DOUBLE-BREADED SPORTS JACKET

BY LILLIAN M. SCOTT.

THE propriety of the overblouse has been the subject of divergent discussion for some time, and while the blouse that slips inside the skirt is almost a necessity with the short jacket now being worn, the overblouse that serves as a sports jacket has become a most essential part of the present day wardrobe.

Of tailored simplicity is the above model with its dainty vest of tucked organdie and roll collar. To complete this sports costume there is a skirt with side plating, short in length, for, while Paris is gradually lengthening the skirt, the American and Canadian couturiers are doing their best to shorten it.

DOCTOR MENZIES' MEMORY Praised

Memorial Service to Toronto Missionary, Murdered in Honan, China.

Bloor Street Presbyterian Church was last night unable to accommodate the hundreds of mourners who wished to attend the memorial service in honor of Dr. R. M. Menzies, Presbyterian missionary from Toronto, who was murdered by robbers in Hwankingshi, Honan Province, China, on March 17, 1920.

High Tribute Paid. At the service a short address was given by Mr. J. A. Patterson, of the Presbyterian foreign mission board, who paid high tributes to the work and character of Dr. Menzies. "He died as he had lived, following his vocation of saving souls, and his work will be an inspiration to all who follow," said Mr. Patterson.

Mr. D. Armstrong, secretary of the foreign mission board, also spoke briefly in glowing terms of the life and achievements of the fallen missionary. He stated that Dr. Menzies had been working for 25 years, and was one of 80 missionaries in Honan Province. In the dual capacity of physician and minister, Dr. Menzies carried out his work with great vigor and success, so that Mr. Patterson felt that no one man could fill the place left vacant. He appealed to the students present to make the decision and go to take up Dr. Menzies' work.

Rev. George C. Pidgeon, pastor of the church, brought out the fact that since Dr. Menzies' death leaves a great blank, it also leaves a great opportunity for others to take up the work. In conclusion he urged that other missionaries be sent out without delay to carry on Dr. Menzies' work.

"What's in a Name?"

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

By MILDRED MARSHALL

MABEL.

Mabel is translated to mean beloved, and certainly the name has a right to its significance, since it comes from the old Celtic word meadhal, meaning "lovely." The fashionable miss of today, who spells her good old-fashioned name "Maybelle," does not realize that she is trying to paint the lily; no name more redolent of poetry exists today than Mabel.

Mabel appears first as Meadhbh, the daughter of Eochaidh Feidhleach, King of Erin, was so called, and was such a beloved heroine of Irish romance that Congal Claen, according to the old story, bade the men of Connaught, her husband's kingdom, to "Remember Meadhbh." Meadhbh, the daughter of Meadhbh, became popular in Ireland, and, in honor of its first possessor, was bestowed on the Queen of the Fairies. The name was brought to England by settlers brought the name to England, where she was made immortal by Shakespeare and Ben Jonson. "Queen Mabel" is still a character of great beauty, and adorns the fairy tales of Britain.

Mabel means "beloved," a significance probably given by the Irish, who are naturally fond of fairy stories. In the name is too Celtic to appeal to the Latin countries, so she has no equivalents in Spain and Italy. Maybelle is merely an affectation, and has no real value except in the realms of fashion.

Coral is Mabel's talisman stone. It gives its wearer wisdom and bodily strength, possessing the power to fade in color, and to grow old and feeble with age. If it is broken, or even chipped, this power vanishes. Monday is Mabel's lucky day, and two her lucky number.

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with ROYAL YEAST CAKES should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other.
