

THE MARKETS.

Revised Every Monday for the Weekly Sun.

COUNTRY MARKET.

There has not been much change in the country market for a week past. Pork appears to be a little easier and turkeys and geese are lower. Buckwheat meal is in larger supply and a little lower. With these few exceptions quotations are as before. The general supply is fully up to the demand, and very large receipts on any particular day would cause prices to weaken.

On Monday two schooners came in with smoked fish and two with dry fish. A cargo of sealine from Holmes' factory was also landed. The dry fish included a small lot of hake. Dry fish are easier and smoked fish and Sealbutter herring. Quoddy river herring are quoted. Stocks of fish generally are still in moderate compass and unless the large receipts of Newfoundland fish at Halifax affects this market, by turning more Nova Scotia fish this way, there is not likely to be a very sharp drop in prices, though increased receipts, which may be expected now, as the season is drawing to a close, may ease the market further.

Barbadoes molasses is held to higher, because of the scarcity noted previously in this paper. Granulated sugar is easier, if anything. The tea market is generally firm. A Poochoo letter of Sept. 28th says the first crop of Panay was not practically exhausted, while less desirable crops of second and third crops commanded full previous rates. A stiffening of prices was generally expected. Stocks of Congou were about 100,000 half chests, but it would be a difficult matter to buy a fourth of that quantity of a desirable quality. The whole market was very sensitive and it needed but a suspicion of a decrease in the estimated exports from India or Ceylon to bring a sharp advance all round.
