Women Smokers in Britain
Increase Tobacco Consumption

London, April 19.— Growth in the habit of smoking on the part of women has been among the causes for the unprecedented increase in the consumption of tobacco in Great Britain during the past financial year. This announcement was made today in the bouse of commons by J. Austen Chamberlain, chancellor of the exchequer, in introducing the work hadden.

In a lot of counties all thru southern Ontario the farmers were on the land yesterday: plowing, discing, harrowing and seeding.

Labor is coming forward fairly well; hours, wages, meals, better than ever, with little said about daylight-saving. High prices for all farm products this year are looked for.

The United Farmers up in Queen's surer Peter Smith, say they can't resist the call of the land, and they want to see the legislature over. They sniff the battle afar!

So with the farmers all over the berlain, chancellor of the exchequer, in introducing the new budget,

Delid, Alias Thomas Bell, Known to Have Been on Bad Terms With Ramoden Hassan-Detective Cronin and Toledo Detectives Interrup t Delid's Negotiations for Purchase of Business in Toledo.

Boerina Delid, alias Thomas Bell, aged 40, was arrested in Toledo, Ohio, yesterday by Detective Bart Cronin, Toronto, and several detectives of the Toledo force on a charge of complicity in the murder of Ramoden Hassan, who was killed on March 4 and whose body was unearthed in the cellar of a house at 159 Wolseley street on Saturday last. Another man is wanted by the police in connection with the murder.

Delid lived in the Wolseley street house with Hassan and bitter feeling existed between the two men, which the police believe resulted in the slaying of Hassan. Hassan had received two weeks' wages on the eve of the murder and no trace of this money has as yet been found. Delid, as far as detectives know, left Toronto a short time after the crime was committed. He went to the home of relatives in Toledo on Saturday night and the Toledo detectives shadowed the house. When Inspector Guthrie learned of Delid's presence in To-ledo he telegraphed the authorities, and Sunday night Cronin was sent

to Toledo, arriving there yesterday.

Planned Business Venture

When Cronin and Inspector of Detectives William Delehanty of the Toledo detective force and his men entered the house in search of Delid they could not find him. They learned that Delid had gone to a foreign section of the city to negotiate for the purchase of a coffee house. The detectives waited, and when Delid returned they placed him under arrest. When searched Delid had \$110 in Canadian bills in his possession. He will be brought to the border today and brought back from Windsor by Cronin after Delid passes thru

the hands of the immigration authorities.

Cronin could easily identify Delid, as he handled the case when the latter had Hassan arrested one year ago on a charge of aggravated

Deputy Chief Dickson yesterday instructed Inspector Guthrie to make a thoro investigation of the conduct of the man who handled the Hassan mystery case before the body was recovered. Inspector. Guthrie declared his men had seen the blood stains on the window blind and stated that Hassan had on many occasions thrown liver out of the window to the cats.
