Women's shoes for 98c., worth from \$1.50 to \$3.—At Pidgeon's, the low rent store. 9-23

A REMARKABLE ACHIEVEMENT

The official report submitted by Field Marshal Sir John French to the British War Office tells a plain unvarnished tale of a remarkable achievement in the face of odds. Without support which was expected from the French and which the latter were unable to give, the British fought a succession of battles which not only brought safety to themselves, but also made good the defensive of the whole allied line. It is not too much to say that had the British fallen at any single point, the Germans would by this time have invaded Paris.

No general, no army, like them, had but some retreat, but in them the moral qualities of victory in so far as they preserve unimpaired the strength of fighting forces. Such was the retreat of Sir John French upon Courmains, and Sir, who imagine, history will regard the retreat of Sir John French from Mons to the Noyan-Le Fere line, whence he has since advanced with notable success.—Brooklyn Eagle.

SENIOR DEAN OF TRINITY COLLEGE PASSES AWAY

RENEWED VIGOR IN OLD AGE

This Letter Brings a Message of Cheer to the Aged—Results of Using Dr. Chase's Nerve Food.

New, rich blood is what is most needed in the declining years to keep up energy and vitality. That Dr. Chase's Nerve Food is a wonderful help in maintaining good health and prolonging life is attested by the writer of this letter: "Mr. Stephen J. Leard, North Tyron, P. E. I., writes: 'At seventy-five years of age my heart gave out and became very irregular and weak in action and would palpitate. My nerves also became weak, and I could do nothing but lie in bed in a languishing condition, losing strength and weight. In that condition I began using Dr. Chase's Nerve Food, and am cured. Had I not obtained this treatment I would now be in the box with the roof over my nose. At eighty-one I have an energy which means good and an writing that letter to the aged people like myself may prolong their health and strength by using this great medicine.' 50c. a box, 6 for \$2.50. For sale by all dealers.

Don't Let Your Truss Make Operation Necessary

Operation for rupture would hardly ever be heard of if it weren't for the mischief done by elastic and spring trusses.

Mighty few people ever have to be operated on when first ruptured.

But wearing makeshift trusses year after year is sooner or later almost sure to make work for the surgeon.

You know that from your own experience — you know that you're worse now than a year ago — probably getting worse all the time.

If you keep on that way, how long will it be before you'll have to undergo a dangerous and expensive operation?

Are you willing to let us prove — by a sixty-day demonstration — how you can save yourself from all that?

Especially when you can make this sixty-day test without leaving behind a penny!

60 Days' Trial to Prove How Good It Is

Here is something — guaranteed rupture hold — which has saved thousands of people from ever having to be operated on.

It has so thoroughly proved its merits that we are willing to let you try it for 60 days — absolutely free — possibly, be forced out. And how in addition it provides the only way to ever discover or get rid of overcooking the weakness which is the real cause of rupture.

We'll make it especially for your case — make it to your measure — and practically lend it to you just for a test.

If it doesn't keep your rupture from coming out, we'll refund you, in any way, then you can send it back and it won't cost you a single penny.

Don't Send Any Money

Simply write for our free book — that will tell you everything you want to know.

It shows how our guaranteed rupture hold — is an absolutely new principle. How it naturally and automatically protects you against every strain as your rupture is possibly, be forced out. And how in addition it provides the only way to ever discover or get rid of overcooking the weakness which is the real cause of rupture.

The book tells how our guaranteed rupture hold — the famous Chas. A. Mearns' Truss — is so beneficial that physicians in all parts of

America now recommend it instead of advising operation. How it has completely cured thousands of people whose cases seemed hopeless. How it does away with the cause of boils, leg-aches and sprains. How it is permanent, and water-proof and will hold in the bath. How you can try it sixty days without having to risk a penny, and how little it costs if you keep it.

This Free Book is Full of Facts Never Before Put in Print

This book sums up all we have learned about rupture during forty years of experience.

Shows just why elastic and spring trusses are the rupture man's worst enemies.

Explains why operation is nearly always a needless gamble with death — and why, even if you manage to live through it, you may have to live on wearing a truss.

It shows why sixty-day trial is the only safe way to keep working for good — and how the Chas. A. Mearns' Truss is the only thing you can count on such a long time — because only elastic and spring trusses stand such a test.

Don't fail to get this book — don't put it off — the minute it takes you to write for it — free from rupture troubles for the rest of your life.

MARINE NOTES.

The five-masted schooner George P. Hudson, which was sunk July 11 about six miles from Pollock Rip Sho Lightship by collision with the steamer Middelex, has been blown up and removed by the revenue cutter Acushnet. There is now a minimum depth of four fathoms over the spot where the vessel went down.

FALL EXCURSION TO MONTREAL

Montreal is always a city of interest and especially so in early autumn when the weather is enjoyable, the many stores crowded with seasonal novelties, and with the very low fares prevailing on the Intercolonial Railway in connection with the annual fall excursions, the round trip can be made more cheaply than at any other time. On September 17, 18 and 19 the round trip
