

ONE YEAR'S SUSPENSION FOR ATHLETES JOINING INDEPENDENTS

LOCAL AMATEUR OFFICIALS GIVE WARNING NOTICE

Urge Young Players to Consider Seriously Before Joining Pros

One year's suspension from date will be the penalty imposed on any player competing with or against a professional, was the warning issued by W. E. Stirling, vice-president of the M. P. B. A. U. of C., when he read the plea made yesterday by certain athletes, who were professionalized several years ago, that some teams from the City or City and County League join them in forming a group to be called the Independent Amateur League. He also said that at the end of the year's suspension the athlete was not in good standing but only eligible to apply for reinstatement to the C. A. A. U. at the 1927 annual meeting and even then it might not be granted for some time.

A. W. Corey, vice-president of the C. A. A. U., also warned athletes against taking such a step. He characterized the new league under consideration as a "huge joke."

EITHER AMATEUR OR PRO.

Mr. Stirling said that he wished to warn young athletes particularly against a step which would place them outside the amateur ranks. He stressed the point that there was no such thing as an Independent Amateur. An athlete was either an amateur or professional he declared.

MR. COREY'S OPINION

Mr. Corey said that the move was just another attempt to put pro ball on the map under the name of independent amateurism as it was attempted at Amherst in 1922, when an organization was formed for the purpose of electing professional players to independent amateur athletics, but it never functioned he declared.

The contests were held under the auspices of the Potsdam Swimming Club in a 100-meter tank under unfavorable conditions, the water being icy cold, with a steady rain falling. Laufer also captured the 100-meter free style in 1 minute 3.0 seconds. Russell Webb, United States, was third, in 1 minute 6 seconds.

Bald Men

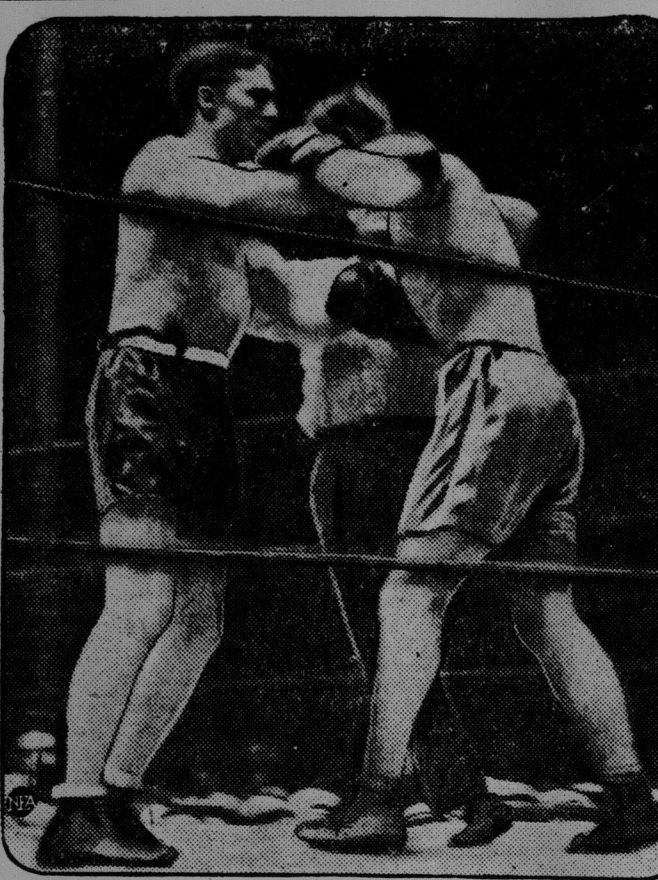

Grow Hair

Surprising reports are coming from men who were bald or losing hair and who acquired a new, vigorous growth by using a peculiar compound that awakens life in dormant hair follicles. "Four inches of hair have grown over what was a bald spot," is the report of G. W. Mitchell. "I had a large bald spot and real, healthy hair has developed all over my head," reports H. H. Meyer. Imagine the enthusiasm of Albert H. Flay when he reported: "My head was as bare as the bottom of my feet and now I have a good growth of hair." Geo. M. Schwank reports that even with a second application of the compound his hair stopped falling; then a new growth started.

Anyone who is losing hair, or is bald may obtain a proof box of this compound free of duty and postage, B-169, by writing to Kotaka Office, B-169, Station 1, New York.

John D. Secured Verdict Over John L. In Heyday of Later's Famous Career

By C. B. YORKE
SANDUSKY, O., June 23.—(United Press)—John L. Sullivan, famous heavyweight champion of the world, once took the count, figuratively speaking, from another well-known American—John D. Rockefeller.

The story, which came to light here in the dusty files of an 1885 newspaper, describes a collision between the two kings of their respective fields. John L. came off second best, losing both a ball game and a court decision.

It is the story of the visit of the crack Sandusky baseball team of 1885 to Cleveland for a game with the Forest City team; a game played Sunday, Sept. 13, 1885—40 years ago.

Fresh from a victory over the great Detroit National League team of that day, the Sanduskians were heroes when they took the field at Brooklyn Park, then just outside the Cleveland city limits.

The great record of the Cleveland team prompted the management to import a well-known Bostonian as pitcher—John L. Sullivan, then heavyweight fighting champion of the world.

According to a newspaper account of the game, 8,000 persons were in attendance when play was called.

Says a Sandusky paper of Sept. 14, 1885: "The crowd was very large, the attraction being John L. Sullivan, who pitched the nine innings and although the Sandusky boys, found him to some extent, he was at times very speedy. His fine physique brought forth much admiration and even our boys watched his work with interest."

"The Sanduskians made seven clean hits off the pugilist's delivery, while Forest City only hit Schiebeck safely twice. John L. succeeded in fanning out only two batsmen. Sandusky won, 2 to 0."

With the finish of the game the Sandusky team's part in the Yankee episode and John D. Rockefeller's began. To go back to the newspaper account:

"At the close of the game, as the Sandusky team was leaving the grounds, they were placed under arrest by Constable Jones, the smallest officer in the city. Sullivan was violating the county law by playing ball, the constable took Sullivan before Justice Hart. John L. gave bail in the sum of \$600."

The warrant was sworn out, it was said, at the request of John D. Rockefeller, of the Standard Oil Co., representing the Law and Order League. Owing to the delay in issuing the warrant the officer did not reach the grounds until the players were leaving.

The next day John L. paid a small fine, according to the newspaper account. He lost a ball game to Sandusky—and got pinched for it.

A. U. of C. He said that Vanstone took part in the game between St. Stephen and McAdam on Monday in which none of the other players were registered.

CINCINNATI AND PITTSBURG ARE NECK AND NECK

Other Rivals, Except Cardinals, Slowly Falling Behind in Race

NEW YORK, June 23.—Cincinnati and Pittsburgh, leaders in the National League are creeping away from their rivals slowly but surely, and where a week ago the difference between first and sixth places was only four full games, the margin is now seven.

Brooklyn, Chicago and New York remain in a virtual deadlock for fourth position, while the St. Louis Cards, fighting steadily on, now are stepping the Pittsburgh heels. Only one percentage point separates Cincinnati and Pittsburgh.

The Reds retained their very slight advantage yesterday by defeating the Cubs, 8 to 2.

Pittsburgh remained in the running with an exceptionally good pitching performance from Lee Meadows, who allowed St. Louis two doubles and four singles to win 3 to 1. Brooklyn clung to fourth place by downing Boston 4 to 2.

Philadelphia set down the New York Giants 6 to 2, the second game of a scheduled double header being called in the first inning, when heavy rain fell.

RUTH GETS HOMER.

Ruth gained his 23rd homer of the year, when Washington and the Yankees divided a double bill. The Senators took the first contest 8 to 7. Good pitching by Hoyt gave New York the second 9 to 1.

Ted Lyons of the White Sox, registered his 12th conquest of the season by beating Cleveland in ten innings, 4 to 3.

The Detroit Tigers rebounded their straight victory against St. Louis, 9 to 4.

HELPFUL HINTS

—BY—

GOLFING STARS

JOCK HUTCHISON

THERE is no fault greater in golf than to let the elbows fly around aimlessly in a vain search for power. Whenever I want to be absolutely certain to make a good drive I remember to keep both my elbows in close to the body to make sure of my pivot.

Getting into the habit of keeping the elbows in is a great help in many ways. It prevents one using the arms too much without the body. It helps the action of the left knee in close to the body to make sure of the pivot.

It would be extremely awkward to take the club on a golf swing with the shoulder without bending the knee naturally.

When the knee bends outward toward the ball, as it should, and not in toward the other knee, the left heel helps the action of the right knee in the right side.

Good advice has put more good golfers back on their game and helped others to acquire a good golf swing than any other thing I know of.

This advice has even won a championship for one player, who was not supposed to have much of a chance a month before.

BY FRANCIS OUMET.

TO MY MIND a golfing instructor should build up that which a pupil shows him and not tear it apart with a view toward trying to do something which is not natural. As going to be hard to do. It is, of course, a splendid thing to imitate, but if the imitation is not copying like the real thing it is better not to imitate.

Good champions are champions because they have watched others and have carefully developed a game they have found to be the best for them.

There is always a bit of individuality about each one's game. It is not a copy of another's. Would these athletes be the same drawing cards which makes his work appeal to the spectator.

Peterson stands 6 feet 3 inches, and weighs 165 pounds and is 23 years old. He is a hurdler whom Chas. Paddock pronounced as the world's next great timber toppler when the Coast sprinter returned from his world tour a year ago.

They Figured In Big Trade

"BING" MILLER, FRED HEIMACH, BRYAN HARRISS, BILL JACOBSON, HOWARD EHMKE.

These five prominent performers

figured in one of the biggest trades the American League has put over in some time. The wholesale exchange involved three clubs, Athletics, Red Sox and Browns.

Through the deal the elongated Connie Mack obtained Howard Ehmke from the Red Sox; the Browns got "Bing" Miller and the Phillies Heimach, Harris and Jacobson.

Ehmke, Heimach and Harris are pitchers, the first-named being considered one of the best in the circuit. Harris was traded to the Athletics from the minors in 1920.

Miller and Jacobson are outfielders. Miller was traded to the Mackmen by Washington in the winter of 1922, while Jacobson joined the Browns as a regular in 1917. Miller and Jacobson are both consistent .300 clubbers.

CITY RIFLE CLUB ARRANGES PROGRAM

Make Some Slight Alterations in Rules—Season Closes in September

The arranging of a program for the season and the drawing up of rules were the results of a meeting of the executive of the City Rifle Club held at the home of H. N. Hamilton, West street, recently.

It was decided to have the rules of 1925, with the exception of section three, govern this season's shooting. This section, which reads "In the event of three being 10 or more competitors in any class a second prize of \$1 will be awarded," will be discontinued.

Rule five was altered to read that range officers can receive match tickets on a 2300 o'clock instead of 215 on the afternoon of the shoot. The ticket of the secretary of any club may be taken by the range officer at any time during the shoot.

LARGE CROWDS THROUGH SCENE AS PLAY OPENS

Veteran Harry Vardon Sends First Drive Down Fairway

ST. ANNS ON THE SEA, Eng., June 22.—Fine, fair weather, with bright sunshine and northwest breeze, which were not expected to hinder good play, prevailed at the opening of the British open championship this morning. The contest, which will last over three days, has stirred up greater interest in Northern England than any previous golfing event in this part of the country.

The innovation of charging an admission fee, inaugurated recently at Muirfield, has been adopted here in an effort to prevent interference with the play.

The crowds arrived early and paid their half crowns to see the grand old man of golf, Harry Vardon, send the first drive whizzing down the fairway.

BARNES DEFENDING TITLE

It is on the fastest sort of ground that lies the Royal Lytham and St. Anns course. The competitors who are attempting to lift the crown of Jim Barnes, the United States professional, embraced a large number of the best players in the world. The play today was at 18 holes medal competition and a similar round will be played tomorrow. All competitors who are fifteen strokes behind the leader after Thursday's round, will retire from the tournament and those remaining will play 36 holes on Friday with the low score for the 72 holes, the winner of the championship.

The course measures 6,466 yards and the enormous St. Andrew's putting grounds and they are mostly long and narrow. The course is fairly pock marked with traps.

The greens are much smaller than the enormous St. Andrew's putting grounds and they are mostly long and narrow. The course is fairly pock marked with traps.
