MONDAY MORNING, APRIL 17, 1911.

CITY AND CORPORATION SERVICE

Citizens have to realize that while the Hydro-Electric Commission and the City Electric Department may do their whole duty in connection with the installation of a city service, yet the principle of public ownership has so many and so bitter opponents, that the greatest care will be necessary to preserve the system from damage in reputation, and perhaps even in material being.

Anyone, not knowing the facts, who read the article, could not avoid gaining the impression that while the corporations had been putting their wires underground, the city had begun to put poles all over the municipality.

Then The Mail and Empire makes an insinuation, which Sir James Whitney should note well. It is in line with the Board of Trade's general attitude towards hydro-electric power.

What The Mail and Empire would thus impute to the city is exactly what the company did put into practice towards Toronto. The company actually refused to allow the city to lay conduits on its own streets.

Probably the Ontario Government has something in view with regard to the new government house. To put it in plain English, it means paying a great deal more for a more suitable site some years hence than it might be had for at present.

Probably the Ontario Government has something in view with regard to the new government house. To put it in plain English, it means paying a great deal more for a more suitable site some years hence than it might be had for at present.

to read." The state, said Mr. Shaw, will allow the child of the future pocket money, but will refuse it until he knows the multiplication table, and is able to give change.

To Mr. Shaw's mind a school book at present is a book which no person would read unless forced to. He criticized the practice of compelling the study of Shakespeare, and remarked that the man who had it thrust on him as a school subject was the man who went to musical comedies.

With reference to the city's statutory rights, it was stated by one of the aldermen board that they are no higher nor greater than those of the company. This applies to poles, wires and conduits.

Every member of the city council could be asked to go to the city hall and see the construction of the T. E. L. attacked. It is further asserted that in no instance has the city electrical department placed overhead wires where the T. E. L. have their underground.

From a government paper issued by the British Board of Trade, it appears that an investigation into the respective standards of living in the two countries has demonstrated clearly the superiority of the United States as compared with the United Kingdom.

Mr. Chiozza-Money, M.P., the well-known writer on economics in a recent article, examined the figures bearing on the increased cost of living in Britain. He found that actual earnings have remained practically stationary as between 1889 and 1909, while the cost of food, rent and sundries has decidedly increased.

Probably the Ontario Government has something in view with regard to the new government house. To put it in plain English, it means paying a great deal more for a more suitable site some years hence than it might be had for at present.

MOVE TO INSPECT WIRES NOT PROMPTED BY SPITE

City Will Merely Act on Power It Has Long Had, But Never Used.

The insinuation that the motion of Controller Ward for a rigid inspection of the overhead electric wires of the city is an attempt to vent the spite of the city on the T. E. L. has having refused to dispose of their stock to the city is flatly denied at the city hall.

With reference to the city's statutory rights, it was stated by one of the aldermen board that they are no higher nor greater than those of the company. This applies to poles, wires and conduits.

Every member of the city council could be asked to go to the city hall and see the construction of the T. E. L. attacked. It is further asserted that in no instance has the city electrical department placed overhead wires where the T. E. L. have their underground.

CROWN ATTORNEY ON TRIAL OF BONDSMEN

Rumored That Gang of Professionals Make Money Bailing Prisoners.

Crown Attorney Corley is hot on the trail of a class of individuals known as professional bondsmen. That several men are making money bailing prisoners living at the sort of work has reached the ears of the crown attorney, and when prosecutions will likely follow immediately.

WHIRLED ROUND FLY-WHEEL

Shocking Death of Cheesemaker Near Prescott.

BROCKVILLE, April 15.—(Special.) A fatal accident occurred on Saturday at Rebeck cheese factory, situated in the Township of Augusta, a few miles north of Prescott. The victim was Robert Graman, aged 25 years, who in adjusting a belt, was caught and whirled around by the fly wheel. He was instantly killed. While shockingly injured, his body was not mutilated. He was a married man and leaves a wife and four children, two of whom are ill with smallpox.

Have You \$1,400?

If so, it is all probability the result of saving. Many people who have earned sufficient in the past ten years to be possessed of \$1,400 are to-day without anything to their credit. If any of these men had begun ten years ago to deposit even ten dollars a month with us, and had continued to do so each month, there would now have been at the credit of each such sum of \$1,407.72.

Canada Permanent Mortgage Corporation TORONTO ST., TORONTO

AT OSGOODE HALL ANNOUNCEMENTS.

Osgoode Hall, April 15. Judges' Chambers will be held on Tuesday, 16th inst., at 11 a.m. Temporary list for divisional court for Monday, 17th inst., at 11 a.m. Bandy v. S. W. & A. R. Co. Wingrove v. Tawse. Brant v. Estate. Hall v. S. Hall. Kennedy v. Kennedy; Foxwell v. Kennedy. A. R. S. Macdonald.

Master's Chambers. Before Geo. M. Lee, Registrar. Bennett v. Jenkins; J. J. Dunbar, for defendant. P. W. O'Connell, for plaintiff. Motion by defendant for an order discharging plaintiff's action for want of prosecution. Order made, but not to issue until 19th inst.

Before Brillon, J. Nelson v. Nelson—W. R. Meredith (London) for plaintiff. J. S. Fraser, K.C., for defendant. An action by Sarah Nelson against her husband, John Nelson, to obtain possession of a certain piece of land, James-street, in Wallaseburg, the defendant promises now occupied by plaintiff's residence with her husband. Judgment in favor of plaintiff, with costs, to which the plaintiff did not consent. The plaintiff did not contribute to all purchased the property in question, but she did contribute to the purchase of the land, to which the deed was made out in plaintiff's name and delivered to her on the 15th inst. The defendant claims that the plaintiff would give to the defendant a piece of the property. Plaintiff denies this, and asserts that defendant made a gift of the property to her. The parties set out their respective claims, and an action for judgment is pending.

Before Brillon, J. Patterson v. Dodds—C. H. Porter and W. W. Bennett for plaintiff. Defendant in possession of an automobile, for which the plaintiff claims to be the owner. Judgment: I find as a fact that the notes of 15th November, 1910, were not made and signed by the defendant, and that the signature of the defendant on the notes was made by the plaintiff.

Before the Chancellor, Latchford, J. Bennett v. Bennett—D. O'Connell (Petitioner) for plaintiff. J. G. Smith and J. G. Smith for defendant. A motion by plaintiff to vary the judgment of this court as issued. The plaintiff's certificate in the taxing officer's office appears that effect has not been given to the intention. No useful purpose will be served by the court's order, and the order is set aside.

Before the Chancellor, Latchford, J. Bennett v. Bennett—D. O'Connell (Petitioner) for plaintiff. J. G. Smith and J. G. Smith for defendant. A motion by plaintiff to vary the judgment of this court as issued. The plaintiff's certificate in the taxing officer's office appears that effect has not been given to the intention. No useful purpose will be served by the court's order, and the order is set aside.

NOISY CHURCH-STREET BOARD

The proprietor of a boarding house on Church-street had an English guest who was to throw his boots heavily on the floor when he took them off before retiring each night. The proprietor and his wife slept in the room directly under the heavily booted Englishman, and the timely bang, bang, bang, after night, as the boots were discarded, became a familiar sound to their ears. The Englishman left the house recently, and the following night his room was occupied by a Canadian.

The first night the new boarder retired to the boarding-house, he heard only one "bang." They waited, but the salute was not repeated. Half an hour passed without the silliness of the night being broken by any noise in the room above.

Kingston, April 15.—(Special.)—Frederick Morgan, of Ernestown, brought to the general hospital, badly bitten in the face by a horse at the home of Frank Miller. His left cheek was torn in two places near the mouth.

Pastor Russell's Sermon

LONDON, April 15.—The London Tabernacle was crowded to hear Pastor Russell's Easter sermon on "The Resurrection Hope of the Only One." His text was from I Corinthians xv: 15-18: "How say some among you that there is no resurrection of the dead? If Christ be not risen, then is our preaching vain and your faith is also vain; ... then they also which are fallen asleep in Christ are perished."

For years God's people have had excellent Bibles and thus been blessed far in advance of brethren who lived during the "dark ages." We have our Bibles too, carefully and often have most of us wandered at the great street St. Paul laid upon the resurrection. Rarely is the subject ever preached upon now and rarely is it ever thought of except as an absurdity.

When once we get that "the wages of sin is death" and "eternal torment" and that the Bible hell is the only hell, and that there are no fiery furnaces, and that all mankind go to hell—just as did our Saviour; then we begin to see that what we all need is to be saved from hell, not from hades, just as the Saviour was. A resurrection salvation is thus the salvation of hope of the church and of the world.

When a man dies, he goes to hades, the tomb, where goes the soul and not a fiery furnace; and that all mankind go to hell—just as did our Saviour; then we begin to see that what we all need is to be saved from hell, not from hades, just as the Saviour was.

Some may say, Pastor Russell, what about the soul? If the body goes to hades, the tomb, where goes the soul and not a fiery furnace; and that all mankind go to hell—just as did our Saviour; then we begin to see that what we all need is to be saved from hell, not from hades, just as the Saviour was.

But he, being a prophet, spoke those words respecting Jesus, that His soul would not be left in hades, that His soul would not see corruption. St. Peter says that this prophecy was fulfilled in our Lord in that He was raised from the dead on the third day. He was not in hades, but in the tomb, the state of death. Altho the words "soul and hades" are translated "tomb and grave," they refer, not to the grave, but to the secret, hidden place, preferably styled the tomb, the abode.

Why Not? The hot, aromatic fragrance of a perfect cup of Coffee is a delight in store for every user of Dalton's French Drip Coffee. Nothing but pure Coffee of the best quality—No Chicory—Roasted by special process and all shell and indigestible fibre removed in grinding. Mild and Strong Brands 10c., 25c. and 40c. Tins

There is HEALTH and STRENGTH in every cup of EPPS'S COCOA. Childen thrive on "EPPS'S." Its fine invigorating qualities suit people of all ages. Rich in cocoa butter, and FREE FROM CHEMICALS. GRATEFUL AND COMFORTING

GLENERGAN Scotch Whiskey. A blend of pure Highland malts, bottled in Scotland, exclusively for MICHIE & CO., Ltd. TORONTO

CLEAN UP OF SLUMS IS TO COMMENCE TO-DAY. IS NOW IN FAVOR OF ELLIS APPOINTMENT

Medical Health Department Will Start Twenty-five Inspectors Thru Ward. There is now little doubt that P. W. Ellis will be the unanimous choice of the city council for the city's representative other than the mayor on the commission which is to have charge of the electrical department. Ald. R. H. Graham has declared himself in a letter to the mayor and as he led the attacking forces in opposition to the nomination at the recent sitting of the council his change of view is taken to express the feeling of the majority of other opponents to the nomination.

The first systematic house-cleaning that the city has ever experienced is to start to-day, when Dr. Hastings, medical health officer, will start out some 25 inspectors to examine the various back yards of the southern portion of the city. These inspectors will not be content with one visit, but will make a return trip to assure themselves that the instructions they issue regarding cleaning up are carried out. If they are not, those who refuse will be invited to make explanations to the police magistrate as to the reasons for their obstinacy.

Luke Caska Crushed Between Cars at Sunnyside. Caught between two flat cars at 10:15 a.m. Saturday, another victim was added to the heavy list of fatalities in the person of Luke Caska, an Austrian, who was employed loading flat cars at the Sunnyside crossing.

One flat car was standing apart, and just as the engineer shunted another one down to it, Caska started to cross between them. Jammed between the two cars, he was killed instantly. Deceased was about 45 years of age, married, and lived at 3 Gladstone-square. His body was taken to the morgue, and an inquest will be held early in the week.

OBITUARY. William C. Campbell, father of W. F. Campbell of the Canada Paper Company, died at the residence of his son, after an illness of several weeks. Deceased was 73 years of age. He was a captain of the Queen's Own Rifles, and fought at the battle of Ridgeway, in the Fenian raid, where he was badly wounded. For his military services he received a pension of \$300 a year from the Dominion Government.

JUMP CIVIC SALARIES. Board of Control Recommend Increases for Department Heads. With the exception of the medical health officer and the chief of the council, it is understood that the heads of the various departments at the city hall will receive substantial increases in salary this year. At least that is expected providing the recommendations of the board of control are carried out. If unmodified, the estimates are to be credited. No figures have been officially announced for the board, but the final revision of the estimates has been made, and the result handed over to the city treasurer to get into shape for a special session of the council to be called in about two days.

DR. A. W. CHASE'S 25c GATARRIN POWDER. Improved Blower. Heals the most stubborn cases of Catarrh, permanently cures Catarrh and Hay Fever. 25c. Blower free. Accept no substitutes. All Dealers or Edmondson, Bates & Co., Toronto
