## IS SWINDLER BAG- MIDDLETON THE BIGAMIST OF WOODSTOCK MEMORY?

One Who Knew Middleton Inti-  
mately Sees Resemblance in  
Photograph, and Compari-  
son of Photos Adds to  
the Belief.

Is John Bagley, or as the police be-  
lieve him to be, Charles V. Knightley,  
arrested Thursday night for uttering  
a forged \$2000 cheque upon the Col-  
lege and Yonge-street branch of the  
Bank of Commerce, really Lancelot  
Willoughby Middleton, bigamist and  
swindler, who was sent to the peniten-  
tiary for seven years from Woodstock,  
Ont., in 1898?

His picture has been seen by one of  
Middleton's victims before his commit-  
tal to Kingston, and she positively re-  
cognizes that Knightley is none other  
than her former husband.

Inspector William Greer of the pro-  
vincial detective department, who ar-  
rested Middleton, last night, after com-  
paring police photographs of Knight-  
ley with one of Middleton which he had  
preserved in his records, pointed out  
a number of points of surprising like-  
ness, and, indeed, when the aging influ-  
ence of a seven-year term in prison  
and the passage of 12 years in all are  
taken into account, the pictures bear  
great resemblance.

Inspector Greer has a wonderfully  
clear recollection of the Middleton case.  
Middleton, then a man in his 30s, set  
out to let contracts for a supposed C.  
P. R. line from Woodstock to Brant-  
ford. He used C. P. R. letter paper  
for all his correspondence, and this is  
a point of resemblance to the methods  
of Knightley.

The line was surveyed and Middle-  
ton started to sub-let the contracts for  
clearing the line, and work was begun.  
He asked for deposits as guarantees  
upon the contracts let, and would have  
received a number of these had he not  
been exposed just a little too soon.

He was arrested by Inspector Greer  
at Calverville, near Brantford. The  
arrest was made upon a charge of false  
pretences or fraud, which was later  
dropped when Middleton was taken  
to Woodstock to a term of seven  
years in Kingston for bigamy.

He had married two estimable women,  
one of Woodstock and one of Sarnia.  
He was defended by present Crown  
Attorney Ball.

Inspector Greer says that he remem-  
bers hearing that Middleton met with  
an accident while in Kingston, and  
would account for the present lame-  
ness of Knightley, should the two  
prove to be identical. He also remem-  
bers hearing that Middleton turned  
very religious while in the peniten-  
tiary, but that he also tried to escape,  
lost him any good conduct time. The  
inspector says that Middleton, in-  
stantly wanted in New York, and re-  
members having heard that he had  
swindled one of the women of the  
Gould family out of a considerable  
sum.

A photograph of Middleton was sent  
to England to identify the man as an  
English crook, and was returned first  
to Deputy Chief of Police Wm. Stark  
and then to himself. The fact that  
Middleton was an Englishman is an-  
other point in the identification, as  
Knightley is apparently an English-  
man, the claiming to be an American.

Middleton, at the time of his con-  
viction in Woodstock, was 27 years of  
age; the man under arrest here is ap-  
proximately 39, which coincides ex-  
actly.

**SAYS TIME'S COME FOR  
COMPULSORY SERVICE**  
Lord Esher, Authority on British  
Army Affairs, Feels That Vol-  
unteer Days Are Over.

LONDON, Aug. 31.—Lord Esher, one  
of the leading authorities in the Brit-  
ish army and heretofore a consistent  
supporter of the volunteer system, in  
an article printed to-day (Wednesday)  
says that he feels that the days of  
the volunteer are numbered and that  
the time may come for compulsory  
service in the army.

The lack of necessary recruits for the  
territorial force, which War Minister  
Haldane established on the advice of  
Lord Esher, is responsible for his  
lordship's change of views.

**LITERARY GIRL TRIES SUICIDE.**  
NEW YORK, Aug. 30.—A young wo-  
man who shot herself in the Hotel As-  
tor last night and declined to reveal  
her identity, was identified as Vera  
Fitch of Oakland, California. Her con-  
dition is critical. An operation was  
performed to-night, but the bullet was  
not removed. It entered the left lung.

The girl, according to hospital au-  
thorities, was detected over her literary  
failure.

**OPTIMISTIC CROP REPORTS.**  
WINNIPEG, Aug. 30.—(Special).—The  
Canadian Northern Railway crop re-  
port for the week ending Aug. 27, in-  
dicates that, thrashing is general this  
week. The reports from most points  
are very optimistic. Around Oakville  
the average yield is about 22 bushels;  
around Dundurn 18 bushels, and around  
Tessier 18 to 20.

BAGLEY, KNIGHTLEY OR MID-  
DLETON?

## SAYS ONTARIO MINES LACK GOLD AND SILVER

Chief Chemist of Federal Mines  
Branch Reports on Examination  
of Various Samples.

OTTAWA, Aug. 30.—(Special).—A re-  
port on the recently discovered gold  
and silver mines in Ontario and Que-  
bec has been issued by F. G. Warchief,  
chief chemist of the mines branch, and  
shows that a majority of them are  
practically devoid of ore of value.

Of 19 locations and "so-called mines"  
examined for gold, 16 contained abso-  
lutely none of the precious metal, and  
three contained traces of gold. These  
were all in various parts of Nipissing  
district, including James Township,  
Coleman Township, Lorrain Township  
and Trout Lake. Out of the same num-  
ber, seven contained no silver, and the  
rest values which were, in all cases  
except two, from a trace to 25 ounces  
of silver per ton. The two exceptions,  
which were in James Township, ran to  
over 100 ounces of silver per ton.

From six samples examined from  
six different claims about Larder Lake,  
five contained no gold and one a trace  
of it, while none contained any silver.  
Two samples from Algoma and one  
from Parry Sound district contained  
no gold nor silver. A Bucks Township  
claim furnished a trace of silver.

A claim at Sturgeon Lake contained  
silver at the rate of seven ounces per  
ton, while one on the shore of Lake  
Huron had traces of platinum. Of  
seven samples from different parts of  
Pontiac County, Quebec, four contain-  
ed no gold and four no silver. Three  
ounces to the ton was the highest sil-  
ver value, and in no case was there  
more than a trace of gold. Three sam-  
ples from Ottawa County were exam-  
ined and one produced a trace of silver.

## RING AND CASH MISSING

Windsor Police Have Two Mysteries  
to Solve.

WINDSOR, Aug. 30.—(Special).—The  
police are investigating the disappear-  
ance of a \$150 diamond ring from the  
showcase counter in Ashby's jewelry  
store, between 6 and 7 to-night, when  
a commercial traveler went to pack  
up his samples after showing them to  
Mrs. Ashby. The diamond, together  
with some other goods, was kept on  
top of the case. Mr. Ashby was called  
away to wait on the other side of the  
store. The ring was missing when two  
young ladies went out of the store.  
Julien Mousseau, grocer, on Wyand-  
ott-street, Windsor, went into the  
Merchants' Bank this afternoon. Com-  
plaints from the bank containing \$100  
on the counter. He missed the money  
a short time after, but the money was  
gone.

Big crowds from all over Essex  
County attended the annual farmers'  
picnic of South and North Essex, at  
the Casino grounds, Kingsville, this  
afternoon. Speeches were delivered by  
John Auld, Oliver J. Wilcox, M.P., Mrs.  
Watt of Clinton, and Miss Laura Rose  
of Guelph Agricultural College.

**A Hint to the Visitor.**  
One of the best barber and manicur-  
ing parlors in the city, away also from  
the plate-glass fronts of the noisy  
streets, is situated on the second floor  
of the Traders Bank Building, corner  
of Yonge and Colborne-streets, just  
below King. Ask the elevator attend-  
ant. You'll be directed to an elegant  
apartment, which, being off the beat-  
en track is more to be desired and  
where prices are just the same as you  
will pay elsewhere. Mr. Forsyth, the  
proprietor, looks well after the com-  
fort of his patrons. The work is an-  
tiseptic in the fullest sense of the  
term.

**A False Alarm.**  
The firemen were given a useless run  
to box 41, at Queen and Elizabeth-  
streets at 1.45 this morning.

## 8,000 INCREASE IN FIRST DAY'S ATTENDANCE

And the Grand Stand Had Big-  
ger Crowd Than Usual at

ING THE SILK HAT.

## SBARETTI NOT COMING BACK

Absence of Papal Delegate at  
Ottawa From Great Con-  
gress Is Signifi-  
cant.

MONTREAL, Aug. 30.—(Special).—  
The question as to the attendance of  
the highest Roman Catholic church  
dignitary in the Dominion at the con-  
ing Eucharistic Congress celebration  
has at last been settled by an official  
statement given out this afternoon  
just before Mr. Bruchet left for Ri-  
mouski to meet the cardinal legate.

Mr. Sbarette will not be at the con-  
gress, nor has the papal delegate at  
Ottawa left his native Italy, having  
been residing quietly in the vicinity of  
Rome for some months past. In a let-  
ter received lately by the Archbishop  
of Montreal, his excellency expresses  
the keenest interest in the work done  
by the clergy and lay promoters of the  
congress, and wishes them the great-  
est possible success, but adds that he  
was unable to be present. All along  
he had hoped to be present in Mont-  
real, but he is obliged to give up the  
cherished hope, as family matters  
render his presence absolutely neces-  
sary at home.

It has been rumored for some time  
past that there have been acute dif-  
ferences between the delegate at Ot-  
tawa and the bishops of Quebec over  
the appointment of a successor to the  
late Archbishop Duhamel, and the  
opinion prevails that the delegate will  
not return to Canada, altho his sec-  
retary remains here.

Then there is the unpleasant ques-  
tion of precedence. Mr. Sbarette re-  
presents the Pope in the Dominion of  
Canada, but at the congress the head  
of the Roman Catholic world will be  
especially represented by Cardinal  
Vannutelli, one of the most command-  
ing figures in Rome, and he, of course,  
takes precedence over all others at  
the magnificent church function which  
will be begun here at the end of the  
week.

## ATTITUDE OF THE C.P.R. TOWARD CITY OF TORONTO

Vice-President McNicoll's Reply to  
Query of Board of Trade Ask-  
ing For an Explanation.

The following telegrams, which  
passed yesterday between the parties  
named are self-explanatory:  
"Toronto, Aug. 30, 1910.  
"D. McNicoll, vice-president C. P. R.,  
Montreal.  
"The Globe of this date has Mont-  
real despatch as follows:  
"Ridiculous, absurd, a mountain  
made out of a molehill," said Mr. D.  
McNicoll, vice-president of the C.P.R.,  
summing up Toronto's attitude over  
the so-called freight traffic congestion  
and the declarations of discrimination  
by the railways favoring Montreal  
against Toronto interests.

"Am instructed to ask if you author-  
ize this statement and if it represents  
your views. Please answer.  
"(Signed) F. G. Morley,  
"Secretary board of trade."  
"Montreal, Aug. 30, 1910.  
"F. G. Morley, secretary board of  
trade, Toronto.  
"Have not seen Globe report, but if  
same as published in paper here, it  
does not represent my views. I do,  
however, class as ridiculous and ab-  
surd any statement that we favor  
Montreal as against Toronto, or any  
city as against another.  
"(Signed) D. McNicoll."

BADEN-POWELL RECEIVING THE SALUTE OF THE SCOUTS DURING  
THE REVIEW.

## Hand-Clasp Round the Empire

B-P.'s hand-clasp round the empire bids fair in the hands of the  
Boy Scouts to make an immense time cannot rub out.  
B-P. is an inspiration. He is a man, his own man, the empire's  
man, a world-man. He has done his duty; that's the stuff heroes are  
made of. He, in the flesh, is the sort of man to fire boys to do their  
duty. The boy scout of to-day is the man scout of to-morrow.  
B-P. is a manly man. Manliness is marked all over him. His  
clear grey eyes, looking you full in the face, without a blink, make  
you believe his nature is as clear as his eyes. His handclasp is firm as  
a rock. His look and his handclasp go together; they set up an elec-  
tronic connection.

And he looked the Boy Scouts over. They knew his story. He  
was living heroism to them. Some few got his handclasp. It was the  
left hand clasping the left hand—the left hand, the hand nearest the  
heart. It was the handclasp of a hero with the handclasp of a boy,  
who may, if he wills it, be a hero also some day—to-day if he does his  
duty as a manly chap.
