THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, APRIL 28, 1923

WILD TIME AT A FOOTBALL MATCH IN ENGLAND

London, April 28.—The great new stadium for the association football final to decide the championship between England and Wales, was the scene of disorders this afternoon, when the vast crowd became unruly just before the game was scheduled to begin. The stadium, with a capacity for 120,000, was nearly full, and the invasion of the field was apparently started by the desire of some of the crowd to get better positions from which to see the game.

After nearly an hour of anarchy work the police cleared the field and the game was started. It had been in progress only thirteen minutes, however, when the spectators broke through the cordons of police about the field and the game was stopped with the crowd entirely out of hand. It was another quarter of an hour before the police could again clear the field sufficiently for the game to be resumed.

Evidence of the nature of the crowd were seen at two o'clock when the turnstiles were closed after the stadium had been virtually filled. The thousands waiting at the entrance threw themselves against the gates and broke through, the police being unable to stem the tide. Many women fainted and fifteen minutes after the doors were stormed, forty casualties were reported.

Bolton Wanderers today won the English Football Association cup by defeating West Ham in the final of the series by two to nothing.

Leeds defeated Hull, 2 to 0 in the final of the Northern Rugby Union Cup game at Wakefield today.

BIGAMY CASE IS TRANSFERRED

Frederick, N. B., April 28.—George Crawford of Miramichi was taken to the place this morning to appear before Magistrate Lawson on a charge of bigamy.

This is the first April in five years that has passed without a forest fire in New Brunswick.

GETTING READY

Preparations are being made at the Union station today by C. N. R. trainees for taking care of the Hebridean settlers to arrive on the G. P. B. liner Maritimo tomorrow. Six cars have been placed in readiness and the future settlers of Canada will be taken to their destination in Alberta by C. N. R. The special train will likely get away some time during the afternoon.

LUMBER DRIVES ARE DOING WELL

Conditions Reported Favorable—Uncle of Former St. John Policeman Dead.

(Special to The Times.)

Frederick, N. B., April 28.—The St. John River is rising slowly and today is about eight feet above summer level. Greer brook drive for Fraser Companies, Limited, was brought out on Friday night. The ice above Grand Falls still is firm, according to advice to the St. John River Log Driving Company.

On the Nashwaak River the Nashwaak Pulp & Paper Company has commenced activities to preparations for driving. The river has been opened at Pennic and at the mouth shear beams are in position for the run of logs. Driving crews have not been sent in yet, but it is possible that an Arnold Brook start has been made by men living in the vicinity. The Nashwaak is rising steadily and with three feet of snow on the headwaters driving conditions are expected to be good.

James P. Hayes of Devon, for thirty-seven years in the grocery business, died on Friday night, aged sixty-nine years. Two nephews, survivors, William D. Hayes and Leo F. Hayes, the latter town marshal of Devon, and formerly with the St. John Police force. There also are two nieces, Miss Marjorie Hayes and Miss Rose Hayes, all in Devon.

CHARGE WOMAN WITH CRUELTY TO AN ANIMAL

Mrs. George Chatterton was in the police court this morning charged with cruelty to animals, namely throwing hot water on a dog. W. M. Ryan appeared for the defense and S. M. Wetmore, secretary of the S. P. C., and his assistant, Frank D. Thorne, appeared for the prosecution.

A juvenile said he had seen the dog since it was scalded and it seemed to be all right now.

David McKay, of Metcalf street, said he owned the dog. He had heard that the dog was scalded and had seen it trying to lick its back. The dog's back had been burned by water. He had asked Mrs. Chatterton why she had scalded the dog, and she had said she had no right to scald it. He had said she said she didn't know it was his dog. She thought it was Mr. Green's dog. To Mr. Ryan he said he did not get the dog from Green. He had doctored the dog himself. The dog had been out the next day.

Mr. Ryan produced a little child who, he said, had been bitten by a Newfoundland dog. The case was postponed until Monday at four o'clock.

During court proceedings this morning the magistrate complained that the blue pencil was drawn through references to him as "Judge" in the newspaper. He complained that he had been appointed a judge and sat as a judge.

MUSICAL TREAT

The people of West St. John were treated with a great musical treat last evening by St. David's Church choir, who sang the sacred cantata "The Rev. Last Words of Christ," by Dubois in Carleton Methodist Church. There was a large audience and all the singers seemed to be at their best, and the excellent chorus work was something that will not be forgotten. The solo work was well rendered by Mrs. E. M. LeLachur, Miss Estelle Climo, E. H. Bowman and J. M. Logan. E. C. Girvan was again in good form, with the solo "Beyond the Dawn," and the fine work of Bayard Currie at the organ will not soon be forgotten by the people of Carleton.

CITY MARSHAL STRUCK

One of the city marshals reported to City Hall this morning that, while in the discharge of his duties on the West Side this morning he was struck in the face by a man. He said that he was interviewing a woman about a water assessment bill when the man, who was not interested in the transaction struck him. He was told to get in touch with a policeman and lay a charge against the alleged assailant.

GUARD THE FORESTS

Permit to Go Into Woods After Next Monday

So Far 700 Persons Have Been Authorized to Give the Required Permission—Caution Against Forest Fires.

Frederick, N. B., April 28.—Final decision to take what is regarded as a most pronounced forward step for the protection of New Brunswick's forest resources has led the Department of Lands and Mines to inaugurate a system of registration for persons entering the forests of the province during the period that hazard from fire is the greatest.

Previously when a proclamation was published in the Royal Gazette announcing that all forest land in New Brunswick had been proclaimed "a protected area" and that commencing on May 1 and extending until November 1 all persons entering the forests for the purposes of travelling, camping, fishing or even planting trees, they were required to obtain a permit from the Department of Lands and Mines before proceeding into the woods. However, information which has recently come to the Forest Service branch of the Department of Lands and Mines from its representatives throughout the province indicates that in many sections of New Brunswick the woods are already becoming dry, that the change from season to season has been unusually rapid and that the forest fire hazard is already imminent.
