"Texas"-Grand

If you want to see a real exposition of life in the southwest, go and tion of the in the southwest, so and see "Texas" at the Grand this week. "Texas" is not a blood curdling tale, such as its title might indicate, but a prettily told story of Texan life, with love and pathos, its desperation and excitement and its homely beauty. Each character is brought out so vividly as to impress upon the mind of a ly as to impress upon the mind of a watcher the deeper nature of man and woman, Col. Buck West, his wife and daughter, Texas West, live on Buckhead Ranch, with their cowboys. Among them is Jack Dailam, whose sterling qualities fit him for the position of a ranger. He loves Texas West, daughter of the ranchman, but his love only develops when and English lady appears. Another character, who does not appear, is that of the English lady's brother, whose life had been saved by Dallam some time before, and a gold mount-ed revolver, the pride of a ranger's heart, is given as a token of apprecia-tion. With the English lady are her cousins, Lady Frances and Lord Angus Trevor. Their brother's life had been saved from the hands of a Mexican half-breed by Dallam some years ago bringing upon his head the hatred of the revengeful Mexican half-breed, Pasquale, After Dallam's declaration of love to Texas, Lord Angus an-

"The Middleman"-Princess. Mr. Willard and his excellent com-pany entered upon the second week of their engagement at the Princess Theatre with a production of "The Middleman." There was a large aud-ience, and it is needless to say that the performance was thoroly enjoyed. To-night, "The Professor's Love Story," will be given; to-morrow even-ing and Saturday matinee, "David Garrick," with the one-act playlet, "The Silent Woman"; on the holiday, "The Middleman" will be given for the matinee, and "The Brighter Side" the matinee, and "The Brighter Side in the evening; on Friday evening, "A Pair of Spectacles" will be pre-sented by Mr. Willard as his first ap-pearance here in this pretty comedy. The engagement will end with "Tom Pinch" on Saturday evening.

Vaudeville-Shea's.

A happily-chosen list of attractions, many of which drew rounds of ap-plause and frequent encores, pleased a crowded house at Shea's Theatre last night. The program this week offers abundance of fun, and some real gems.

Billy Van was in his best vein as a black-faced humorist, and was ac-corded his old time ovation. Miss Grace Cameron, in character songs, was the favorite of the bill. Miss Cameron displays wonderful versatil-ity. She appears in many roles in her songs, and is picturesque in all, her interpretation of the foibles of kindergarten days being perfect. Two comedy sketches by Lawrence and Harrington, and by Kennedy and Rooney, add to the gaiety of the program. The latter duo are particularly clever.

The other numbers are also meri-torious. The Flying Rathbuns, three trapeze specialists, "flew" spectacu-larly, and the Musical Avolos wrought miracles with the zylophone. Three sets of kinetograph pictures close the

UTOPIAN BURLESQUERS-STAR.

To an audience that packed the theatre to overflowing, Cunning, the feature act at the Star, last night gave a successful scientific test act gave a successful scientific test of his marvelous ability to exchains, from tricate himself handcuffs, shackles and straight jack-ets. The act occupies about half an hour.- Handcuffs, four pairs are placed on his hands, shackles on his feet, and a chain around his neck. which is secured by furthe head, hands and feet. He then gets into a metal cage and the doors are locked and sealed. The committee used several yards of heavy chain to bind the cage. A canopy is dropped, and in a remarkably short space of time Cun-ning is a free man. Police officials dug ning is a free man. Folice officials dug up a pair of handcuffs of a very an-cient brand, which lock with a screw key. Cunning beat them just the same. He will visit police headquarters to day, where he will be locked in a cell and will curther demonstrate that he is and will further demonstrate that he is a wizard at jail breaking. The Utopians give a clever, sparkling show. The chorus wear handsome cos-tumes. Joe Midden and John W. Jess. Lottie Blackwood and Beatrice Harlowe and Marion and Pearl are in the

You can't stand in one position five minutes without tiring. You can't lie long in a plaster jacket without tiring. You can't ride many hours in a train without tiring. And you can't walk any distance or stand any time in hard, stiff, rigid, shapeless, ordinary shoes without tiring. Why? Because anything that confines the muscles and hinders or impedes freedom of muscular action produces fatigue. Want to know how tiring your ordinary shoes are? Well, just pull them off after a strenuous day and note the soothing, relieving, refreshing sensation that creeps over the body.

Foot-rites are built with six ingenious devices to give the feet, absolute liberty of muscle action, viz :

With Plumb-Line Level Heel and Sole to keep heel and ball on the precise level Nature intended, which gives foot bottom freedom. With Unwarpable Soles to insure the feet lying free and flat mstead of pinched and curled up.

With Toe-Freedom, Uncollapsable Box Toes to allow the toes barefoot freedom.

With Hurtless Instep Seams and "Won't Blister" Hooks and Eyes to promote freedom in the uppers.

With "Normal-Calf," almost as soft and supple a the calf's live skin, to provide a pliant, yielding, freedom-feeling canopy over the feet. And with Easy Insides, formed exactly the same size and shape as the feet which inhabit them, to eliminate pinching, squeezing and binding and give the foot muscles free, unconfined, natural action. These insides are produced by Foot-rite Foot-Sculptured Lasts.

The Foot-rite retailer in your town will prove the free muscle action feature and consequent "Won't Tire You" improvement of Foot-rites, if you'll call on him. You'll find his name below and his door swinging inward but never outward to find a more welcome store. Anywhere in America, Canada or Great Britain-\$4.00 and \$5.00 Event pair Coordwart Walted

The drama dealing with Scriptural scenes and characters has become a recognized feature of stage presenta-tion, and in the "Holy City," which is played2at the Majestic this week, there are those elements which the "Sig. of the Cross" and later plays patterned after it, have made familiar to the public.
