The Dominion, Ontario and Quebec, have given their decision on the most important point submitted to them—viz., the interest question award. The provincial claim for compound interest on bonds due them is disallowed and only simple interest at the rate of five per cent. per annum is allowed. The decision affects a sum of nearly three millions, or in other words the provinces would have been entitled to that amount had compound interest been allowed.

Sir John Thompson intends shortly to hold a series of meetings in Antigonish, at the conclusion of which he will accompany Sir Hibbert Tupper and address another series of meetings in Pictou and other Maritime counties. The government is always alive to the necessity of tariff reform, and at the proper juncture will show the people that they have their interests at heart." "When will the general elections be held?" "I think you know all about it yourself. They may come upon us like a thief in the night."

News has just reached us from a reliable source of a very important discovery of iron in the South Mountain, near Victoria, Annapolis Co. The veins are reported at from five to twenty-two feet thick, and the ore as assaying as high as 50 per cent. metallic iron, with less than one-sixth of one per cent. of phosphorus, and not three-tenths per cent. of sulphur, making a No. 1 Bessemer ore which is in great demand. All the assayers who have tested the ore, both in England and the States, agree that it is the best ore from the Dominion of Canada tested by them, and ascertained that a deposit running so high in metallic iron and so free from impurities is bound in the long run to prove of immense value. The samples sent for assay were all from the surface of the veins, and the ore when mixed from the solid bed will undoubtedly run still higher in metallic iron. The valuable deposit of iron is all held under leases by Mr. J. R. Hall, of Middleton.—Halifax Critic.

Deaths.

BOWLEN.—On June 19, Des. Simon Bowlen, age 63 years. His end was peace. He was a member of the Baptist church and was baptized by the late Rev. David Shaw.

TYNER.—On Oct. 2, Sister Joseph Tyner, aged 28 years. Sister Tyner was baptized by Rev. E. B. 1888, and was a daughter of the Baptist church and adorned her profession till death. Her end was peace. The church has lost a faithful sister. She leaves one son, May God comfort the family.

WEBBER.—At East Boston, October 9, Annie M., beloved wife of Lawson C. Webber, aged 30 years. She was a daughter of Jeremiah and Lucy E. Lemis of Pembroke, Hants Co., N. S. Her mind was not for a moment disturbed by fear of death. She felt confident that the blood of Christ had cleansed her from all unrighteousness, and she would be with Him to behold His glory.

COOK.—After only five days of suffering Deacon James Cook, died October 15, at his home, Oakfield, C. Co., N. B., aged 58 years. Our bereaved one has enjoyed good health for some years, but was much better during the last summer. He experienced religion and was baptized into the Rickland Baptist church, by the late Elder Outhouse, during a revival some 40 years since, where his membership remained until the organization of the Wakefield Baptist church, at which time he removed his membership and was appointed one of the elders of the latter church, which office he held until the Master called him up higher. Bro. Cook was a faithful Christian, an affectionate parent and a kind neighbor. He leaves five sons and four daughters, besides a large circle of relatives and friends who have preceded him to glory, to mourn their loss. He was a strong faith in Christ, so that he rejoiced in the prospect and hope of glory. May the God whom he rejected to serve be the portion and comfort of all his loved ones in the prayer of his pastor and sympathizer.

HARDY.—At Smith's Cove, Oct. 16th, Charles A. Hardy, aged 40 years. The deceased was a son of the late Deacon Benjamin Hardy. He leaves a widow, mother, two brothers, four sisters and a large circle of relatives and friends to mourn their loss. Our departed brother professed faith in Christ and was baptized by Rev. J. D. Skinner, June 1876, and united with the second Hillsburgh (Smith's Cove) Baptist church, of which he remained a consistent member till his death. He will be greatly missed, especially in the home circle. Upon his widowed mother the stroke has fallen heavily, and he leaves her child to part with her husband a little more than a year ago, and now the son upon whom she has leaned for support has been removed by death. May the consolation of the gospel sustain and comfort in this trying hour. His funeral took place on the 18th, and was largely attended. Rev. A. T. Dykeman, pastor of the Digby church, improved the occasion by a very solemn and impressive discourse, from Job 14: 10.

BURNS.—At Springfield, Kings Co., Oct. 22, Margaret, daughter of the late Hugh Burns, aged 65 years.

The chief characteristic of nineteenth century life is rapidity. If you are wise avoid hurry in eating—hurry in anything. If you have been unwise and have dyspepsia, use K. D. C., the King of cures.

Something About Lesson Helps for '94.

It is now become a recognized fact that the Helps published by the American Baptist Publishing Society are the best for Baptists, and for 1894 it is proposed to make them still better.

Think of the circulation for 1893, nearly 24,000,000 copies—an increase of more than a quarter of a million over the circulation of 1892.

The Baptist Teacher will contain, besides the International Lesson Helps to those who use the Senior or the Junior Studies in the inductive series, together with an outline of each lesson, with blackboard illustrations, and helps for the "supplemental lesson." "Two Years with Jesus," by Miss Dimock, and hints for the management of the primary class.

The "Inductive series" are Junior (for intermediate classes) and Senior (for advanced classes). The first course begins January, 1894, extending one year and a half, will be a chronological life of Christ. Prices: Junior, single copy 6 cts.; in clubs of five and up, 25 cts. per quarter, 10 cts. per year. "Senior" 10 cts.; in clubs of five and upwards 6 cts. per quarter, 24 cts. per year.

"Two Years with Jesus," is a pictorial lesson help for primary classes, edited by Miss J. E. Dimock. It will be published quarterly, about size of the Intermediate Quarterly, a distinct lesson from either International or Inductive series. It will be acceptable to those desiring a change.

The International Lesson, as found in the Graded, helps Baptist Teacher Senior, Advanced, Intermediate, Primary, Picture Lesson, Bible Lesson Monthly, Superintendent and Bible Lesson Pictures. All are on sale at prices as before, and are right up to the mark with material for student and teacher and scholar.

Pollock's Notes for 1894 now on sale. The Golden Texts are to be ready in a few weeks.

The question of the best system of study of the Bible in our Sunday-schools is attracting some discussion, and it is natural to look around for the best, and we have no hesitation in stating that the Bible for Home and Church is the best. If, however, any one desires, we can accommodate him with the Blacklee's graded helps. The lessons for 1894 are outlines of Old Testament History in four grades of Helps, viz.: Primary lessons and cards, child's quarterly, Intermediate, and Progressive. Single copies of any grade 40c.; for five or more to one address, 30c. a year.

A Teacher's Manual, published monthly, 50c. a copy; five or more, 40c. per year.

We hope every superintendent and teacher will send for our order blank, which contains full list and prices of these Lesson Helps, except the Blacklee's—full information with envelope to return your order for 1894.

In order to lighten our work up in the cash with your order every time. These are strictly cash, and please don't say, "Remit my former order." In doing so it takes time to send through a year's orders. It will simply delay the order, as we shall have to write you to specify what you want.

Don't leave your order until 1st of December—send it in as soon as possible, not later, if possible, than 20th November, when you can be sure to have the '94 Helps on time. Again, be sure and sign your name to your letters. Several orders are here now—no name, no place attached. Money order, draft payable to the undersigned, is surest and safest mode.

Finally, begin to consider this matter at once, and be first if you can with your order. No delay here, your order goes off by noon mail every day—sure. If any delay in receiving your goods, please remind us by postal within a reasonable time, when we will wake up Philadelphia.
