

who have enriched church life of many of the cities of our own Province, such as Toronto, Hamilton, London and Brantford, as well as many places throughout our Dominion, notably in the West as far as the Pacific Slope. They are also to be found doing good work in New York, Ohio, Michigan, Illinois, Kentucky, California and other of the United States.

It is worthy of note that the pastors, with the exception of the pioneer, came from Ontario, their early homes being within a small radius of each other,

Mr. Hume's boyhood being spent in Esquesing, Mr. McTavish's at Nassagaweya, Mr. Ross' at Fergus, Mr. Marshall's at Brampton. All were men with fine educational advantages and wide scholastic training, each having won his Degree in Arts at the University of Toronto before entering on a Theological course at Knox College, Toronto. Of them each and all it may be said that they were honorable gentlemen, honored and appreciated not only by their congregation, but by the whole community, and were valuable members of Paris Presbytery of which St. George became a part in 1861, and of the other Church Courts.

MR. DAVID REID,
Clerk of the Session for 13 Years.
