

## CANADIANS USED THEIR BAYONETS

Men Showed Splendid Spirit in Meeting Foe's Surprise Attack.

### MAJ. ROY'S HEROISM

His Met Death in Trying to Save Lives of Others

(Continued from Page 1.)

One of our divisions, simultaneously opening a heavy bombardment on the area affected. The enemy advanced into the craters, but was driven out of them by our bombers.

At one point two German officers, led a party thru a crater. One was blown to bits by our bombers and the other rolled back into the crater. This then withdrew. At another point a party of the enemy reached our parapet and attempted to effect a permanent lodgment, but was driven off with fixed bayonets. Our companies manned their parapets and maintained a controlled fire wherever the enemy showed himself. The slight damage caused by the enemy to our parapets was speedily repaired.

Unhaken by Attack. The slight damage caused by the enemy to our parapets was speedily repaired.

The 22nd Battalion, under Col. Gaudet of Montreal, and the 25th, under Col. Ennis, displayed great coolness in dealing with this surprise attack, which consequently failed completely. Our patrols had been very active frequently cutting the enemy's wires and bringing in samples.

On the afternoon of Oct. 8, Lieut. J. G. Anderson, accompanied by Pte. A. H. Wythe, both of the 5th Battalion, encountered five of the enemy in a German sap. One of the enemy was killed and three wounded. The morning of Oct. 9, reinforced with three bombers, they revisited the sap, driving off a German working party and bringing in two rifles and other articles of value for identification purposes.

Artillery Effective. On the morning of Oct. 10 we expended a mine in front of our first brigade. The enemy was heard working in his mine gallery a few feet away just prior to the explosion. It is believed his losses were considerable. On the afternoon of Oct. 13 a demonstration was carried out all along our front. The fire of our artillery was effective both against enemy's wire and parapets. While the enemy's supports were being brought up they were subjected to heavy artillery, machine gun and rifle fire.

At one point, under cover of smoke, a party of thirty men under Major W. R. Brown, of 28th Battalion, Col. Macaverty, 28th commanding, accompanied by Lieut. C. Fairweather and Major J. Macaverty, 28th commanding, went to examine a crater close to the German parapet where the enemy was thought to be carrying on some work. An enemy bombardment was in progress, and heavy rifle and machine-gun fire was opened on the party. Major Brown was wounded in the advance, but continued to direct operations. The crater was entered by a few men under cover of weather and McPhee and rendered untenable to the enemy. The crater was then evacuated.

"During the afternoon, Sergt. W. C. Ryan, 28th Battalion, St. John, succeeded with the help of Pte. F. L. Daley, in bringing in a wounded man under heavy fire.

"Four working parties have been continually employed in strengthening and improving our defenses. Considerable rain has fallen during the period, and at times fog has been prevalent."

Big Game Districts Are Conveniently Reached Via Canadian Pacific Railway.

Canada's most famous hunting grounds are easily reached via Canadian Pacific Railway. Year after year a large number of sportsmen visit these localities and practically always bag the limit.

Small game and wild fowl are plentiful, while the fishing is unsurpassed. Particulars from Canadian Pacific ticket agents, or write M. G. Murphy, district passenger agent.

REPORTER WAS KILLED IN ELECTION QUARREL

Four Other Men Wounded as Result of Charleston Melee.

CHARLESTON, S. C., Oct. 15.—Sidney I. Cohen, a newspaper reporter, was killed and four men shot in a melee that occurred here today, just outside the room where Democratic city executive committee was to meet to canvass the returns of the municipal primary last Tuesday.

The Democratic municipal primary developed into such a bitter factional fight between the adherents of Mayor John P. Grace and Tristram T. Hyde, running at the head of the tickets, that serious trouble was feared.

When Gov. Manning, at Columbia, received notice of the shooting, he called the entire 2nd Regiment of the National Guard under arms to await developments at Charleston.

## OFFENSIVE BY TURKS IN CAUCASUS FAILED

Petrograd Reports' Repulse of Several Attacks—Enemy's Loss Heavy.

LONDON, Oct. 17.—An official statement from Petrograd records the repulse of several attempts by the Turks to pierce the Russian lines in the coastal region of the Caucasus. The statement says:

"In the Caucasus front in the coastal region the Turks again made several attempts to pierce our front, but were unsuccessful. In the region east of Lake Tortum, near the village of Keghyk and southeast of Lake Tortum, there has been much rifle firing. In the Vastan region along the southern shore of Lake Van we continue to pursue the defeated Turks. In the pass between the Villages of Lal and Kianashish we routed the Turks, annihilating most of them. The whole region as far as Fesheyvan, west of Vastan, is clear of Turks."

RUSSIA DENIES STORY SENT OUT FROM BERLIN

Has No Intention of Violating Roumanian Territory, But Says Enemy Wouldn't Hesitate.

NEW YORK, Oct. 16.—A news agency despatch from Petrograd published this afternoon, says: "The foreign office, denying German reports that Russia was about to violate Roumania's neutrality by sending troops thru that country to attack Bulgaria, issued this statement today. 'The Wolff Agency is circulating a story that Russia intends to violate the neutrality of Roumania in order to attack Bulgaria. The fallacious character of this assertion is obvious. The German manoeuvre is evidently aimed at distracting the attention of Roumania from the danger threatening her from Germany, who would not scruple to violate Roumania's neutrality to establish communication with Bulgaria or to try to enter Russia by the south.'"

## EVERY contribution withheld which might be given is a help to the enemy.

Every contribution given is a blow to Britain's foes. These are not idle words. Who can dispute them? Red Cross aid—immediate and unstinted—not only eases the pain of the dying and saves the lives of the hopelessly maimed, but it is the greatest factor of modern warfare for saving the less seriously wounded before loss of blood and infection get in their deadly work, and putting them, eventually, back into action.

Would we have ever ceased to blame the British Red Cross if it had NOT appealed for help in this great crisis—if it had simply allowed its work to go to pieces?

Never! And never will we welcome any opportunity more—we people of Toronto—than this opportunity to staunch the wounds of our heroes—smooth away the lines of agony from faces of suffering—and put thousands on their feet again to battle for what Britons call their "honor."

\$250,000

is the amount set by Toronto as her share.

Her special appeal is ringing around the Empire. Think with what intensity she is awaiting the answer! The three-days' campaign starts tomorrow (Tuesday), terminating on
