CARLETON SCHOOL CEREMONY TODAY

Laying of the Corner Stone of the New Albert Building by H. Colby Smith This Afternoon.

With appropriate ceremonies, the cornerstone of the new Albert school was laid this afternoon at 3 o'clock by H. Colby Smith, senior school trustee from West St. John, himself a graduate of the old Albert institution. The new school will take the place of the old Albert structure which was erected some forty years ago and in whose classes were included some of the prominent business and professional men of the city.

Many people witnessed the ceremonies, which included a short programme given by the children from Albert School.

Albert school was opened in 1876. The building cost \$27,264. The trustees at that time were John Boyd, chairman, Alexander Lockhart, John V. Ellis, Zebadiah Ring, Chas. H. Fairweather, Reuben G. Lunt and Edwin J. Wetmore. The school principal was John Montgomery, and associated with him on the teaching staff were: Miss S. E. Whipple, Miss M. Brittain, Mrs. D. A. Thompson, Mrs. Geo. E. Baxter, Mrs. G. E. Huestis, Geo. E. H. Hay and George Baxter. Since the school was opened it has had four principals—Mr. Montgomery, Lt. Col. A. E. G. MacKenzie, who was killed at the front in the great war; W. L. McDiarmid, and the present incumbent, Miss Harriet Smith. The present staff of teachers are: Miss Clara R. Furlton, Miss Alice M. Carleton, Miss Margaret G. Emerson, Miss Bertha Brittain, Miss Nellie G. Rogers, Miss Emma H. Babbitt, Miss Margaret C. Newcombe, Miss Bertha Estabrooks, Miss Gladys Shaw, Miss Edna Shaw, Miss Margaret Owens, Miss Baird and G. B. Dunham.

At the formal laying of the corner stone this afternoon addresses were given by the chairman of the school board, Judge H. A. McKeown, E. W. Ingraham, Mrs. E. R. Taylor, Michael Coll and the superintendent of schools for the city, Dr. H. S. Bridges. The corner stone was laid by H. Colby Smith, who made a few remarks appropriate to the occasion, speaking from the platform reserved for the speakers. The children of the school sang several choruses and the Carleton Cornet Band played selections.

CONTINUE PROTECTION OF EAST INDIAN PRINCES

London, Sept. 23.—(Canadian Press) A government bill providing for the continuance of the protection afforded to Indian princes against seditious statements in the press which they have enjoyed since 1910 under the Indian act, which latter measure was recently repealed, has now been recommended by the governor general for reintroduction in the council of state, according to a Reuters cable from Simla. The bill was rejected on last Friday by the legislative assembly of India by a vote of 64 to 41. If passed by the council of state it will then become law.

MISSIONARY PAGEANT

An item which was inadvertently missed from the account of the rally day service in Waterloo street Baptist Sunday school was a missionary pageant performed by four or five girls of the school, dressed to represent the various countries in which mission work was being done. They were under the direction of Miss Ada Costes.

WELSH COAL TO FULFIL CONTRACT

Safety Department Will Accept Substitute for American Anthracite—Building Laws Referred to.

To relieve the fuel shortage, at least one department at city hall this winter will accept Welsh coal to fill the balance of a contract for American anthracite with local dealers. Commissioner Thornton at a committee meeting of the common council this morning reported that the Maritime Nall Co. had delivered about half the quantity of hard coal called for in their contract with the city for supply to the department of public safety. The contract price, he said, was \$46.50, and the contractor was willing to supply the Welsh coal at the same price, although it was retelling on the St. John market at \$21 at the present time. The commissioner reported that tests made of the Welsh coal were satisfactory, and he moved that he be given permission to accept it in lieu of the American product. This was agreed to.

Mayor McLellan expressed the opinion that all the city departments should assist in the same manner in relieving the coal situation. It is expected that the reports of other departments in the matter will be presented soon.

Tenders for seventy-five yards of cloth for policemen's overcoats were opened and referred to Commissioner Thornton as follows:— W. R. Brock & Co., Ltd.—\$5.50 a yard. M. R. A., Ltd.—\$3.92 and \$5.53 a yard. Oak Hall—\$5.35 a yard.

Commissioner Thornton was given permission to call for tenders for 460 yards of blue serge cloth for making uniforms for members of the fire department, police force and ferry department, for delivery next year, and to be included in next year's appropriation.

Commissioner Thornton informed the council that he proposed changing the lighting system at the city market. He asked permission to install lights in North and South market streets and also to install some additional lights in the hallways in the market building, at an estimated cost of \$450, to be paid for out of market revenue. A street light in South market street could be removed to another place in the city, where it is required.

Commissioner Frink suggested erecting light columns at Germain street similar to those in Charlotte city, where it is required. On motion, the plan outlined by Commissioner Thornton was approved. Building Matters.

Regarding the application of W. E. A. Lawton to make alterations in the Haring building in Union street, Commissioner Thornton said, in view of the present law, he could not recommend the granting of the privilege. He was of the opinion that it would establish a precedent which might cause difficulty.

The mayor said the present law was obsolete and impractical, and the only way to meet the present difficulty was to give way a little if the suggested plans would be any improvement. Commissioner Frink thought the only way to do was to go ahead until a new law was made without reference to any other city.

Commissioner Wigmore thought the change would improve the appearance, lessen the fire hazard and increase the city's property.

The matter was laid over for further consideration.

A letter from W. P. Burditt calling attention to the matter of union with the city council some time ago. The letter was ordered filed with other papers on the same matter.
