Prospects for an Abundant Harvest in the Township of Markham

THE HAY CROP PROMISES WELL.

Were Never Brighter.

Portion of Old Yonge Street in the Village of Thornhill to Be

Prospects for an abundant harvest in the Fownship of Markham were probably never prighter than at the present. Following what was at the time thought to be an excessive rainfall, the present warm weather s having a most beneficial effect. Communications and personal interviews with many of the leading farmers, more particularly of the Township of Markham, in dicate that the agriculturist has fallen upon good times, and the end is not yet. Spring grains of all kinds, with the possible exception of barley, in low lying portions of the land, promise magnificent yields, and not for many years has the hay crop given indications of more generous returns. While not in so forward a state as last year, the acreage devoted to the cultivation of sugar beet, manglestate as last year, the acreage devoted to the cultivation of sugar beet, mangle wartzel, potatoes, corn and turnips is largely increased, owing to the great benefits attached to the feeding qualities of the two first-named varieties, while the erection of silos and the improved treatment of ensilage corn for winter feeding has enormously increased the acreage of the latter. With the prices for dressed hogs tending skyward, and beef in active demand, at prices almost unapproachable to the ordinary citizen, the lot of the York County farmer must be one of more than ounty farmer must be one of more than dinary comfort and independence.

Toronto Junction. Toronto Junction, June 13.—A special eting of the Town Council was held meeting of the Town Council was held in the Town Hall to-night, to give a third reading to the Dodge Pulicy Company exemption bylaw. There were opposed to the passing of the bylaw Messrs. Colvin, Cumming, Thorpe, Wright, Boon, Haln, Holloway and others, who each expressed himself as of the opinion that exemption was equivalent to taxing the poor man for the benefit of the factories, or, as some expressed it, the poor man was asked to pay the rich man's taxes. The discussion lasted until 11.30, the majority of Council advancing many good business reasons why it was in the interests of the town to exempt the factory. The company will pay full school taxes upon the present factory and upon the new \$40,000 addition, which it is contemplated they will build. The exemption is for 25 per cent. of the general rate upon the existing factory, for six years, and full exemption on the general rate on the new addition for 10 years. The company will employ 200 men.

Markham Beef Rings.

The formation of beef rings is steadily growing throut the county. The object of a beef ring is to supply the farmers in the ring with fresh beef once a week at least. The rule out in Markham is for about 20 different farmers to go into the ring. Each is bound to supply one beast and one man is appointed butcher for the combination: to attend to the killing and cutting up. The carcass, when dressed, ought to weigh at least 400 pounds, so that each farmer will get 20 pounds of meat, and in the course of 20 weeks he will have had a whole earcass. One time he will get steak, another time a roast, he will get steak, another time a roast, another time a boiling piece, or a shank, and so on. Each cut is numbered and cut according to a recognized chart. The hide and offal go in turn to the persons who supply the beast. There must be a Phone Main 4233.

SALESMAN UNDER ARREST. Walter Mackie is Charged With Theft By Whaley, Royce & Co.

Walter Mackle, a young man. who boards at 294 Simcoe-street, is under arrest at the Court-street Station, charged by his former employers, Messrs. Whaley, Royce & Co., music dealers, at 158 Yonge-street, with

Mackie, who was a salesman in the store, left his situation about six weeks ago, saying he had secured a more lucrative position with another firm in the same line of business. Some days afterwards it was found, the police assert, that the young man had been systematically appropriating to his own use money received from cus tomers of the store, and Mr. Whaley communicated with Mackie, telling him to call, hoping thereby to have the matter straighthoping thereby to have the matter straightened out. Mackle did not turn up at the
store, and Mr. Whaley, on learning that
the former intended to leave for Chicago,
yesterday, had a warrant issued for his
arrest. Detective Davis located Mackle at
Yonge and Wellington-streets, and placed
him under arrest. The specific charge upon
which the Young man was taken into custody is one of stealing \$5 on July 30, 1900,
but it is believed the amount of the alleged
defalcations will total several hundred dollars.
