STARTLING MOVE **MADE BY PRIMO**

And Now the Chances of the Giddings' Stable for the Plate Look Rosier.

Public opinion rose several points yeses of annexing the pending King's the five-year-old gelding. Bencher, set the season's training record for the plate distance at 2.11 4-5. The pair were sent out to show their wares and responded in a gratifying manner, running as follows: Quarter in .24 2-5, half in .49 1-5, three-quarters in 1.16 2-5, mile in 1.43 2-5, and the mile and a quarter in 2.11 2-5, with Primo leading comfortably at the finish. During the past few weeks he has not been highly regarded as a race horse, but this sensational work places him in the front rank.

regarded work places him in the front rank.

The Gorman plater, Rave On, was brought out for a work in company with Mandarin, but after breaking Rave On displayed an extremely mean disposition by pulling out to the fence, After starting up again he ran around to the stand, where he threw his boy, a light lad, in the employ of the Gidding Stable. Trainer Bird then sent the horse up to the barrier, where Starfer McGinnity sent him a mile in 1.48 1-5.

The fast Giddings' colt St. Paul was again worked, moving three-quarters in 1.17 3-5, but acting very badly. Could his impulsive disposition become subdued a more formidable candidate could not be found, since he is very speedy Other moves of the morning were: Easter Lily, mile in 1.45, mile and an eighth in 2.02 3-5; Cornell's plater, Glow Worm, a mile and a quarter in 2.18, very handy; Miss Gayle and Oriana, breezed three-quarters in 1.20; Orlana looks common; Mandarin, mile in 1.46 3-5; Belle Mahone, three-quarters in 1.17 2-5, with lots of reserve; Galwäy, quarter in .25; Pleasure Bent and Player, nice mile in 1.45 1-5, with the former leading by considerable; Ladder of Light, an easy three-quarters in 1.30; Jim Petrie, a mile and sixteenth, in 1.46, a good work; Azreal, three-quarters in 1.16 2-5, worth remembering; Gallopin, three-eighths in .37 2-5; Hard Luck breezed one and a quarter miles in 2.19 4-5. The Dyment platers were "blown out" a quarter in .25 in preparation for their work this morning.
