

dred souls have been saved on this Mission ! We have commenced a Sabbath School in Brantford, under auspicious circumstances ; and our affairs in general are becoming more prosperous. May God baptize us more with fire and the Holy Ghost.—Amen.

(Signed) J. CHEETHAM, President.  
COLLIN LANE, Secretary.

LONDON.—It has been our privilege to be instrumental in gathering several souls during the year, which has gladdened our hearts. In October, MacGillivray was made into a separate Mission from this, with 24 Members : we have filled up the vacancy, and of 20 others occasioned by deaths, declensions, and removals ; and we have an increase of six over our published returns of last year : it will be seen, therefore, that 30 is our real increase. Our finances have not been satisfactory to us ; but we have raised for different church funds \$406 60 cts. The erection of a suitable Church in London is the main question with us just now. May God open our way !

(Signed) W. ROWE, President.  
J. CAMPBELL, Secretary.

BOSANQUET.—We have opened two fresh places on this Mission ; and the result of efforts on these have been twenty-three members gathered. We are happy to say that our Local Preachers and Class Leaders are *heartly* in the cause, and *well affected* towards Primitive Methodism. Our Missionary has paid a visit to the Township of Plympton, where there are many Primitive Methodists scattered : they are very earnest for preaching ; but having ten places for one man *here*, it cannot be done. Dear Brethren, can anything be done additional by the Committee for this Township ? May God raise up friends and support for increased Missionary operations ! We have raised \$80 for our Chapel at Widder ; and our Missionary Collectors are resolved to exert themselves the coming year.

Yours in the Lord,

(Signed) ABRAHAM ERL, President.  
G. WATSON, Secretary.

WALSINGHAM.—Although our membership have not been much increased as we expected, yet souls have been saved ; and God has been glorified on this Station. We have commenced a central
