

so is the fact. The British monarchy, if monarchy it must be called, is certainly a good government, well suited to that country. Whether it would suit America would be known only by experiment. Probably it would not, but certainly it could not now be established. If we inquire by what power it is sustained in England, we shall find it is the good sense and mild spirit of Englishmen, the same power by which it was established. A similar spirit, with a fair portion of common sense, induced the Americans to adopt that system under which they live, and it may reasonably be expected, that a continuance of the same mind and temper will preserve to them, for a long time, the blessings of order, liberty, and law.
