TENDER GUMS - A WARNING

Beware of gum tenderness that warns of Pylorhea. Four out of five people over forty have Pylorhea—many under forty also. Loosening teeth indicate Pylorhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments. Forhan's positively prevents Pylorhea, if used in time and used consistently. As it hardens the gums the teeth become firmer. Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean. If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. The and 60c tubes. EYE STRAIN

This is usually due to a defective formation of the eye ball, and not to a diseased condition. While glasses do not cure this defect, they correct it by restoring normal vision without strain. Eyestrain causes loss of nerve energy and physical disability. If bodily comfort is desired, together with ease in reading, glasses to correct this defect should be procured. If you are suffering from eye strain let us examine your eyes and fit you with the right kind of glasses. Why not arrange an appointment today.
