AV STATE OF THE ST

Only a few loads of wheat and oats came in today. There was quite an excitement over one of the loads of wheat. One of the millers and the shippers got to running each other, and the result was as usual under such circumstances -strife ruled for a time, and the seller pocketed the profits; \$1 23 was the price paid in this case. Only one other load of wheat offered; it sold at \$1 18. Millers say that not more than \$1 18 would be paid for any quantity should it come forward.

Oats opened at 98c and closed at \$1 with a few loads going at \$1 01. One load of seed peas sold at 72c a bushel. Hay brought \$8 to \$9; supply light. Live hogs brought \$4 40 to \$4 50, and dressed \$5 75.

JUSTICE DEALT

Disorderlies on Both Sides of the Strike Fined

Case Against Miss Hughes Dismissed-Police Court Happenings.

At the police court this morning John Devine, a non-union man from Montreal, was charged before Magistrate Parke with using grossly, vile and insulting language to two ladies at the corner of Oxford and Adelaide streets on Saturday last. P. C. Downs had Devine's words written down two or three minutes after they were spoken, and the nature of them shocked the court officials. When Devine was put in the box he said: "Yes, I'll tell the whole truth about the matter. I'll admit that I used language that wasn't fit to be used, and this is why I done it: When the women passed the car they called out "Scab!" "Scab!" "Scab!" "Oh, you old scab!"

"Scab!" "Oh, you old scap!"
"What if they did?" asked the court. "I don't see how that could hurt you. I can't tolerate that kind of thing at all. The fine won't be very much, however, \$2."

Devine smiled, and the magistrate took him severely to task for this. "It's no laughing matter," he said. "I don't see how you can call yourself a man. It's only \$2, but it should be a great deal more. You had better not come before me again.

Wm. Blake and John Bailey were fined \$2 for being disorderly and calling out "Scab!" after the non-union

George Slade, charged with keeping a vicious dog, was dismissed, the ani-mal having been done away with. Charles Walsh was charged with drunkenness and theft, and remanded for a week. Francis Parker, a colored girl, was

Baptist Convention Discusses Missionary Organization.

Progress in India During a Quarter of a Century -Deficit in the General Fund Not Yet Removed.

Toronto, May 30 .- At Saturday's ses-

sion of the Baptist convention, Rev.

A. P. McDiarmid presented the report of the foreign mission board. After colored, 8%c; 150 boxes large colored, at giving a summary of the work in India during the quarter of a century just completed, it stated that the total number baptized into the membership nurches during the 25 years had been 6,348. The mission was Bates, Rev. J. P. McEwan and Rev. now well organized, having ten central stations, property to the value of \$50,-000, two associations, embracing more than thirty churches, with a present membership of about 4,000, more than a hundred Sunday schools, more than 60 Christian day schools, six station boarding schools, the Timpany Memorial School and the seminary, with theological, literary and manual training departments, ten ordained and sixtytwo unordained native preachers, seventy native Christian teachers, thirty was 39 years of age, and had suffered Bible women and five colporteurs, 181 places of regular meetings, 41 chapels, owned, some of the churches already self-supporting. The amount contributed at home for the work in the first year of organization as an auxiliary was \$1,169 27, and in the first year of independent work \$5,246. Last year the total amount raised was \$31,807 61. The year closed began with a deficit in the general fund of \$5.689. Of this \$1,000 was due the Messrs. Davies investment fund, and \$1,246 due the Bolivia fund, the remainder being due the bank. Regret was expressed that the hopes of removing the deficit had been disappointed. The sum from legacies was more than a thousand dollars less than last year. There was considerable deficiency in the receipts from individuals. There had been a gratifying increase in the number of Sunday schools sending offerings as well as in the amount sent. The present year had closed with a deficit of \$7,120 92. Regret was expressed that many of the church es seem to regard the circles and the women's societies as the agencies through which the foreign work of the church should be done. In reference to this matter the Rev. Mr. McDiarmid said there was danger of relying upon the women within the church to do the work which it was the duty of the church as a whole to do. The treasurer's statement showed that the year's receipts of \$31,807 included \$13,-136 from the women's societies, \$9,237 from the church, \$5,552 from individu-

> disbursements were \$36,580, of which \$26.981 was remitted to India. Mr. John Firstbrook, Prof. Farmer, and Dr. Gladstone were elected to replace the retiring members of the board.

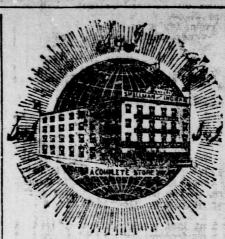

> als and \$1,613 from Sunday schools. The

A resolution was passed to amend the constitution so as to place the benefit fund of the superannuation board on a more benevolent basis. HOME MISSIONS.

DAWSON PEOPLE

Life and Property Absolutely Safe-Efficiency of the Police. [Toronto Globe Special.]

Dawson, April 27.—The fine, fair March weeks brought forth a prophecy from all the "sour-doughs" (old timers) that April weather would take a drop down into the teens below zero. prediction failed to materialize, and at the present date of writing even the most pessimistic admit that winter has left the Yukon and the summer season

is close upon us. The weather since the 1st of March has been the best of its kind, and your correspondent cannot recall in a long eastern experience a finer, earlier or more gentle spring. Certainly the river has not broken yet, but the ice is melting fast, and passage across the Yukon or Klondike is dangerous. The snow has nearly disappeared from the hills around Dawson, only the far-away mountain tops shine white under the strong sun. The earliest spring blossoms are out in profusion upon the hillsides - wild crocuses with purple petals and yellow centers wrapped in warm, furry calvxes. The flowers in the Yukon all have their blanket coats, and it is a pretty thing to see the young buds peeping out from their coverings. The crocuses appeared in mid-April, and were nailed with delight as the first flower our eyes have rested upon since October last.

THE WASH-UP.

The wash-up has fairly begun, and for six weeks the creeks will be scenes of keen interest. Meanwhile the Forks settlement - hamlet or mining camp, or whatever term best suits the nondescript nucleus-is preparing for a share in the miners' hard-earned spoils. Saloons, tents, restaurants, gambling places; low, red-curtained cabins, from whose doors and windows gaily-painted women-faces look out upon the single hilly street—these also await the wash-up, and count eagerly upon a harvest of gold dust and nug-

THE COLLECTION OF THE ROY-ALTY.

In the meantime especial and careful arrangements have been made regarding the collection of the much-abused royalty this season. Trustworthy police officers have the matter in hand, and are already at their various stations on the creeks to see that the government secures its full demand with as little irritation from the miners as is possible.

Dawson is undergoing so many improvements that the town will soon hardly recognize itself. The drainage, crude as it is, promises to prove more satisfactory than was at first anticipat-

LIFE SAVED-Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented remedy to do me good.
