SUMMER GRAIN SHIPMENTS. Tried at first as an experiment, the practice of bringing grain from the western centres to St. John in summer and shipping it from the I. C. R. elevator here has proven a marked success, so much so that the shipper in this way is now being made. There are now 50,000 bushels being shipped by the steamer Shamash to London, Reg., through Wm. Thomson & Co. received over the I. C. R.

BY CANOE FROM FREDERICTON. A party of six boys, among whom were Coleman Jordan and James Hizen, son of Hon. J. D. Hazen, left for Fredericton on Wednesday on the steamer Victoria. They planned to leave tomorrow in canoes for the trip down the river and expect to spend about two weeks camping at different places before reaching home.

Fiewelling has given the use of the hall to the Band of the Y. M. C. A. will give the explanatory talk. The entertainment will be free, and it is hoped by the committee in charge that all citizens interested in playground work will attend.

THE SCHOOL CHILDREN. A special meeting of the school board has been called for this afternoon at three o'clock to consider the matter of the assembling of the school children of the city to take part in the programme in connection with the reception of the vice royal party. As the idea seems to meet with very general approval, a committee will be formed to see that the children are together, more especially as it is the wish of their Royal Highnesses to see them.

HE LIKES ST. JOHN. Lee Parvin, advance agent of the Red Rose Company, left this morning for Portland, Me., to make arrangements for the visit of his company. Mr. Parvin while here was greatly impressed with the city and the improvements that are going on, both in the city and at East St. John, and predicts a bright future for St. John. Another feature that he enjoyed was the hand concerts which were given in the King Square while he was here.

BORING FOR COAL. W. F. Mullins of Montreal has Alexander Kent and a gang of men with a boring outfit testing for coal between Mount Middleton and Berwick in Sussex county. The Sussex Record says: "The present indications are that an exhaustive investigation of the whole area will be made. At the point where the first hole is being sunk there is a marked outcrop of shale, and finally, as well as other indications of coal."

SIGNALLERS' INSPECTION. The annual inspection of No. 8 Signalling Section was conducted last evening in the Lower Cove Armory by Capt. T. E. Powers, commander of signalling in Eastern Canada, assisted by Lieut. Allan Leavitt, of the local corps. The inspection was entirely successful and the members of the section acquitted themselves once again in a creditable manner, going through the message work and taking the test groups in clever style and ably maintaining their title of champion signallers of the Dominion. In their last inspection they led Canada by 200 points over all competitors, but their showing in this inspection will not be known for some time.

BAY SHORE AROUSED BY BRUTAL DRIVERS

Residents of Bay Shore and vicinity are loud in condemnation of what they assert is brutal treatment by the drivers of teams hauling sand and gravel from the beach. The statement is made that carts are overloaded and the whip is used unsparringly on the unfortunate horses. It is said by eye witnesses that the manner in which the all too willing animals are used is inhuman in the extreme.

BUTTER PRICES WILL. Sussex Record—Butter will be away up in price this winter, according to present indications. Only a few months ago a New York paper predicted 70 cent butter for that city in the winter of 1913. Prices at present are ruling so high and stocks are being so readily taken care of on an active market, that little or no butter is finding its way into cold storage. This means a big decrease in the usual supply of butter and the market will have to draw from regular morning winter supplies for a large part of the stock necessary to meet the demand. That means that butter is likely to climb to prices this year, much above those to which New Brunswickers have been used. Of course the farmer will benefit, but he is not getting any too much for his produce at that.

A GIFTED SINGER. The Falmouth, Mass., Enterprise, has this to say of a recent song recital by a Woodstock young lady: "Miss Helene Wise, a young and promising singer of New Brunswick has been giving song recitals in the hotels on the nights. Her voice is a large and clear soprano, very pleasing in quality, and her distinct enunciation adds much to the pleasure of hearing her sing. Miss Wise's work was much appreciated and every number called forth well deserved applause."

SACKVILLE LADIES' COLLEGE. Tribune:—Prospects are exceedingly bright for a large enrollment at the Ladies' College next term. IN HIS 83rd YEAR. Fredericton Mail—Alexander Gibson, Sr., quietly celebrated his ninetieth birthday at his home in Marysville on August 1st. His friends and admirers throughout the province will be glad to learn that he continues to enjoy excellent health.

NEW RABBI ARRIVES

Rev. Herman Benmosche Will Assume Charge of Hazen Avenue Congregation

The weekly Sabbath service in the Hazen Avenue Synagogue this evening will be of special interest to the members of the Hebrew congregation owing to the fact that the newly appointed rabbi, Rev. Herman Benmosche, late minister of the Kjabal Kodesh Adath Israel congregation in Nashville, Tenn., will officiate for the first time in his pastorate here. The rabbi, with his wife and family, arrived in the city last evening and will take up his duties as successor to Rabbi B. L. Amdur, who has given up his clerical office, at once. The new incumbent is a man of experience, who comes to the local synagogue with excellent references, and after a notable career in other places where he has been. He has a striking personality and is a Times reporter with whom he conversed this morning, he said that he was looking forward to his stay in St. John with pleasure, hoping to please his congregation, and to attend to the duties of his office with the blessing of God. He was a plain man, he said, and believed in his name being written without any qualifying adjectives.

Rabbi Benmosche was born in Cairo, Egypt, but his life for the most part has been spent elsewhere. When fourteen years of age he was studying at Riga, Russia, and at sixteen was at Konigsberg. Then he went to London and studied there, as well as in Germany. He became rabbi of the Federation of Synagogues and held other important positions as well as occupying the charge of the Synagogue in Nashville, Tenn. The rabbi is a son, Dr. Moses Benmosche, who is practicing as a physician in South Africa. Besides having met with pronounced success in his ministerial calling, Rabbi Benmosche is the author of a Grand Opera, based on the Biblical story of Esther, and entitled "Hadassah the Faithful Jewess." He has written both the libretto and the music, and in this connection it might be mentioned that he is a graduate of the London Conservatory of Music. He has received many flattering and complimentary references to his opera which he expects to see produced some day at the New York Metropolitan Opera House. The new rabbi is being cordially welcomed by the members of the Jewish congregation in St. John and he is expected to make a marked success of his pastorate here.

Prominent Railway Man Inspects Port and Facilities—Sees Great Opportunities

A distinguished visitor to the city today was Henry Tattall, third vice-president of the Pennsylvania Railroad, in charge of the Pennsylvania Department of offices in Philadelphia, who is accompanied by his wife and their son, H. Chase Tattall, on a trip of about three weeks' duration through the maritime provinces. Mr. Tattall and family are travelling in his private car, No. 20, and came to this city this morning on his return from Nova Scotia, where they have been for the past few days. They will leave this evening in their car, attached to the Boston express, for Moncton, N. B., to spend the balance of August. Mr. Tattall said that while he had not yet had very much time to look about St. John, he thought there were remarkably fine opportunities for development at this port, both for railway and shipping trade. He had been about the harbor and was most favorably impressed with its appearance and possibilities, and he regretted very much that he had been unable to visit about Courtenay Bay. This was his first trip through this part of the country, and he had been delighted with it all through, the time having been spent very pleasantly and the scenery having been particularly appealing.

REAL ESTATE NEWS

G. W. Badgley, the well-known real estate man, accompanied by Mrs. Badgley, came in at noon today and is registered at the Boyce. Dunlop, a former resident of this city, but now of Oakland, California, who has been in the city some days, yesterday sold his half interest in the property in Charlotte street, occupied by Henderson & Hunt. The purchaser was his brother, George Dunlop, who owned the other half interest in the property.

The bride was given away by her father, Wm. McGorman. After a short time spent in Moncton, Mr. and Mrs. Adair will go to Sussex, where they will in future reside. Ross-Brooks.

At the home of the bride's sister, Mrs. Robert Douglas, 40 Adelaide street, on Wednesday evening, William Edward Ross was united in marriage to Miss Frances Laura Brooks. The marriage was performed by Rev. Dr. W. O. Raymond in the presence of only the most intimate friends owing to the late bereavement in the family.
