladies of the Frances  
Willard W.C.T.U were indeed disappointed  
in your attitude towards ~~our~~ letter of  
Dec 17<sup>th</sup>

Still we feel that you as Principal  
of McGill are able to exert an influence  
even with the medical Professors  
who choose to carelessly influence  
our youth in the taking of alcohol  
in any form. Many a "joke" may  
yield bitter results.

We feel that your definite  
stand against the use of Alcohol
