HUN U-BOATS IN AMERICAN WATERS ARE OF CRUISER TYPE

Believed Their Mission is to Ham-
per Commerce and Carry on
"Frightfulness" Campaign

Washington, Aug. 16.—German raiding
submarines in American waters are of
the cruiser type, very probably con-
verted merchantmen like the Deutsch-
land. They are low speed craft with
great cruising radius, carrying large
cruisers, 5.9-inch guns and mine laying
equipment as well as torpedoes.

These conclusions have been drawn
by naval officers from detailed reports
gathered from time to time since the U-
boats first appeared off the Atlantic
coast last May.

It may now be stated that the raiders
have made no effort to attack troop-
ships leaving for Europe and that none
of them ever has been sighted by out-
bound transports or conveying war-
ships.

This fact, together with the general
character of the operations of the sub-
marines, is accepted here generally as
proof that the sole purpose of the raids
is to hinder commerce as much as pos-
sible and incidentally to carry the Ger-
man campaign of "frightfulness" to
America.
