## NEWCOMBE'S CHRISTMAS PIANO SPECIALS.

Mr. Albert Atkinson had his fingers severely cut while operating a saw at Cane's factory on Tuesday.

The residence of Mr. H. Bogart was saved from destruction by fire on Tuesday by the timely aid of neighbors. A little-girl sick in bed gave the alarm, the occurrence being noticed by her on account of a stoverpepassing through the room in which she was. The interior of two rooms was damaged by the blaze.

It is not expected that Mayor Cane will find opposition should he accept nomination for the chief municipal office again this year. If, however, Mr. Cane drops out, ex-Mayor Robertson intends contesting the position against all comers,

The R. T. of T. met at the residence of Mr. J. Moffatt last night and arranged for an early concert.

On presentation of this advertisement before January 1st, any of these bargains can be secured.

P. S.-The constant demand for the famous "Newcombe" piano and its exceptional value and merit necessitates

the very magnificent assortment of these noted instruments being always displayed in our showrooms-and for the holiday season it is exceptionally large-an evening's leisure can be spent to advantage in becoming acquainted with these elegant instruments.

TECHNICAL SCHOOL CLOSING,

President Loudon Delivers an Address on Technical Education—
Prizes and Diplomas Presented.

The closing exercises of the Technical School were held last hight in a class room of that institution. About 200 pupils and their parents were present. Mr. A. F. Wickson, chairman of the board, presided, Others on the platform were: President Loudon of Toronto University, P. T. Trowern, J. D. Loudon of Toronto University, P. T. Trowern, J. D. O'Donoghue, John Tweed, Charles March, Principal McMaster, Robert Glockling and A. G. Harwood, secretary of the board.

President Loudon gave an address on "Technical Education." It would be absurd to add technical education to the other subjects taught in the High Schools, as the curriculum then would be overcrowded. He showed the difference between technical education and manual training. Where the latter trained the pupil's eye, ear and hand, it was an excellent teaching. In Germany workshops had been introduced in the schools, but the professor did not see the necessity of copying that idea in Toronto until the public asked for it. The speaker dwelt upon the benefits to be derived from a technical education.

Principal McMaster was of the opinion that a technical education should commence where the public schools left off. During the term just closed, 172 occupations and 77 trades were represented in the schools. It was found that pupils after receiving a training in this education, were able to earn twice as much at their trades as before.

Messrs. Glockling and O'Donoghue took advantage of the opportunity in moving and seconding a vote of thanks to President to warmly comment upon the the aldermen who had attempted to reduce the Trades and Labor delegates to the Technical School Board. Mr. O'Donoghue referred to Alds. Lamb, Davies, Score, Saunders, R. H. Graham, Dunn and Controller

# Nature's Iron Medicine

Iron extracted from fresh ox blood. Iron that is not harmful to weakest stomachs, of even a child. Iron that does not blacken the teeth, constipate or cause indigestion or contain strong acid like all the common iron medicines. It is known as Capsuloids. They are soft, easy to swallow, and quickly make hew, rich blood, which cures anaemia, chronic diseases, due to pale blood, such as Dyspepsia, Monthly Irregularity, Palpitation of Heart, Giddiness, Constipation, Nervousness and Headaches. Also diseases of Lungs, Heart, Liver, Kidneys, Stomach and Skin. Brings color to cheeks and lips, increases weight and restores good health. You need more new blood for the winter. Try Capsuloids.

Send for our Circular. Send for our Circular.

Note—You can always tell the harmful acid iron medicines by watching whether they blacken the bowel passage or not. Sold by all druggists at 50c per box, or 6 boxes for \$2.50, or sent post free on receipt of price.
