WHEAT PRICES RALLY OFFSETTING LOSSES

Expectation of Averting Railway Strike Causes Advance at Chicago.

Chicago, March 16.—Renewal of hope that the railway strike would be averted led to a rally in wheat prices this afternoon, offsetting to a large extent depression which resulted from orders that the market close unsettled, ranging from 1/4c net lower to 3/4c net higher, with May at \$1.82 1/2 to \$1.83, and July at \$1.54 1/2 to \$1.55 1/2. Corn gained 1/4c to 1/2c, and oats 1/4c to 3/4c. In provisions, the outcome varied from 2 1/2c decline to a rise of 10c.

Developments in the railroad controversy ruled wheat through the session. Lowest prices were touched during the first half of the day.

Numerous traders freely pressed the selling side of the market, but the bulls were able about midday to force a general covering movement, which in some cases lifted quotations five cents up from the lowest point of the morning.

Little, if any, attention was given to factors other than the railroad deadlock, the trade virtually ignoring each important subject as the revolution in Russia, and the official endeavors to fix a price standard for the whole Canadian crop.

Corn toward the last received good support. Oats duplicated the action of other grain. Provisions averaged higher with hope.

BANKS SUBSCRIBE SIXTY MILLIONS

Canada's New War Loan is Being Taken Up Satisfactorily.

By a Staff Reporter.

Ottawa, March 16.—The Canadian banks have subscribed sixty million dollars for the third Canadian war loan. While no indication of the total subscription received has been given out by the finance department, despatches received from Montreal, Toronto and other cities show that the subscription is quite up to expectations. The number of subscriptions runs very much on the same basis as in the case of the war loan of 1915, which was for one hundred millions, but for which applications for two hundred and six millions were received. The following are the subscriptions of the banks: Montreal, \$5,700,000; British America, \$2,000,000; Commerce, \$1,150,000; Dominion, \$3,300,000; Hamilton, \$1,550,000; Hochelaga, \$2,000,000; Imperial, \$2,000,000; Merchants, \$3,800,000; Nations, \$2,200,000; National, \$1,100,000; Nova Scotia, \$3,500,000; Northern Crown, \$800,000; Royal, \$7,000,000; Standard, \$1,800,000; Toronto, \$2,000,000; Union, \$2,700,000; Home, \$1,050,000; Sterling, \$650,000.

WOMEN SHOW INTEREST IN THE NEW WAR LOAN

With all the big life insurance companies but one having announced the amount of their subscriptions to the new government war loan, interest centres more and more around the small investor. Will the small merchant and man on salary shake his head and wonder at the opportunity of starting habits of thrift and investing at a time when his money may not only be placed at most favorable terms but in a manner that will help the empire?

This is the question that is being asked, and while the answer in the form of subscriptions is very good, there are yet many thousands who still might avail themselves of the opportunity for profitable investment. Women are taking an interest in this loan that was not noticeable in previous ones. School teachers, secretaries and office women, who at this time in previous years spent their all in Easter toggery, are considering a war bond a necessity.

In an interview with Mr. E. B. Stockdale, the general manager of the Trusts and Guarantee Company, Limited, yesterday, he stated that the company's subscription to the new Dominion Government war loan would be \$150,000. No part of this represents the conversion of bonds of the first loan.

The C.P.R.'s subscription for a million and a half is the first to be received from a railway, while the governments of British Columbia and Manitoba for one million are the first to be received from the provincial governments.
