### CHANGE OF TIME FOR ADVERTISERS

Advertisers are requested to submit copy to The Times business office before 2 p. m. on the day previous to publication. Advertisements received at a later hour cannot be guaranteed for following day's publication.

### LOCAL NEWS

**HAS RECEIVED SCROLL.**  
Mrs. W. D. Cummings, 6 Delhi street, has received the memorial scroll sent with the signature of King George to mothers of sons who fell in the great war. This scroll is in memory of her son, Driver W. D. Cummings, C. D. A. C.

**HER SILVER CROSS.**  
Mrs. J. L. Morrison, 14 Cliff street, has received the silver cross awarded to mothers, in honor of her son, W. J. Morrison, who went overseas with the 42nd battalion, and died of wounds, August 8, 1918, after the battle of Amiens. His brothers, Sydney and Louis, were also overseas, but, happily, returned at the end of the war.

**POLICE COURT.**  
John Ryan, Brussels street, was this morning charged with assaulting his wife. He said he did not know anything about the affair. Mrs. Ryan said she had been drinking and created a disturbance during which he pushed her against a table causing a bruise to her eye. The accused was remanded. Two men, charged with drunkenness, pleaded guilty and were remanded.

**BRIDGMAN-GALBRAITH.**  
Mr. and Mrs. John J. Galbraith of Lorneville have received word of the marriage, on Dec. 28, 1920, of their daughter, Eleanor, to Rev. Harold T. Bridgman, of South Carolina. Miss Galbraith left here last summer to go to North Homan, China, as a missionary nurse. Friends here wish Mr. and Mrs. Bridgman a very happy life in their far off field of labor.

**HUNDREDS OF SKATERS.**  
St. Mary's Band played at the East End rink last evening, and the great sheet of ice was crowded with skaters. The facilities for checking coats and boots proved unequal to the great demand upon them. It was an inspiring sight to see the hundreds of happy skaters where a couple of years ago there was only a dump that was an eyesore to the neighborhood. President Ramsey and the executive of the East End Improvement League have done a great work for the community.

**MRS. LEE FOLKINS.**  
Complications following an illness of only a few days with measles caused the death of Mrs. Lee Folkins yesterday afternoon at her home, Seaville, Studholm, Kings county. Her husband is just recovering from an illness with the same malady, and every one of her five small children have been stricken with the disease. The sympathy of the entire community is extended to the bereaved family in their trying hour. Besides her husband and five children, Mrs. Folkins is survived by one sister, Mrs. John Bell, also of Seaville. She was daughter of the late Mr. and Mrs. Wellington Johnson, of Seaville. Funeral service will be held at the home on Wednesday afternoon at 1.30 o'clock.

### REAL ESTATE NEWS

Carrie M. Purdy and husband to G. D. Milne, property in Rothessay.

W. G. Usher to William Morrow, Sr., property in Westfield.

### RETIRING AFTER FIFTY-FOUR YEARS

M. & H. Gallagher, Charlotte Street, Going Out of Business at the End of March.

More than a half a century ago two young men came to the city from Quispamsia and established a grocery store in Charlotte street; on March 31 of this year the blinds will be drawn for the last time and a record of fifty-four years of upright dealing and the enjoyment of the esteem of a large number of customers and friends will be relegated to history.

In 1867 Michael and Henry Gallagher, both young men in the prime of life, left their home in Kings county and opened a shop at 14 Charlotte street. The business was primarily for the sale of groceries, but according to the custom then prevailing, a stock of liquors was also carried. In this location the enterprise prospered and the brothers gathered about them a patronage which immediately placed it amongst the leading businesses of the city.

Two years after the commencement of the business, Michael Ryan, then a young lad entered the employ of Messrs. Gallagher. In 1880 he became a member of the firm and today he is preparing to retire with Henry Gallagher, the surviving brother of their early partnership, Michael having died in 1908.

In 1877, following the St. John fire, the grocery and liquor businesses were separated and in 1886 the firm moved to its present location.

Besides the retail business M. & H. Gallagher did a large jobbing trade for some years. A great bulk of their custom was amongst the people living outside the town, which trade has been enjoyed since the inception of the business. Thomas J. Finnegan has been with the firm for more than twenty years and has had a large share in the conduct of the business. M. & H. Gallagher retire with a record of high integrity in the commercial world and with a lengthy roster of friends made and retained as the years sped on their course.

### GORMAN WILL BE HOME TOMORROW

Will Arrive on the Noon Train—Plan for Welcome to Speed Skater.

Charles Gorman, who made such a wonderful showing at the Canadian, National and International skating championships at Montreal, Saranac and Lake Placid, will arrive home tomorrow noon. He will be met at the station by a delegation from the Commercial Club and driven to City Hall, where Mayor Schofield and the city commissioners will officially welcome him and make a presentation. He will then be driven to his home in Main street. Next Tuesday evening he will be a guest at a banquet to be tendered him by the Commercial Club and the Knights of Pythias.

The two medals he won at Lake Placid have arrived in the city. The gold medal, which was awarded to him when he won the 440 yards event and established a world's record for outdoors, is of beautiful design. On the top is a small crest underneath which is inscribed "440 yards." A dark blue and orange ribbon suspends this to the medal which has the following inscription: "International Ice Skating Championships, 1921." In the center is a circle of blue enamel on which is "Lake Placid Skating Association." On the bottom of the medal two wings hold a gold tubular skate. The silver medal for the 220 yards is much the same design.

Word of his home coming was received this morning by Frank White, chairman of the skating committee of the Commercial Club, who was largely instrumental in having him sent to the big meet.

### HAS BAD EFFECT IN OTHER CENTRES

Fletcher Peacock, director of vocational training for the province, is in the city today. Mr. Peacock, in reply to an inquiry by the Times, said that the blow given to vocational training in this city is being felt all over the province. At Chipman, where they have just opened evening classes, in Moncton and elsewhere, he has had the remark made to him that they thought there were on the right track, but were greatly surprised at the action of St. John. Mr. Peacock added that in Fredericton a number of the members of the school board are opposing the addition of a wing to one of the school buildings and advocate the erection of a vocational high school. Throughout the province, he says, there has been a steadily growing interest in vocational training, and that the action of a large industrial centre like St. John cannot but have an undesirable effect. He appeals to the citizens of this city in behalf of the cause throughout the province.

### MORE TESTIMONY ON EVENING CLASSES

A girl living at home, desiring to get employment, took up a commercial course in the evening classes this winter. After a time a local firm wanted an assistant bookkeeper. She applied, stating that she was taking the evening classes. She was engaged on the understanding that she go on taking the course. Her sister took the domestic science course last winter, and is this winter taking millinery. These are not rich girls nor the daughters of a rich man. They know the value of vocational training.

### TAKE TIME BY THE FORE-LOCK, MR. PROPERTY OWNER!

It is false economy not to protect that building of yours from the destructive action of rain and melting snow and ice, by failing to equip it with the Gutters and Conductors necessary to carry away the flow of water.

Slowly but surely water will eat into and decay whatever wooden portions of the structure are long exposed to its ravages.

Slow up of the process of depreciation and prolong the life of your property by equipping it with our durable Galvanized Iron Gutters and Conductors.

Now, before the Spring rains set in, is the time to have this work done. We shall be pleased to submit quotations on any work you may require.
