

TENTH ANNUAL REPORT  
OF THE  
TORONTO HOME FOR INCURABLES.

---

THE Board of the Toronto Home for Incurables presents the Report for the tenth year of its work, acknowledging the kind and loving Providence of God, who prompted the commencement of the "Home," and has ever sustained its daily wants and pressing needs.

The decade marks the advance from the humble beginning in the hired house on Bathurst-street to this large and comfortable and permanent "Home;" for all this great success let us in thankfulness say, "Not unto us, O Lord, not unto us, but unto Thy name give the praise."

At the annual meeting last year it was resolved that steps be taken to remove without delay the mortgage debt remaining on the building. We are happy to report that this has been done. The statement of the Treasurer of the Building Fund shows how, and from whose generous hands the required sum of \$6,000 has been received, and to-day the Home stands *free of debt*.

This done, our duty lies plain before us. We have built and paid for one-half of the complete building designed for the "Home," and *that* half is full, and in consequence of the want of space in which to keep separate those incurable of cancer, we are obliged to refuse their admittance; we therefore call for help to build the new wing in which we shall be enabled to admit these sufferers to the kindly care for which they so earnestly desire.
