"They are small yielders, aren't they?"

> thought. "You seem to have it about right."
> "How far is the 640-acre tract from the 20-acre piece?"

"Why have you advertised the 640-acre tract as yours when you do not own it, and why have you publicly represented it as in 'the heart' of the Kern River district,

The little financier was not at all dis-

naccuracies, as you call them?" "No. To have done that wouldn't have been quite right by Pike. We'll take care of the stock-buyers to their satisfaction."

WEARY OF INGLORIOUS SKULKING.

EIGHT PAGES-MONDAY MORNING APRIL 29-EIGHT PAGES

New YCRK, April 28 .- The Tribune's London correspondent While no military expert ventures to mention any date when the military operations will cease in South Africa, meagre depatches describing the surrender of burners in small bands, and the capture of cattle and ammunition, are accepted as evidence that the Boers cannot . offer an effective resistance, and that they are weary of inglorious

The suggestion made by the military journals that the Boers remaining in the field should be treated as brigands rather than belliger ents revives the idea current eight months ago, when Lord Roberts was censured for making war upon the guerillas in too amiable a spirit Lord Kitchener was expected to stamp out the opposition with ruthless and wanton energy, and did nothing of the sort.

Equally futile is the expectation he will suppress brigandage with an iron hand and not allow the Boers the credit for making war in the "Couldn't go far toward paying only practical way open to them.

CASE, HOWEVER, IS A MILD ONE.

The Late Dr. Little's House is Under Quarantine-Mrs. Little is

London, April 28.—The scheme proposed a year ago for bringing Anglo-Saxons of different countries into closer social relationship has taken shape in the formation of what is known as the Atlantic Union, which Englishmen are told has already been introduced into two or three Americants, but also to cultivate personal friendships with them, that so many visitors from the Uniter States and the colonies come over every year, stay for a time in London, travel about the country and go away without having. Not Sick. for a time in London, taxer as a country and go away without having made the acquaintance of a single English family and without having entered a single English home. Some of them bring letters of introduction, which open certain houses to them. Some are of such distinction that all doors are Another case of smallpox developed in Davidson, who is also in the pest house, suffering from the dread disease. The open to them. The greater number, however, carry no such letters and are not known on this side of the Atlantic. Davidson home, at 127 Robert-street, is under quarantine regulations, and yesterday not known on this side of the Atlantic. They stay at hotels, go to places of amusement and drive thru streets and squares where every door is closed to them. They go away without any knowledge of English life, except that which can be gained from the outside. The Atlantic Union will be an attempt to meet and overgone this reproach. by the Committee of Five, of which Sir Walter Besant is a member, such phrases us this: "Those to whom their own people look to for leading and for guidance."
